

**And just like that, another Wildcat tennis season is in the books.**

**The boys team qualified for the NM State Team Championships for the 15th consecutive year and placed second in district.**

**The girls team continued to improve and finished third in district.**

**This year had us playing tough schools in tournaments in El Paso, Midland Lee, Odessa Permian, Carlsbad, Roswell, and Albuquerque. It was the most aggressive schedule that I have ever had coaching but the kids rose to the occasion.**

**6 boys and 1 girl qualified for the New Mexico State Individual Championships. Yvette Peters made it to the State Quarterfinals.**

**The boys team made it to the State Semifinals and ended with a 16-4 record. Their only losses came from second place NMMI and champion Albuquerque Academy. (On the bright side, we were the last public school standing in the final 4.)**

**Senior Jace Crawford has played #1 singles and #1 doubles since his 8th grade year. He finishes high school with a career singles record of 124-26 and a 91-27 doubles record. A 215-53 total career record makes him the winningest tennis player in the history of Lovington High School.**

**Thank you for your support of Wildcat Tennis! Let's do it again next year.**
