

## STUDENT RESIDENCY

It is the policy of the Chandler Board of Education that the residence of any child for school purposes shall be the legal residence of the parents, guardian, or person having legal custody within the district as defined in 70 O.S. §1-113 (C). A child residing in the district who is entirely self-supporting shall be considered a resident of the school district if the child works and attends school in the school district. Questions concerning legal residence of children shall be determined pursuant to procedures utilized by the State Department of Education in accordance with 70 O.S. §1-113.

An adult who does not fall within the categories listed above, who holds legal residence in the district, and who has assumed permanent care and custody of the child may file an affidavit with the school district attesting that custody has been assumed. The affidavit must include the reasons for assuming custody. The residency officer shall consider the facts of each case and shall approve residency only if it is demonstrated that the custody arrangement is permanent and the adult contributes in a major degree to the support of the child.

The superintendent or designee may require the submission of evidence of residency in order to determine whether the student is eligible to attend the public schools or programs without payment of nonresident tuition. Such evidence may include, but is not necessarily limited to, the following:

1. Proof of payment of local personal income tax or ad valorem taxes;
2. Title to residential property in the district, or a valid unexpired lease agreement, or receipts for payment of rent on a district residence in which the applicant actually resides;
3. Proof of provisions of utilities;
4. A valid, unexpired motor vehicle operator's permit or motor vehicle registration;
5. Maintenance of voter registration;
6. Notarized affidavit verifying residency and that the affiant has assumed the permanent care and custody of the student. (The filing of a false affidavit shall be subject to punishment in accordance with 70 O.S. §1113(A)(1).)

### Homeless Students

In accordance with the Federal McKinney Homeless Assistance Act, homeless children shall have access to the same free and appropriate public education as provided to other children. The board shall make reasonable efforts to identify homeless children within the district, encourage their enrollment, and eliminate existing barriers to their education that may exist in district policies or practices. No child or youth shall be discriminated against in this school district because of homelessness.

Children are deemed to be homeless under the following conditions:

1. A child who is lacking a fixed regular and adequate nighttime residence and who has a primary nighttime residence that is a publicly or privately operated shelter designed to provide temporary living accommodations, a temporary residence prior to institutionalization, or a place not designed or ordinarily used as a regular sleeping accommodation for human beings.

11. School-age unwed mothers or expectant mothers who are living in homes for unwed mothers because they have no other available living accommodations.

The district administration shall attempt to remove existing barriers to school attendance by homeless children:

1. Enrollment requirements that may constitute a barrier to the education of the homeless child or youth may be waived at the discretion of the superintendent. If the district is unable to determine the student's grade level due to missing or incomplete records, the district shall administer tests or utilize other reasonable means to determine the appropriate grade level for the child.
2. Fees and charges that may present a barrier to the enrollment or transfer of a homeless child or youth may be waived at the discretion of the superintendent.
3. Customary transportation policies and regulations may be waived at the discretion of the superintendent.
4. Official school records policies and regulations may be waived at the discretion of the superintendent.
5. The district shall make a reasonable effort to locate immunization records from information available or shall arrange for students to receive immunizations through health agencies and at district expense if no other recourse is available. Immunizations may, however, be waived for homeless youth only in accordance with provisions of board policy on immunizations. (See policy FFAB.)
6. Other barriers to school attendance by homeless youth may be waived at the discretion of the superintendent.

The district will provide to each homeless child such school services that are comparable to services offered to other students in the district and that are determined to be in the child's best interest. Such services will include:

2. Special education, Title I, and limited English proficiency programs for which they are eligible;
