

STUDENT DRIVING REGULATIONS

All vehicles parked on the school grounds must display a valid parking permit. Permits are issued by the High School office. Students must report the make, model, and tag number of the car for which a permit is requested. The first level parking lot is reserved for seniors. Other students must park in the gymnasium parking lot. The lower level parking area is for buses only. Student parking will not be permitted in these areas during the school day: (1) lower level parking lot and (2) areas around the Technology and Agriculture buildings.

Students must park in a designated parking area.

To protect students attending the Junior/Senior High School, the following “Student Driving Regulations” have been adopted.

1. All students who drive vehicles to school must drive in a safe manner both on and off the campus.
2. All students who drive vehicles to school will park the vehicle and not move the vehicle during school hours without permission. Athletes may drive their vehicles to the football field complex for seventh hour.
3. Due to the danger posed to elementary school students, no high school student may park a vehicle in the Park Road Elementary School parking lot.
4. In addition to the above rules, other driving offenses leading to disciplinary action are:
 - a. Driving in excess of 20 Miles Per Hour on the high school campus.
 - b. Driving a vehicle in a reckless manner.
 - c. Riding on the outside of a vehicle or in the back of a pick-up truck.
 - d. Parking in an unauthorized area.
 - e. Not exiting a vehicle upon parking.

By applying for a parking permit, students waive all rights to privacy regarding their vehicle. Students will unlock their car when asked by the administration. Failure to do so may result in forced entry or towing away at the student’s expense. The school or school personnel will not be held responsible for any damages resulting from the enforcement of this policy.
