## **Safe School/Healthy & Fit Advisory Committee**

**October 9, 2017**

### **Healdton High School**

#### **Minutes**

- 1) **Roll call: (10 am) Justin Kana, Angie Munholland, Monnie Harvey, Jordan Jones, Josh Harvey, and Bayli Thompson**
- 2) **Items discussed: All members felt that the high school campus needs to be more secured. The doors remained propped open once someone leaves the building allowing for easy outside access from all sides. Everyone agreed that an automated entrance system either by using key cards or being buzzed in would be ideal to enhance the security of the campus. It might also require self-locking and closing doors to be installed.**

**Mrs Munholland and Mrs Harvey said the Intruder Drill went off without a hitch and that all classrooms were locked down in a timely fashion.**

**Mrs. Jones inquired about a non-athletic P. E. class being offered during the school day. All members were in agreement that this would be beneficial for our students health.**

**Mr. Kana suggested an afternoon snack be offered. He will inquire about this program at some local schools that are currently offering this option.**

**Josh Harvey suggested selling cheaper water throughout the day so students could stay hydrated. All members agreed that students do not intake an adequate amount of water on a daily basis and that this would be a great idea to follow up on.**
