Absences, Attendance & Tardies

Student absences fall into two categories: excused and unexcused. Unexcused absences are tracked to determine truancy and for notification purposes to the county district attorney for future legal action pursuant to 70 O.S. 10-106 (section 232). Parents must notify the school by phone on the day of each absence and state the reason for the absence so the determination of excused or unexcused can be made and recorded.

It is requested that the parent call the Attendance Office between 8:00 a.m. and 9:30 a.m. the day of the absence to report an absence. High School Attendance Office telephone number is 682-0371 Ext. 221 and a voice mail can be left for the clerk if she is not at her phone.

Attendance Policy

The Okay Board of Education believes that in order for students to realize their fullest potential form educational efforts, they should attend all classes if possible. Students will receive grades based on demonstrated knowledge and skills learned.

No single factor does more to aid a student's progress in school than regular attendance.

The Oklahoma School Law demands that a student must attend school until the age of eighteen (18) years old or until completion of high school. It is the responsibility of every student to make the most of the opportunities that have been provided. This can be accomplished only by regular attendance. A student will be marked absent according to the ruling of the State Department of Education which states: "Any student must be counted absent if not actually present for classes although the cause of the absence is beyond his control. A student being absent for a school activity is not included in the above statement." Students with ten (10) or more absences, in each class, in a semester, will not be eligible to receive passing grades in that class. Students who are more than 20 minutes late will be counted absent.

1. Students with excessive absences in a semester, as listed above, (exemptions noted below) will receive a penalized grade as listed below. In order to pass a class in which excessive absences are a factor, a student must earn an unreduced grade of 70% or better. The grade will then be penalized as listed. A grade of A will be reduced to 62%. A grade of B will be reduced to a 61%. A grade of C will be reduced to 60%. The rationale of this policy is to allow a student to earn credit so that they can promote and eventually graduate, but also be penalized for excessive absences. A period of attendance probation may be granted if the principal feels that it will be helpful regarding improving attendance.

2. The following absence types will be exempt from and not counted toward the nine (9) absence per semester limit:

School related absences - absences due to participation in school-sanctioned field trips, athletic competitions, club or organization events. Participation in vocational competitions and events by students attending Indian Capital Technology Center are also exempt. Other types of exempt absences are listed below.

Extended Illness – The student must have proper documentation from a doctor on file with the office within three days of their return to school.

- a. Extenuating Circumstances beyond the control of the student, such as a death or serious illness in the immediate family or a family tragedy, (fire, flood, tornado, etc.) Again proper documentation must be on file in the office within three days of the students return to school. The parents and students, pending the principal's decision, may request a review of the student's attendance by a faculty committee.

A student who has not attended classes 90% of the time for the semester becomes ineligible for extracurricular activities. Exceptions may only be made by the principal for the reasons a and b as stated above.

School Activity/Unrecorded Absence

The total number of student activity absences allowed from any one class shall be 10. Once a student has had 10 activity absences from any one-class period, the student must be reported to the principal's office for consideration upon further absences. The student will be allowed to make up any work missed while participating in school activities.

Types of Absences

Verified: Parental contact has been made and the school determines the absence as an appropriate reason for missing school. The parent should call the attendance office the day of the absence.

School Activity: An official absence requested and sanctioned by the school, such as field trips and academic/athletic events. The maximum number of unrecorded absences is ten for any one-class period of each school year.

Truant: Parent unable to verify the reason for a student's absence or his whereabouts.

- Leaving school without receiving permission from the school and checking out in the attendance office.
 - Student not in assigned area established by the schedule or other directives.
 - Absences unexcused by the principal
 - Failure to report to detention.
-

Truancy

The schedule and other directives establish assigned areas for students during the school day. Failure to report to the assigned area or being located out of it constitutes truancy. No student may leave the premises after arriving at school unless he/she has first received permission from the school office and signed out in the attendance office. For truancy, a student will receive half credit for the first offense and a zero for each succeeding offense in each class missed. The parent will be contacted and the principal will administer disciplinary action. In repeated cases of truancy, the Wagoner County District Attorney will be notified for prosecution of compulsory attendance laws.

The student and/or the parent may provide pertinent information relative to an absence, but the school will always make the final decision as to whether an absence is verified, unexcused or truant. Buses are provided for transportation and car trouble does not excuse a student from daily attendance.

Leaving During the Day

Students checking out during the school day must submit a verification note from a doctor, dentist, etc. upon returning to school later in the day or the next school day to receive a verified absence. Failure to submit a verification note will result in an unexcused absence.

Students may not be checked out except by a parent or legal guardian. If a student needs to be checked out without the parent present, the student will need a note and the school will need to talk to a parent or guardian. Students are not permitted to leave school to provide transportation for other students.

Tardy Policy

Punctuality is important. The responsibility for punctuality rests with the student. Class disruptions due to tardiness are to be discouraged. Punctuality to assigned duties is among the most important things a student can learn and should be learned as early as possible. Good time management skills will serve students regardless of their direction following graduation. Student tardiness to any class is not permitted. If a student is not in their seat when the bell rings, the student is tardy.

Therefore the following procedure will be followed:

- Students reporting to school after missing the first 10 minutes or more of the day must sign in at the office. There is only one attendance office for 7-12. Students will report to class after checking in.
- Failure to report to class when tardy will be considered truancy

- Classroom teachers will treat tardiness as a discipline issue, not an attendance issue and will use the following guide to determine course of action.
-

First and Second Unexcused Tardy

These will be handled by the classroom teacher as the situation warrants

Third Tardy

1. On the third unexcused tardy to a class during a semester, a referral slip will be sent to the office for disciplinary action by the principal.

All Subsequent Tardies

The student will be referred to the office for the development of a behavior management plan. The plan may include, but is not limited to, suspension from school, restriction of extracurricular activities, parental shadowing, etc.

The following is a list of Excused and Unexcused Tardies. The list is certainly not “all inclusive” and the teacher must use his/her best judgment when assessing a tardy.

Unexcused Tardy

Vending machines wouldn't work
Talking to my friends
Sleeping in
Alarm didn't go off
Inappropriate dress
Someone didn't wake me up
Car failure
Missed bus
Someone didn't pick me up
Seen on/ near school property
Went to locker
Went home to get class work/ homework

Excused Tardy

Sickness (with verification)
Hazardous weather (Official Notice)
School bus arrived late to school
Medical, dental or legal (official documentation)

Cell Phones and Electronic Devices

Cell phones and other electronic devices should be used appropriately while at school or while students are involved with any school function. Inappropriate use would include but is not limited to the use of cell phones and other electronic devices in a manner that hurts or impedes teaching or learning. Other inappropriate use would include the use of cell phones and other

electronic devices at any time that a teacher, coach, sponsor, or other faculty or staff member prohibits use. In general, students are allowed to use cell phones and other electronic devices before and after school, at lunch, during passing periods, and during other non-instructional times if allowed by the teacher or staff member who is responsible for the particular class or group to whom permission has been granted. In the event of an emergency, parents are advised to contact the office. This way, if the student is in a class where cell phones are not allowed, the student can still get the message in a timely manner. Teachers may create a classroom rule prohibiting electronic devices. Violations of these types of rules will be treated as a violation of a classroom rule. This policy is NOT a license for students to use electronic devices whenever, wherever, or however they choose.

While it is our intention to stick to the above listed policy, the policy and guidelines listed below and labeled as “Plan B” may be enacted at the discretion of a school administrator if he or she deems necessary.

Cell Phone and Electronic Device Policy, “Plan B”

Cell phones and other electronic devices are not to be used on school grounds from 8:05 a.m. until 3:40 p.m. Students may turn on devices at 3:40, which is the last ten minutes of the last period of the day. This is designed to allow the delivery of messages sent by parents that students may need to see before the end of the day, such as changes in transportation arrangements or other after school issues. Students are encouraged to not have electronic devices in their possession during the aforementioned time frame. If an electronic device is in the possession of a student during the aforementioned hours, it must be powered off. This does not mean silent, vibrate, or airplane mode, this means powered off.

Students are subject to disciplinary action if:

1. They are in possession of, or otherwise responsible for, an electronic device in violation of this policy;
2. They are in possession of, or otherwise responsible for, an electronic device and a teacher or staff member believes in good faith, with professional integrity, and with good intention that the device is or was powered on or that the device was used.

Disciplinary action will be applied as follows:

1st Offense:

- A. Confiscate phone/device, and send the device to the principal’s office

- B. Assign a lunch detention
- C. Notify parent/legal guardian via pink slip or written note sent with the student
- D. Phone will be given back to student at the end of the day

2nd Offense:

- A. Confiscate phone/device, and send the device to the principal's office
- B. Assign an hour of after school detention
- C. Notify parent/legal guardian via pink slip or written note sent with the student
- D. Phone will be given back to student at the end of the day

3rd Offense:

- A. Confiscate phone/device, and send the device to the principal's office
- B. Assign two hours of after school detention
- C. Notify parent/legal guardian via pink slip or written note sent with the student
- D. Phone will be given back to student at the end of the day

4th Offense:

- A. Confiscate phone/device, and send the device to the principal's office
- B. Assign a day of ISS
- C. Notify parent/legal guardian
- D. Phone must be picked up by a parent/legal guardian

5th Offense:

- A. Confiscate phone/device, and send the device to the principal's office
- B. Assign one or more days of ISS
- C. Notify parent/legal guardian
- D. Phone must be picked up by a parent/legal guardian

Subsequent offenses:

- A. Confiscate phone/device, and send the device to the principal's office
- B. Issue further ISS, OSS, or other punishment as deemed appropriate
- C. Notify parents
- D. Phone must be picked up by a parent/legal guardian

*This policy does not apply to school-owned electronic devices that students have been authorized to use.

**The policy does not apply to electronic devices that cannot send or received data or other information. The regulation of these devices is left to the discretion of individual teachers.

***Parents and guardians may leave emergency messages for students with office staff.

Class Level Placement Policy

Okay High School will use the following guidelines for students currently enrolled at Okay and for those students moving into the district from a school with a seven hour schedule. Adjustments will be made for students with other schedules.

For academic purposes, students are classified based on the number of credits they have earned. Please see below.

Classification	Credits Earned
Freshman	0-5.5
Sophomore	6-11.5
Junior	12-17.5
Senior	18+

Class Officers

Class Officers will be elected each school year. Class officers must have a “C+” average for the semester preceding the election.

Concurrent Enrollment

Policy on Concurrent Enrollment of High School Seniors and Juniors in College

Juniors and seniors enrolled in an accredited Oklahoma High School may be admitted provisionally to a college or university in the Oklahoma State system to higher education as a special student. The current requirements as set forth by the State Board of Regents must be met for a student to qualify for con-current enrollment.

The State Board of Regents has amended the Concurrent Enrollment policy to include high school juniors, but requires them to show an increased level of academic ability in order to qualify for concurrent enrollment.

1. The student must meet the published criteria of the State Regents (other than high school graduation) for admission to the institution for which application is being made.
2. The student must be enrolled in less than a full time load (fewer than five credit courses per semester) at the high school and verified by the principal.
3. The student must be eligible to complete requirements for graduation from high school no later than the spring of the senior year, as attested by the high school principal.
4. Grades for a concurrent class will be calculated as an honors class: A = 5.00, B = 4.00, C = 3.00, D = 2.00

Concurrent Enrollment

A high school student admitted under the provisions set forth above may enroll in a combined number of high school and college courses per semester not to exceed a full time college workload of high school credit hours. For purposes of calculating workload, one high school credit course shall be equivalent to three semester credit hours of college work. The collegiate portion of the student's workload must be taken on the campus of the admitting college or university under regular faculty members of the institution.

An exceptional student who is otherwise eligible under this policy may enroll in a maximum of six (6) semester credit hours during a summer session or term at a college or university of the state system following the end of his/her junior year of high school, without the necessity of being concurrently enrolled in high school classes during the summer term. In order to be eligible for concurrent enrollment a student must rank among the upper one-half of the Okay High School graduating class scholastically or as defined by the Oklahoma Board of Regents after annual review.

STUDENTS ARE REQUIRED TO PAY FOR FEES AND BOOKS

Conduct and Discipline

About Your Behavior

Student Conduct

Bullying: Bullying behaviors include not only physical aggression, but also, emotional harassment and social alienation. Each of the three major types of bullying—physical, emotional, and social can be split into verbal and nonverbal behaviors. Bullying can and will be reported, as an act of violence, to local authorities.

Disruptive Behavior: Okay High School has a strict policy prohibiting conduct or language that disrupts the operations of the classroom or school activities. Failure to comply with the directives of a staff member may lead to suspension from school. Students must adhere to a code of good behavior not only for their own benefit, but for the benefit of others as well.

Violence: Acts of violence while at school or school activities are unacceptable and will normally result in suspension. The Okay Police Department may be called on any act of violence directed towards Okay High School students and staff.

Cheating: Cheating is defined as dishonestly giving or receiving aid or information on any test or assignment. For cheating, the student will receive a zero on the assignment. A repeated offense may result in no credit being awarded for the course. Cheating does affect a student's admission to honor organizations or positions of trust.

Language: Profane, vulgar and racist language is unacceptable at Okay High School.

Smoking and Use of Tobacco Products: Students are not to smoke or use tobacco products in the school building, on campus, or inside the area of the parking lot. Tobacco products are not to be in the student's possession on campus or during school activities.

Drugs/Alcohol: Due to the devastating impact that the use by students of alcohol and illegal chemical substances can have on the safety of students and employees and their adverse affect on a student's ability to perform as a student, the board will not tolerate students who use, possess, distribute, purchase, sell or are under the influence (as defined in the policy) of alcohol or illegal chemical substances while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event.

Violations of this policy will subject the student to disciplinary action, including out-of-school suspension from school.

Any student who is subject to an out-of-school suspension for the violation of this policy shall be afforded appropriate due process procedures provided by the school district's policy on student behavior.

The observing faculty member through the high school principal will report any student, whose behavior creates a reasonable individualized suspicion that the student is under the influence of alcohol or an illegal chemical substance, to the superintendent. The parent or guardian of the student in question will be notified of the behavior and the resulting suspicion.

Weapons and Dangerous Instruments: A student will not knowingly possess, handle or transmit any object that can reasonably be considered a weapon or be a reasonable facsimile of one:

1. On the school grounds.

2. Off the school grounds at any school sponsored activity, function or event.

This rule does not apply to normal school supplies like pencils or compasses, but does apply to any firearm, knife, and any explosives including firecrackers, ammunition or any other dangerous objects of no reasonable use to the pupil at school.

Examples of the above would include, but are not limited to:

Guns and rifles	Slingshots
Clubs	Knives
Bow and arrows	BB or pellet guns
Martial arts weapons	

Violations of the above rule may result in suspension from the district for one calendar year.

Alternative Discipline Schedule

This schedule shall be interpreted by the principal and their designees in a manner that is deemed just, given the circumstances of the individual case. Additionally, administrators shall have the authority to administer other disciplinary action as needed.

Nothing in this discipline schedule shall be construed to deny the student's right to a fair and orderly hearing, appeals, counsel and due process in cases, which may end in suspension or expulsion.

The following schedule is intended to provide students with a definition of the limits of acceptable behavior and to equip school administration for their disciplinary responsibilities.

Infractions Resulting In Discipline

The following are examples of infractions that will result in discipline by the school personnel. Level I is the least serious, followed by Level II, and finally Level III, which will result in the most severe disciplinary action. These are listed below:

Level I

- Unexcused tardiness

- Disruption of class or assembly
- Cafeteria disruption
- Littering

Level II

- Cutting class
- Leaving school without permission
- Truancy

- Using tobacco

Level III

- Financial Restitution
- Involve law enforcement
- Refer to social agencies
- Probationary period
- Suspension (short-term)
- Suspension (long term)
- Other disciplinary action deemed appropriate under the circumstance

In School Suspension

The purpose of In-School suspension is to provide students with an alternative to short term out-of school suspension. The principal may impose In-School Suspension (ISS) when available. Both the student and the parents shall be notified of the placement, the reasons for placement and the right to appeal the placement to the principal.

A student may be assigned to ISS for only certain classes or may be assigned for the entire school day. The classroom teacher shall prepare written lesson assignments for each student given ISS during their class and shall furnish any necessary special materials. The lesson assignments shall be such that will require written responses and will be turned in daily to the teacher. The student shall receive full credit for work completed and shall not be recorded absent.

The following rules shall apply to ISS placement:

- The length of placement shall be a minimum period determined by the principal. The period of placement may be extended at the discretion of the principal. Such extension shall be made only after careful evaluation of the student's behavior.
- Students who are assigned to ISS shall bring necessary books and materials for each class period spend in ISS.
- Students who are assigned to ISS will not come into the main building before or after school during the time that they are assigned the special placement. **They must report directly to ISS when they arrive at school.**
- Tardies and unexcused absences to ISS may result in additional disciplinary action at the discretion of the principal.

Alternative School

A student may be assigned to alternative school rather than ISS, suspension or expulsion. The period of placement to alternative school is dependent upon the level of the infraction, the circumstances of the infraction, and other mitigating factors. Students assigned to alternative school must travel to and from alternative school on transportation provided by the alternative school. Transportation by privately owned vehicles by family or friends is not allowed.

Suspension

Suspension is used as a form of discipline when the infraction by the student is considered serious or is a repeated infraction of school rules.

“Suspension” means an exclusion from school privileges. All suspensions may be appealed through established channels.

It is the policy of the Okay Board of Education that the superintendent or designee may suspend a student for:

- Acts of immorality
- Violations of policy and regulations
- Possession of an intoxicating beverage, including but not limited to low-point beer
- Possession of missing or stolen property, if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities
- Possession of a dangerous weapon or a controlled dangerous substance (Uniform Controlled Dangerous Substances Act)
- Possession of a weapon shall result in out-of-school suspension of not less than one calendar year
- Any act which disrupts the academic atmosphere of the school, endangers or threatens fellow students, teachers, or officials or damages property
- Adjudication as a delinquent for a violent or non-violent offense

Before a student is suspended out of school, the principal shall consider and apply, if appropriate, alternate in-school suspension options, such as placement in an alternate school setting, reassignment to another classroom, or in-school suspension.

Except in cases involving possession of a weapon such as a knife or firearm while on any public school property or while in any school bus or other vehicle used by a public school for transportation of students and teachers, no out-of-school suspension shall extend beyond the current semester and succeeding semester.

Counseling

About Your Grades and Classes

Academic Counseling

The counselor will assist students with vocational and academic counseling as the need arises. Students should call upon the counselor or any staff member when they feel assistance is needed.

For the student who does not plan to go to college, much can be done to prepare for a vocation or profession while in high school.

Current information about colleges and universities can be found in the counselor's office and in the library. A student interested in a scholarship or grant should consult the counselor in his sophomore and junior years. ACT packets, scholarship information, etc. are available in the library or counselor's office. The Counseling office is located in the high school.

Crosswalk

School Crossing

All students that drive to school should be aware of the school crossings located at the corner of the cafeteria and the elementary school. Extreme caution should be used when driving past these areas after having come to a complete stop.

Damage to School Property

All Okay School property belongs to the patrons of Okay School District and is intended to be used by and for the benefit of all students; therefore, when a student intentionally destroys or damages school property, they are personally liable financially and subject to discipline of school authorities. This would include vandalism and tagging.

Dances

At various times throughout the school year, school sponsored dances are held. Rules regarding dress, guests, and conduct are set by the sponsoring organizations and approved by the administration.

Dances will be sponsored by adults in the school system. Absolutely NO ALCOHOLIC BEVERAGES are allowed. Once a student enters a school sponsored dance and then leaves, he/she cannot return to the event. All guests, other than Okay High School Juniors and seniors, attending the prom must have approved permission slips from the principal.

Dress Code

Generally, students should regard neatness and cleanliness in grooming and clothing as important. Dress or grooming which is in any way disruptive to the operation of the school will not be permitted. Appearance that interrupts classes or draws attention to the student will not be allowed.

The principal, in conjunction with sponsors, coaches, or other persons in charge of extracurricular activities, may regulate dress and grooming of students who participate in a particular activity if the principal reasonably believes that the student’s dress or grooming creates a hazard, or may prevent, interfere with, or adversely affect the purpose, direction, or effort required for the activity to achieve its goals.

If a student’s dress or grooming is objectionable under the above provisions, the principal shall require the student to make appropriate corrections before returning to class. If the student declines to make the corrections to clothing, the principal shall notify the student’s parents or legal guardians and request that they provide appropriate clothing immediately. If the parent or legal guardian is unable to comply or refuses, the principal shall take appropriate disciplinary action.

Students who violate provisions of the dress code and who refuse to correct the violation may be disciplined by removal or exclusion from extracurricular activities or suspended from school.

Clothing Not Generally Accepted:

- Muscle shirt
- Sleeveless shirts with less than two and one half inch wide shoulder bands.
- See-through clothing shall be prohibited if the absence of the see-through clothing in question would cause the student to otherwise be in violation of this dress code.

- Tops that do not touch lower garment at all times (even when the arms are raised) thus exposing the bare midriff skin.
- Tops with excessively low necklines.
- Clothing, jewelry, patches and belt buckle advertising drugs, alcohol, or tobacco, or anything illegal or immoral, and those items with obscene, lewd, violent, dehumanizing, gang-related, or suggestive slogans and/or graphics.
- Indoor wearing of sunglasses except for days designated by the building administrator.
- Shorts, dresses or skirts must be longer than two inches beyond the tip of the longest finger with arms fully extended against the leg (no tears, cuts or holes in garments above this point are acceptable).
- Wallet and external chains.
- Exposed under clothing.
- Any clothing or attire deemed inappropriate by administration.
- “Sagging” or low riding pants on boys or girls will not be allowed.
- Inappropriate clothing may be covered by clothing provided through the office and rope may be used to tie pants at the appropriate level.

Shoes: Proper footwear must be worn at all times.

Eligibility Statement & Extracurricular Activities

Participation in extracurricular activities at Okay High School is a privilege, not a right. Therefore, it is assumed that students’ behavior during those times that they are representing Okay High School in extracurricular activities (out of class field trips, performances, games, contest, and etc.) is to be above reproach.

It should be understood by all students participating in extracurricular activities that their eligibility to participate is governed by this policy statement, all regular student discipline codes, as well as the rules and regulations of the OSSAA. It is therefore possible for two students found guilty of the same inappropriate behavior to have different punishments. That is, the extracurricular student may receive the same punishment as the regular student in addition to being declared ineligible to participate in extracurricular activities.

Okay Independent School District is not responsible for injuries sustained by students while participating in extra-curricular activities including sports. Parents are encouraged to purchase accident insurance, which is made available to them in the enrollment packet.

Participation in extracurricular activities shall be subject to the following minimum restrictions unless waived by administration for unavoidable cause.

- A student must have passed six subjects he/she was enrolled in during the last semester.
- During a semester, the student must be passing in all subjects he/she is enrolled in.
- A student must attend five classes the day of an activity in order to participate.
- A student who has not attended classes 90 percent of the time for the semester becomes ineligible.

- Students, who are not eligible, will spend a portion of their practice time in studying to become eligible. They also will not be allowed to miss any class time for games or travel.
- A student, whose conduct or character at school is under discipline or whose conduct or character outside the school is such as to reflect discredit upon the school, shall be ineligible until reinstated by the principal.

In general, the following guidelines will be followed:

- A student who is disqualified during a game or contest because of flagrant or unsportsmanlike conduct will forfeit the right to participate in at least one contest.
- Repeated offenses of this type will result in the forfeiture of a least two contests and may cause the student to lose his/her eligibility for the remainder of the school year.
- Other issues not specifically addressed in this statement will be addressed by the building principal.

Eligibility Requirements for Organizational Queens, Attendants and Escorts

- Students who have served as a queen are not permitted to serve as a queen or attendant again during the same school year.
- Students who have served as an attendant may serve as a queen that year.
- Students who have served as attendants may not serve as attendant again that year.
- In order to be eligible for selection, a student must have a 2.0 GPA with no F's at the end of the preceding quarter grading period.
- Administration may waive the above in extreme circumstances.

End-of-Instruction (E.O.I.) Exams

Beginning with students entering the ninth grade in 2008-2009 school year, students will be required to show proficiency Algebra I, English II, and two of the other five EOI tests in order to graduate from high school. The other five include Algebra II, Biology I, English III, Geometry and United States History.

Enrollment Schedule

Any student entering class must have a schedule, which has been obtained from the counselor's office. Students who attended Okay Public School the previous year should have indicated choices for enrollment in the spring during pre-enrollment conferences.

Students who are new to the district must meet with the counselor to choose classes and formally enroll. Schedule changes may be made with office approval within the first two weeks of a semester if a valid educational reason exists. This may be accomplished only in the office. Emergency changes may be made within the third week with the permission of the principal. A schedule change is not necessary at the end of the first semester course if the student was enrolled at the beginning of the year in a new second semester course.

Extracurricular Activities

Student Organizations

There are several student organizations at Okay High School. Some administrative, some academic, and some recreational, but all are orientated about services to the school and the welfare of the student body. It is our hope that each student may find a place in some organization that will help him to become a better citizen and at the same time help our school and community to be a better place for our young people.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Parents are encouraged to carefully read the following bus rules. These rules have been formulated to provide the safest and most efficient transportation of pupils to and from school and/or related activities. Any violation of these rules will be reported by the bus driver to the respective principal for appropriate action, which may include the temporary or permanent withdrawal of riding privileges, depending upon the seriousness of the violation and all other circumstances of each individual case.

5. The driver is in full charge of the bus and students. Students must obey the driver promptly and without dispute.
6. Derogatory remarks to the driver and other students about discipline or transportation will not be tolerated.
7. Unnecessary conversation with the driver is prohibited. No student may engage in conversation with the driver while the bus is in motion except in emergencies or unusual situations.
8. Outside the ordinary conversation, reasonable student conduct is to be observed on the bus at all times.
9. Students must refrain from using obscene or profane speech and indecent gestures, actions or conduct.
10. No student may use, or have in their possession any alcoholic beverage, dangerous drug or controlled substance as defined by the Oklahoma Statutes while riding the bus.

If a student wishes to ride another bus for a specific reason, he must bring a note from his parents to the principal stating why he wishes to ride another bus. If the principal signs it, then it must be presented to the driver so the student can ride if room is available.
16. The emergency door will be used only in emergencies.

Valedictorian and Salutatorian

Valedictorian and Salutatorian

The Valedictorian and Salutatorian will be selected on the basis of overall grade point average for the first seven semesters of high school.

The Valedictorian shall be the person with the highest overall grade point average. The Salutatorian shall be the person with the second highest overall grade point average. In the event of a tie, co-valedictorians or co-salutatorians will be named. A student must have attended Okay High for one (1) school year prior to the senior year to be eligible for these awards. This policy fully applies to the class of 2019 and later. This policy applies to the classes of 2016, 2017, and 2018, but there is a stipulation. Because students in the three aforementioned classes started their high school careers where the valedictorian and salutatorian were chosen based on 7.5 semesters of their senior year, the possibility of co-valedictorians and co-salutatorians exists under the following circumstance. The valedictorian and salutatorian will be chosen after the completion of 7 semesters of high school, as stated above. However, in the event that a student would have qualified to be the valedictorian or salutatorian after 7.5 semesters, the student who would have been named

valedictorian or salutatorian after 7.5 semesters will be named co-valedictorians and co-salutatorian with the valedictorians and/or salutatorian who was selected after 7 semesters.

Visitors

All adult visitors must sign in and out in the office and receive a visitor's pass. Children of students (babies) should not be at school during school hours. Other non-student visitors are not permitted at any time during the school day including lunch.

Withdrawals or Transcripts

When it is necessary for a student to withdraw or transfer from Okay, the following steps must be taken:

1. Report to the registrar immediately upon arrival to school in the morning so that the withdrawal records may be completed as the student goes to each class. The registrar will give you withdrawal records, which you will carry to each of your teachers for a letter grade to date. This sheet must be filled out in full. This sheet does not complete withdrawal from classes. After the withdrawal records have been completed, return the sheet to the registrar who will give final approval.
2. Have all school books in hand to clear with each teacher and be prepared to pay any library fines, etc., which are owed.
