

July 26, 2020

Dear Parents,

As we have worked throughout the summer to develop plans for the start of this school year, our goals have been to create opportunities that would meet the individual needs of our students, keep our students healthy and safe, and maintain a warm and inviting environment for our students. As changes are inevitable for this school year, I appreciate your patience and trust. No doubt this will be an unusual year as the circumstances are fluid and sometimes seem to change rapidly. Our staff and faculty continue to work hard to prepare our building, our procedures, our curriculum, and our resources so that we can best serve our students and parents.

Please see the following reopening procedures for the 2020-21 school year. If you have any questions, please don't hesitate to call the office. I am happy to talk via the phone or to schedule an in-person meeting.

Sincerely,

Alicia Ebers
