Dear Parents:

The Public Education Grant (PEG) Program, authorized under Texas Education Code, Chapter 29, Subchapter G, Paragraph 29.201-29.205 identifies campuses at which 50 percent or more of the students did not pass a portion of the STAAR test in any of the two preceding three years or were rated Improvement Required in 2017 under the statewide accountability system. The Texas Education Code requires that each year districts notify parents of students on these campuses.

Morgan School is an identified campus.

Under the state's provisions, you are eligible to make application to attend a campus in another school district for the 2018-2019 school year. A school district chosen by a student's parent under this statute is entitled to accept or reject the application for the student to attend school in their district.

The Morgan School has no control over the decisions of other school districts regarding transfer requests, but we will provide any required information to assist you in that process if requested. Our school has taken steps to improve student learning, and together we did meet accountability standards in the 2016-17 school year, however our performance in 2015-2016 required improvement. We hope to improve that level of performance in the coming year.

For additional information, contact John Bryant at the school. Thank you for your attention in this matter.

Sincerely,

John Bryant, Interim Superintendent
