Parents are strongly encouraged to use our school website for accessing an abundance of information. Our Taylor Elementary homepage posts things such as important dates, slide shows of recent school events, and past issues of "Coach Frizzell's Corner." From this site parents can also access each teacher's homepage by clicking on the grade level then selecting the teacher. Teachers are required to post weekly assignments, contact info, class schedules, and conference times to their sites. Please look here first for make-up work or for ways to help your child with their classwork.

We also want to remind parents about the Home Access Center (HAC) by which you can view a daily summary of your student's attendance, schedule, and classwork, along with interim progress, report card, and discipline. Information for accessing the HAC system are located on the right tool bar of the elementary homepage. Please contact the school office with questions regarding any of these services.

NAMES ON COATS AND LUNCHBOXES

Beginning Monday, Dec. 3rd TES will require all student coats, jackets, and lunchboxes to have the student's name on them. Teachers will start putting names on any of the above items found lacking this identification on Monday.
