Hello Pine Bluff School District Parents,

It is with great honor and enthusiasm that the Pine Bluff School District's Freedom Schools program will be extended into the school year. This means continued social and academic growth for your child(ren). The summer Freedom Schools Initiative in Pine Bluff was a huge success with participating scholars developing socially, academically, and personally. Data shows that scholars improved in their reading abilities, self-confidence, and attitudes towards academics.

Freedom Schools after school, similar to the summer program, will engage scholars in academics, fun social activities, trips, and mentorship. Scholars will receive homework and academic support daily, dinner and an afternoon snack, and mentorship from local college students.

Freedom School after school will be located at First Ward and will operate throughout the school year beginning Monday October 2, 2017. The program is open to all Pine Bluff School District scholars grades 1 - 12.
