

ACT Test Prep Class

Want to increase your ACT score? Apply for more scholarships? Improve your chances for admission at your college of choice? Then this class is for you....**Don't miss this opportunity!**

WHEN: Mondays, Apr. 2 and Apr. 9
6:25 pm to 9:00 pm

WHERE: Andover High School

WHY: This workshop includes practical and relevant information on how to increase your ACT score. It shows you how to control the test and not let it control you! Because the ACT is predictable, it is highly susceptible to test-smart strategies. The workshop covers what will be on the test and how to master test-taking techniques.

This class is not a practice test!

Learn general ideas about the ACT as a whole and the individual tests:

- **English** - Learn what ACT test-writers are looking for and how to approach different types of questions.
- **Math** - Learn what problem-solving skills and math skills you need.
- **Reading** - Learn your best method for doing well on ACT reading.
- **Science** - Learn common question types and what's really required to do well.

COST: \$55 per student (Make checks payable to Andover High School)

For more information see your counselor. Pre-payment is necessary.

Class size is limited. A minimum number of students is required for the class to be offered. So register early!

Return form below to **MaryInn, Andover High School Main Office, 1744 N. Andover Rd., Andover KS 67002.**

Deadline: Monday, Mar. 26 or until class fills.

About the program – Carolyn Devane has been teaching ACT classes and helping thousands of students improve their scores since 1999. Here's what students are saying:

"I'm so glad I took this course. The strategies I learned in the class helped me to use my time during the test more efficiently. My overall score improved by 5 points with my science category showing an 11 point increase! It's definitely worth your time."
---Anthony, Junction City High School

"I've taken the ACT three times now. The first time I just jumped into it without practice and got a 25. Then I tried studying on my own and got a 26. After taking your class I got a 29, and I seriously can't thank you enough. Getting those results made my day, and now I feel like I can go to school where I wanted because so many more scholarships are available. Anyways, I just wanted you to know how much of a difference the class made, and I already told my sister she should take it for sure when the time comes."
--Caroline, Manhattan High School

"I relied on the strategies taught in this prep class to raise my score because I didn't have a lot of time to study the material that would be on the test. My composite score raised 3 points and my science score raised 8 points alone. I now have the ACT score that I need to receive a much larger scholarship. Carolyn is the real MVP!"
-- Hannah, Salina South High School

"Without these strategies on taking the ACT, I would not have picked up the additional 5 points I needed to be eligible for the NCAA Clearinghouse and Division I football. I had taken the ACT two times and was just about to give up when my high school counselor suggested I go to her class."
--Taylor, Wamego High School

"The ACT class isn't necessarily to teach students how to master the material, but you're given shockingly easy test-taking tips that really make a difference on your test score. Trust me. The few hours of instruction are absolutely worth it!"
--Lindsey, Manhattan High School

"I have to admit that at first I was skeptical. But after a few minutes, I knew it would be worth it. I improved my English score by 10 points and my reading by 6 the next time I took the test. From start to finish, I improved my Composite score by 7 points, going from a 23 to a 30!"
----Joe, Manhattan High School

"I went from a 28 to a 32 after the class! This class takes the intimidation factor away from the ACT."
----Ellie, Manhattan High School
