

Jaguar Summer Tennis - 2021

These small group lessons are designed to get beginning players, both boys and girls, some individual attention and regular repetition throughout the summer. They are also helpful for middle school and high school players to sharpen their skills in the off-season to better prepare for the upcoming season. Three times a week, players will get a mixture of fundamental drills and competitive contests, while having some fun along the way. All groups/lessons will be held at the USD 385 Tennis Complex (just south of Jaguar Stadium and southeast of Andover Central High School (603 E. Central)).
