A Message from Supt. Hau

I want to thank everyone who supported the district and worked to make sure the community had information about each proposition. The passage of these bond propositions demonstrates the community's support for the children of Duncan. It is uplifting to see this community come through in a positive way to meet the educational needs for students. The people of Duncan want great opportunities for their children and strong support for teachers and staff. They have shown a faith in the district to make excellence happen everyday. Speaking on behalf of the district and the school board, we are grateful. We take the responsibility of this bond investment seriously and we will continue to make student safety and innovative learning a priority. Our next steps will be to use these funds to purchase safer buses for student transport, update-to-date technology for students and teachers, and security systems for safer campuses.

-Melonie Hau, Superintendent

Word of the Week: honesty

It means truthfulness.
