

Discipline in the Secondary Classroom

***** Limited to the first 30 participants to register for each session!! *****

We have chosen to use DSC in place of COMP for Secondary Teachers because DSC is specifically designed for teachers that teach in secondary settings.

Discipline in the secondary classroom is a positive approach to behavior management. This workshop is designed to build capacity among teachers by providing tools and techniques that are classroom-tested. A classroom management plan will be developed for participants to implement with students that would have a positive benefit on student behavior and motivation. This workshop is designed for teachers that teach students in secondary settings.

Time: 9:00—3:00

Dates Offered:

Sept. 25-26, 2017	Session # 146515
Oct. 23-24, 2017	Session # 146518
