

**MALTA SCHOOL
PRE-KINDERGARTEN AND KINDERGARTEN REGISTRATION**

Malta School will register Pre-K3, Pre-K4 and Kindergarten students for the 2019-2020 school year on March 7 & 8, 2019 between 9:00 a.m. and 2:30 p.m. To be eligible to attend Kindergarten, all children must be 5 years of age on or before September 1, 2019. All children must have a notarized birth certificate before they can be registered. A notarized birth certificate is available from the County Clerk's office at the courthouse in the county of the birth. Birth certificates issued by the hospital will not be accepted. In addition to a birth certificate, bring a copy of your child's immunization records and Social Security card. If your child is already attending the Malta Independent School District, he or she will not need to pre-register.

Pre-Kindergarten registration for students that qualify for the program will also be conducted. Parents will need to follow the same instructions as those for Kindergarten registration---official birth certificate, immunization record, and Social Security card.

Transfer applications will be accepted at this time. All transfers must be in by May 1, 2019. There will be no tuition charged for out-of-district transfers. If interested in transferring a student to Malta ISD, call 903-667-2950.

Please feel free to contact Malta School at 667-2950 if you have any questions.
