

Warren ISD Mobile Hotspot Checkout Policy

Any mobile hotspots checked out from Warren ISD by families remain property of Warren ISD and are expected to be returned by the end of the school year. If these devices are not returned they are subject to discontinuation of service and/or device appropriation. These devices will be expected to be returned sooner if the Technology Department deems it necessary.

Individuals who sign the Mobile Hotspot checkout sheet are responsible for the care and possible payment of said devices. This includes but is not limited to broken, lost, or stolen devices. Broken devices will be required to be returned to the Warren ISD Technology Office within a period of 5 business days after it is reported that the device is broken. Broken, lost, and stolen devices will be replaced by Warren ISD only at their discretion. This means that these devices may or may not be replaced, and replacement will be considered on a case by case basis. In all cases, broken, lost, or stolen devices will require payment in full before being replaced by Warren ISD.

Removal of the Warren ISD property tag from mobile hotspots is prohibited and could result in reappropriation of the device(s).

Content Filtering on Mobile Hotspots

These devices are issued for school use only, and because of this they are heavily restricted and will be explicitly filtered out. This includes but is not limited to services used by video gaming systems, streaming platforms, and social media.
