EPS is rolling out a new online program that will make it easier to pay for student lunch accounts. The system, known as **InTouch**, will provide a more convenient method for parents to take care of payments for their students without the worry of money being misplaced between home and school. In order to use **InTouch**, parents must have an account set up in PowerSchool Parent Portal, the same system that allows parents to view their child's attendance, grades and more.

Parents with an existing PowerSchool Portal account should visit: ok-enid.intouchrecepting.com and follow the directions on the screen. Parents without access to PowerSchool Portal are encouraged to stop by their child's school with a photo ID to receive their Parent Portal username and password. They will then have access to their child's grades and attendance, as well as the **InTouch** payment system.
