

# BRAVES TEAM AGENDA

**Date:** Nov. 13, 2014

**Facilitator:** Cindy Wann

**Recorder:** Carla Nelson

**Timekeeper:** Bethany Miller

## 1. **Successes:**

Miller - first essay on Docs - students don't really know how to "type" using spaces, periods, etc. Should be easier once 4th graders come to 5th.

## 2. **Data / Assessment / Disaggregation:**

(Common Assessments, MAPS)

Mrs. Wann's Homeroom reading session wasn't closed. That may be why we can't find that group. Extended time is not recommended due to PARCC having extended time for everyone. Discussed different types of testing to replace AR. Teachers still searching for ways to gather data.

## 2. **Instruction / Pacing:**

(Alignment, Share Resources)

Curriculum Map -

Science - needs revised

Math - We are following, but we are not where we need to be.

Social Studies - Not developed

Literacy - created, then not.

## 3. **Assessment / Development / Scoring:**

(Common Assessments)

Covered with #2

## 4. **Intervention / RTI:**

(Tier II, Tier III)

Meeting set for next week. We wrote goals with Debbie.

Could we possibly meet with Debbie and the parents when creating the goals.

Work on schedule - look at when teachers have a planning time.

## 5. **Professional Learning:**

(Articles, Book Study, etc.)

## 6. **Other Business:**
