Services

**Texas Department of State
Health Services**

Hello, My Name is Damaris Chavez (Public Health Preventative specialist) from Bastrop Department of State Health Services. Our office in Bastrop covers Bastrop, Lee and Fayette county. I just wanted to introduce myself and to let you know that we have an office in La Grange Tx where we see clients once a month for Immunizations and other services. With covid-19 the demand for our services was not there so we are reaching out to our community to reintroduce ourselves and our services.

Our clinic in La Grange is open the 2nd Wednesday of each month by appointment only, if you are referring clients to us if you would please have them call the our Bastrop clinic @ 512-321-3982 to schedule an appointment at least 1 day ahead because we do not store vaccines there and only bring what is needed. You may also refer them to the Bastrop clinic if they need our services at other times.

I provided a calendar and a pamphlet of dates and services we offer.

If you have any questions, please don't hesitate to reach out via email @ Damaris.Chavez@dshs.texas.gov or phone 512-321-3982.

- The address to our La Grange location is:

275 Ellinger Rd

La Grange TX 78945

Thank You,

Damaris Chavez
