

**USD 470 Arkansas City Public School  
Student Network Access Agreement**

*In a 21st century world, it has become necessary for students to learn how to use technology in order to maximize their learning opportunities. Therefore, students who wish to use a school-owned device for networks, internet, e-mail, and associated services, shall submit a signed Student Access Contract to the student's school.*

I understand and will abide by the stated terms and conditions. I further acknowledge that my use of computers, networks, internet, and e-mail provided by USD 470 are subject to and shall be conducted in compliance with School Board policies and all applicable laws and regulations. By signing below, I certify I have read and reviewed the School Board Acceptable Use of Technology Policy.

I understand if I have personal electronic devices available while at school that the Acceptable Use Policy is applicable to my personal electronic devices and that USD 470 is not responsible for any loss or damage or support to my personal devices.

I understand there is to be no expectation of privacy on the network and that authorized USD 470 employees may monitor electronic communication.

**2. By Students**

A. USD 470 supports the use of advanced technology and increased access to learning opportunities by all students. The goal of the district in providing access to computers, computer networks, internet resources, e-mail, and other online services for students is to promote educational excellence by facilitating resource sharing and communications and to improve access to information. The use of district computers, networks, the internet, or other online services accessed through district resources shall be in support of education and research consistent with the district's educational objectives. Limited, appropriate personal use of computer technology resources is permitted if it does not interfere with student responsibilities or the educational process.

B. Students are responsible for good behavior and appropriate communication on computers, networks, the internet, personal electronic devices, or other online services just as they are in a classroom or on school property. General school rules for behavior and communication apply. Use of district computer technology must comply with the district and school rules for appropriate use as outlined in board policies school handbooks, the rules established by other network or computing resources used, and local, state, and federal statutes. Use for commercial product advertisement or political lobbying is also prohibited.

Revised July 2010

**For the Parents of Students Under 18:**

As the parent or guardian of this student, I have read and I understand the terms and conditions of the Student Network Access Agreement and the Acceptable Use Policy. I recognize that it is impossible to restrict access to all inappropriate materials. I accept full responsibility for my child’s compliance and hereby give my permission for my child to use the district network and school devices. I also understand the student may be allowed an e-mail account and it should only be used for educational purposes.
