Organizational Chart

General Ledger Maintenance (†)

General ledger entries shall be made on an on-going basis as needed. End-of-the-month and end-of-the-year entries shall be made on a timely basis. End-of-the-year entries shall be made prior to the audit field work by the district's external audit firm.

The Business Manager shall be responsible for monitoring the general ledger maintenance on a monthly basis. The general ledger shall be reviewed for accuracy in areas such as, but not limited to the following:

- Cash and investment balances equal the respective bank or investment monthly statements
- Aged purchase orders, receivables and payables
- Verify that fund accounts are in balance
- Verify that bank account reconciling items are posted to the general ledger

Journal Entries (†)

All general ledger entries shall be in balance (debits shall equal credits). A Journal Voucher form shall be used to document all entries. All journal entries shall be numbered for tracking purposes. An automated numbering system shall be utilized by the district. Both the Business Manager and the Payroll Director shall be authorized to create journal entries and both the Business Manager and Payroll Director shall be authorized to post journal entries to the general ledger.

All payroll general journals shall be interfaced to the finance system by the payroll department. The Payroll Director shall verify that the pre-post payroll general journals and the finance payroll general journals in balance and posted accurately to the general ledger. All payroll general journals must be posted to the finance general ledger no later than the actual payday.

All changes to the general ledger should be posted within the same month as the changes occurred, if possible, or as soon as practicable. At times, prior to closing the month, additional reconciling journal entries may be posted in accordance with the creation and approval guidelines.

School Board Reports and a detailed Check Payments report for the previous month should be generated and forwarded to the Superintendent for board review.

All reports should be filed for audit purposes including, but not limited to, the following:

A system of checks and balance shall be in place to ensure that all postings to the general ledger result in the desired outcome. For example, a cash receipt journal shall be validated to ensure that the total amount deposit matches the posted cash receipt journal.

Ongoing, daily data entry validation greatly increases the accuracy of the fund accounting and facilitates reconciliation of the monthly bank statements with the general ledger.

General Ledger Transaction (Minimum Data Required) (†)

All general ledger financial transactions shall require the following minimum data:

- **Date of the general ledger transaction** – the date of the transaction should be within the posting month and within the posting fiscal year.
- **Account code(s)** – the proper account code shall be used for all transactions
- **Journal [transaction] number** – the number assigned should be manually or automatically assigned in a sequential order. A log of the journal numbers utilized each fiscal year should be available in a manual or automated form. All general ledger payroll transactions shall require the following minimum data:

- **Check date** – the system-generated general ledger transaction should reflect the check date as part of the journal entry number
- **Account code(s)** – the account codes charged for all payroll disbursements, including liability accounts, should exist in the general ledger prior to posting the system-generated journal entries. [Note: During the payroll posting process, the payroll department must print and verify that all payroll accounts exist on the general ledger. If accounts do not exist on the general ledger, the accounts should be verified for accuracy and if accurate, the list of account codes must be submitted to the Business Manager to ensure that the appropriate accounts are created in the finance system.

End of Month Process

Within 10 days after the end of the month, all end-of-month reports should be printed and verified and the end-of-month process completed. There are four (4) steps in completing the End-of-Month process as listed below:

- Reconciliation of all bank accounts
- EOM Activities (Report Generation & Verification)
- Run EOM Reports (archival purposes)
- Process the EOM Close

The Finance EOM Checklist and Procedures should be utilized to ensure that all critical steps are followed during the EOM Process.

End of Fiscal Year Process

All changes to the general ledger should be posted within the same month as the changes occurred, if possible, or as soon as practicable. Within 30 days after the fiscal year, all end-of-fiscal year reports should be printed and verified for audit purposes.

All end-of-fiscal year adjustments should be posted to the general ledger prior to closing out the fiscal year. Prior to the start of the audit field work, the following adjustments shall be posted to the general ledger:

If expenditures exceed revenue, the amount due from the granting agency should be posted to the revenue account and accounts receivable accounts.

- **Reconcile the final amended budget** – verify that all budget amendments (at the functional level) have been posted to the general ledger. The sum of the original budget, plus all budget amendments during the fiscal year shall equal the final amended budget.
- **Reconcile and post all accounts receivables** – all funds due from other sources, as of August 31st, shall be posted to the general ledger. The district has established an August 20th cut-off for prior year accounts payables, unless the accounts payable expense exceeds \$10,000 and is known prior to the end of the audit field work. [Note. The accounts payable account (2110) in the prior fiscal year and the next fiscal year must be in balance.]

For awards made on or after 12/26/2014, 2 CFR Part 200, which includes the substance formerly in parts 74 and 80, applies. For state-administered federal grants, TEA shall notify the district on the Notice of Grant Award (NOGA) of the applicable administrative regulations. The State and Federal Grants Addendum contains guidance for pre-December 26, 2014 federal grant awards. The date of the award to the district (or pass-through entity such as TEA) shall determine the appropriate regulations.

When the district's local policies and/or procedures conflict with the federal regulations, the district shall comply with the more restrictive regulations. The most restrictive regulations/policies shall be adhered to in all aspects of federal and state grants management.

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on December 26, 2014, includes five (5) subparts under 2 CFR Part 200 of EDGAR as noted below:

State and Federal Programs/Grants

State Programs – Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current percentages and program intent code (PIC) are noted below by program:

▪ Special Education	55%	PIC 23
▪ Career & Technical Education	55%	PIC 22
▪ State Compensatory Education (SCE)	55%	PIC 28-30
▪ Bilingual/ESL Education	55%	PIC 25
▪ College, Career and Military Readiness	100%	PIC 38
▪ Dyslexia	100%	PIC 37

During the budget process, the estimated state allotment shall be calculated by the Superintendent and Business Manager based on prior year special program enrollment and average daily attendance (ADA). The estimated state allotment by special program shall be provided to the Campus Administrator. These special program administrators shall be responsible for the programmatic compliance in their respective program(s). Programmatic compliance shall include, but not limited to: program eligibility, program design, instructional delivery, entry/exit procedures, professional development and certification.

The finance department, specifically the, Business Manager, shall be responsible for the financial compliance in each of these special programs. Financial compliance shall include, but not limited to: budgeting development & monitoring, approval of expenditures, financial reporting to TEA and financial audit.

As part of the budget adoption process, the Business Manager shall verify that the proposed budget includes appropriations in each of the special programs of *no less* than the percentages stated above as required direct expenditures for each special program. [Note. If the District does not budget to compliance, it may not spend to compliance.]

Throughout the fiscal year and at the end of the fiscal year, the Business Manager, shall calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the Business Manager shall ensure that the deficit amount is budgeted in the following fiscal year.

Mandated program intent codes (as defined in the FASRG) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

Basic Services – PIC 1X

- PIC 11 Basic Educational Services

Enhanced Services – PIC 2X – 3X

- PIC 21 Gifted & Talented
- PIC 22 Career & Technical Education
- PIC 23 Special Education
- PIC 25 Bilingual and ESL Education
- PIC 28 Disciplinary Alternative Education Program – Basic
- PIC 30 Compensatory Education
- PIC 34 Pre-K
- PIC 36 Early Education Allotment
- PIC 37 Dyslexia
- PIC 38 College, Career and Military Readiness

If the “intent” of particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefit from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

- What the employee will do? Determines the function code
- Where the employee will work? Determines the organization code (may be split)
- Who will benefit? Determines the population served or PIC (may be split)

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a partial or full time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program PIC.

By June, each school year, the Campus Principals shall report the anticipated staff assignments based on the campus Master Schedule code to the Human Resources/Payroll/PEIMS Director. The Human Resources/Payroll Director shall determine which PIC code should be assigned to each staff member. The population served codes (**PEIMS Population Served Code Table 030 in Exhibit Section**) and program intent codes are correlated below:

- Population Served Code 04 PIC 21 Gifted & Talented

- Population Served Code 05 PIC 22 Career & Technical Education
- Population Served Code 06 PIC 23 Special Education
- Population Served Code 02 PIC 25 Bilingual Education
- Population Served Code 07 PIC 25 ESL Education
- Population Served Code 03 PIC 28 Disciplinary Alternative Education Program – Basic
- Population Served Code 03 PIC 30 Compensatory Education
- To Be Determined PIC 36 Early Education Allotment
- To Be Determined PIC 37 Dyslexia
- To Be Determined PIC 38 College, Career and Military Readiness

The Human Resources/Payroll Director shall verify the staff assignment and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by the Business Manager. [Note. The minimum spend percentages shall be verified again to ensure that the budgeted amount by PIC still meets or exceeds the minimum spend percentage by special program.]

Campus Principals shall be responsible to ensure that any changes to staff assignments are submitted to the Human Resources/Payroll Director within five (5) days of the assignment change.

Gifted and Talented

All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. Specifically, each school district shall identify students eligible for the CTE program and serve the students in an appropriate manner to obtain state funds. The Master Schedule shall serve as the official document to support that each student was enrolled in a CTE course. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the

snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The PEIMS Director has the responsibility to certify the CTE special program data prior to submission to TEA.

Special Education (SPED)

The Special Education program must adhere to state law, Texas Education Code (TEC) 29.003 and TEC 42.151. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student's Individualized Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The PEIMS Director has the responsibility to certify the Special Education program data prior to submission to TEA.

Compensatory Education (SCE)

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 42152. Chapter 29 addresses the programmatic guidelines related to eligibility, "at risk" identification, and program services. Chapter 42 addresses the funding formula and allowable costs. The SCE program is funded based on the highest six (6) months of free and reduced lunch eligibility students in the prior school year. The Director of Child Nutrition shall provide the monthly counts of free and reduced lunch eligibility to the finance department, Business Manager, on a monthly basis for the purposes of estimating SCE funds in the next fiscal year.

Specifically, each school district shall identify students eligible for the Compensatory Education program and serve the students in an appropriate manner to obtain state funds. There are thirteen (13) at risk indicators in state law. The Counselor at each campus shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 9. The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds. According to TEA, annually within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission 2 (typically late July), the District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through

the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. The District's submission dates shall be as noted below to ensure compliance with this critical requirement.

- **Campus Principals shall submit their CIPs to Business Manager by the last week of the school year.**
- **Superintendent or designee shall submit the DIP to the Business Manager by last week of the school year.**
- **The Business Manager shall submit the previous year's DIP and CIPs through TEASE by January 31st.**

Financial guidelines related to supplement not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student case counts, local identification criteria and allowable costs are described in Module 9 State Compensatory Education.

Bilingual and ESL

The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 42.153. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Bilingual or ESL program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission. See Procedures Manual for Translation of Documents Procedures.

The PEIMS Director has the responsibility to certify the Bilingual and ESL special program data prior to submission to TEA.

Early Education Allotment

Funds allocated must be used to fund programs and services designed to improve student performances in reading and mathematics in prekindergarten through third grade, including programs and services designed to assist the district in achieving the goals set in the district's early childhood literacy and mathematics proficiency plans adopted under TEC Section 11.185.

Dyslexia

For each student that a school district serves who has been identified as having dyslexia or a related disorder under TEC Section 48.103

College, Career, and Military Readiness (CCMR)

These funds must be used in grades 8 through 12 to improve college, career, and military readiness outcomes as described by TEC Section 48.110, Subscription (f).

Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed at: <http://www.ecfr.gov/cgi-bin/text-idx?SID=bce3e6e14adb00a7863cc39935f3e35e&node=sg2.1.200.a.sg0&rgn=div7>

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

General Provisions:

The District shall comply with all

1. The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The same conflict of interest questionnaire that is used for other district functions shall be utilized for compliance with this provision. The Local Government Officer Conflicts Disclosure Statement shall be completed by all district staff involved in federal grant awards: Superintendent, Business Manager, Human Resources/Payroll Director, and Technology Director. Conflicts of interest, if any are reported, shall be posted on the district’s website and reported to the granting agency. The Business Manager shall be responsible for overseeing and collecting the conflict of interest questionnaires.
2. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
3. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, the district shall report to the granting agency and pass-through entity, the extent of the fraud or violations. In addition, the District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund. The Superintendent shall be responsible for overseeing, reporting and documenting any fraud, abuse or waste of federal grant funds.

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

Employees Gifts and Favors

Policy DBD

Employees may not accept gifts or favors that could influence, or be construed to influence, the employee's discharge of assigned duties. The acceptance of a gift, favor, or service by an administrator or teacher that might reasonably tend to influence the selection of textbooks, electronic textbooks, instructional materials or technological equipment may result in prosecution of a Class B misdemeanor offense. This does not include staff development, teacher training, or instructional materials such as maps or worksheets that convey information to students or contribute to the learning process.

Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Superintendent.

Pre-Federal Award Requirements:

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be "low":

1. Timely submission of all required programmatic and financial reports
2. Complying with the federal grant award fiscal guidelines and allowable cost principles
3. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
4. Implementing grant management procedures and internal controls
5. Accurate and timely draw down of funds

If the District is determined to be a "high risk" district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a "low risk" entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

Grant Application Process

The district may be eligible to apply for "entitlement" or "competitive" federal grant funds.

Federal entitlement grant funds include, but are not limited to, Every Student Succeeds Act (ESSA), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The “maximum” and/or “final” entitlement awards for the district are posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index4.aspx?id=5040>. The Business Manager shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

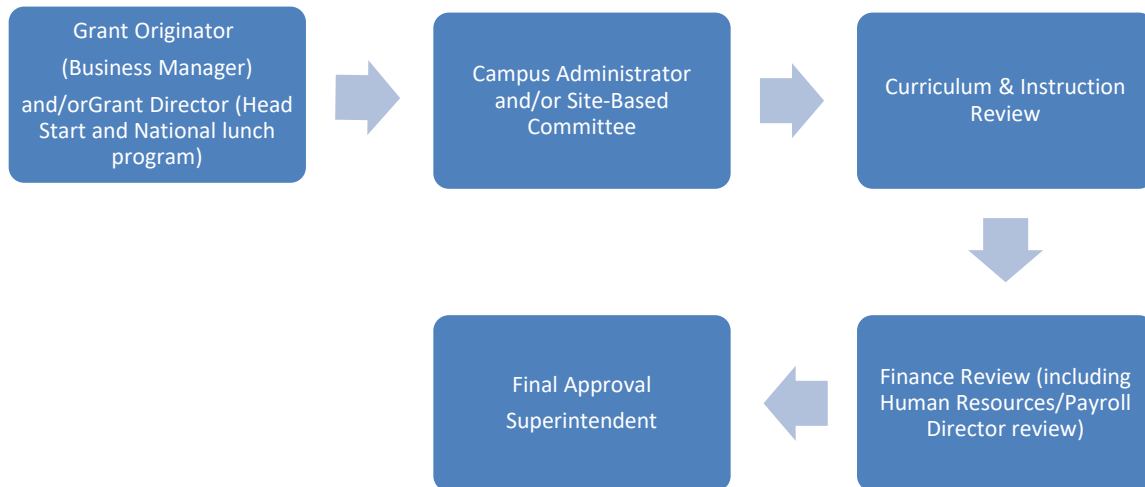

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index2.aspx?id=2147487872>. The Superintendent shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.

TEA’s Grant Opportunities webpage provides a wealth of information related to available grants such as: [<http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>]

- **General and Fiscal Guidelines**
- **Program Guidelines**
- **Program-Specific Provisions and Assurances**
- **General Provisions and Assurances**
- **Debarment and Suspension Certification**
- **Lobbying Certification**
- **Sample Application**
- **Deadlines and Due Dates for: grant application, amendments and grant reporting.**

All district staff involved in the management of federal grant awards shall be aware of these resources.

The school district’s grant application process for federal grants is illustrated below on a flowchart. As noted on the flowchart, all grant applications must be reviewed by the Business Manager, Campus Administrator, Curriculum Specialist and the Superintendent. In addition, all grant applications that will support student instruction at one or more campuses, must be developed in collaboration with the respective campus principal(s). Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

The final approval of a grant application shall be the Superintendent.

The Business Manager shall work to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district’s purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Business Manager shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- Student field trips
- Hosting conferences
- Out-of-state travel

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the current and future district’s local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application “stamp-in date”; however, expenditures that require TEA’s specific approval and not approved until the NOGA is issued.]

The Business Manager shall notify the Campus Administrators when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The Business Manager shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The Business Clerk shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The Business Manager shall monitor ongoing contracts to verify the contractor’s compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

Lobbying Certification

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The Superintendent and Business Manager shall jointly execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of Lobbying Activities], as applicable, if the district used funds other than federal grant funds for lobbying activities.

The Business Manager shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

Budgeting Grant Funds

The Business Manager shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

Federal grant funds shall be budgeted and available for use no later than 5 days after receipt of the NOGA or from the stamp-in date.

Budget amendments, if any, shall be approved by the Business Manager and Superintendent, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at:
http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx.

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over \$1 million.

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Business Manager shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Business Manager shall initiate the amendment. The approval process of a grant amendment shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The Business Manager shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

Standards for Financial and Program Management

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR).

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

Records Retention

The district has determined that it will not accept advanced payments for federal grant funds.

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a "draw-down" of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The Business Manager shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be recorded on

the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

Program Income

The district will not generate any program income as part of a federal grant award.

Period of performance (Obligations)

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Business Manager shall notify the appropriate departments, such as Campus Administrators of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in TEA's General and Fiscal Guidelines.

The Business Manager should monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities. The following timeline is a suggested general guide for spending thresholds for a grant period of 15 months. The optimal spending thresholds noted below may be adjusted based on programmatic needs. For example, if the federal grant will be used for summer activities such as summer school, a larger percentage of the grant may need to be withheld for those specific activities.

- Within 3 months of the grant start date 25%
- Within 6 months of the grant start date 50%
- Within 9 months of the grant start date 75%
- Within 12 months of the grant start date 100%

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary

 - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards
- Be authorized or not prohibited under State or local laws or regulations.
- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits.
- Be adequately documented.

Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.

All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method.] The Business Manager shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

A cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the district, must be certified by the district using the Certificate of Cost Allocation Plan or Certificate of Indirect Costs as set forth in Appendices III through VII, and Appendix IX. In addition, the costs must meet the general provisions for selected items of cost (2 CFR 200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for

allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. **The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the district's allowability rules.**

- 3) If the time and effort report reflects the same percentage, the report may be filed for audit purposes
- 4) If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and forward the reconciliation to the finance department for adjustment of the payroll charges on the general ledger.

The finance department shall prepare a journal entry to reclassify the expenditures as noted on the reconciliation of the time and effort report(s). According to federal regulations, the final amount charged to each grant award must be accurate, allowable and properly allocated. The finance department shall post all variances greater than 0% to the general ledger; otherwise, the variances shall be posted prior to the final expenditure report. Preparing Expenditure Reports & Draw Down of Funds

902.41 Draw-down of Grant Funds

The district shall on at least a monthly basis, or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger.

NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if

any. In addition, the district may not draw down more cash than necessary to meet 3 days' cash needs if the district has opted to operate under the cash advancement program guidelines.

If the district has opted to operate under a cash reimbursement program guidelines, the district shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.

At no time shall the district draw-down any “advanced” cash payments, unless specifically allowed by the granting agency.

The draw-down of grant funds from the granting agency shall be initiated by the finance department, Business Manager. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. If the district has funds available for draw-down, a detailed general ledger should be generated by the Business Manager.

If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.

The Business Manager review shall consist of the following:

- 1) A review of the detailed general ledger for any unusual charges or reclassification of expenditures
- 2) A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
- 3) Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]

The Business Manager, shall prepare the paper or electronic draw-down request. The amount of the receivable shall be recorded on the general ledger and a copy of all supporting documentation such as the detailed general ledger, approval from the Business Manager, and other supporting documentation shall be filed for audit purposes. The Human Resource Director will post the entry to the general ledger. If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the finance department, Business Manager, shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The finance department, Business Manager, shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage. [NOTE: The NCLB draw down percentage is 20% per month and aggregates each month.]

The final draw-down of grant funds from the granting agency shall be made within the allowable timeframe. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period. The draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. [NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (CFR 200.415) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Business Manager, Human Resources/Payroll Director and Superintendent shall jointly certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final draw down deadline is missed, the Business Manager, shall contact the granting agency to determine if a process exists to request a filing deadline extension. [NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.]

The receivable from the granting agency shall be recorded in the general ledger. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to. [NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.]

Receipt of Grant Funds

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded reconciled by multiple individuals to ensure segregation of duties. [**Cooper ISD Procedure Manual in Exhibit Section.**]

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the event that the grant funds received do not match the recorded receivable, the finance department, Business Manager, shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Business Manager shall prepare the adjusting journal ledger entry. The entry shall be approved by the Superintendent and shall post the entry to the finance general ledger by the Business Manager.

District Options:

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

Tracking and Recording Receivables

On at least a monthly basis, the finance department, Business Manager, shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Business Manager shall prepare the journal ledger entry and once approved by the Superintendent will post the entry to the general ledger.

Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

Supplement, Not Supplant

The term —supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted

to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the Superintendent, Business Manager, Human Resources/Payroll Director, Technology Director and Campus Administrators. All those involved shall receive training and be aware of the supplement not supplant provisions.

The Business Manager shall review and approve all purchase orders (and non-purchase order payments). The Campus Administrators/Directors review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.
- 2) The grant funds will be used for specific grant activities included the grant application that are above and beyond the activities funded with local funds
- 3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [TEA Title I, Part Comparability of Services Guidance Handbook, 2013]

The Business Manager shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD). NOTE: If the district determines that it is exempt from the comparability requirements, the finance department shall note the exemption on the CAD and submit it to TEA. If the district is not exempt, the finance department shall complete and submit the Comparability Computation Form (CCF) to TEA by the mid-November annual deadline.

In completing the CAD and CCF, the finance department, Business Manager, shall follow the process outlined below [and illustrated on the workflow]

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
 - a. List all campuses in the CCF comparability testing
 - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
 - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
 - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
 - e. Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
 - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the finance department and campus administrators/ program directors shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate to until the district is in compliance with the comparability requirement.

Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [TEA Indirect Cost Handbook, 2014]

The district has received an Indirect Cost Rate extension through the pass-through entity (TEA) for a 4 year period, from 2016-2020. After the extension period, the district shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The Business Manager shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The finance department, Business Manager, shall prepare a general ledger entry for the indirect costs. The Business Manager shall post the entry to the finance general ledger once Superintendent approval is received.

Maintenance of Effort

The district shall comply with the Every Student Succeeds Act (ESSA) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

ESSA MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [\[TEA ESSA MOE Handbook\]](#)

The finance department, Business Manager, shall compute the MOE using the [TEA ESSA LEA MOE Determination Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with ESSA MOE will result in a reduction of ESSA funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the ESSA MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or “maintaining effort”), as described in the Methods of Determining Compliance section. [\[TEA IDEA-B MOE Guidance Handbook, 2014\]](#)

The finance department, Business Manager, shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

NOTE: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long term purchase of equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Business Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The finance department, Business Manager shall provide these amounts to the SSA Fiscal Agent upon request than to ensure that the most accurate amounts are reflected in the grant application. Changes

to these amounts, as they are known, by the finance department, Business Manager shall be submitted to the SSA Fiscal Agent, as appropriate.

Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. A master list of all activity, progress, evaluation, and expenditure reports shall be created to include the grant program, report due, responsible person(s), and due date. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

- 1) Programmatic reports such as activity, progress and evaluations – Campus Administrators
- 2) Expenditure reports such as interim, draw down and final expenditure reports – Finance department, Business Manager
- 3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – Finance department, Business Manager.
- 4) Highly Qualified Staff reports – Human Resources Director

Grant Monitoring and Accountability

The district shall ensure that all grant funds are consistently monitored throughout the grant period. The monitoring shall include, but not be limited to:

- Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
- Monitoring of grant expenditures are properly documented and meet all allowable costs
- Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
- Implement strategies to deter, mitigate and eliminate waste and fraud in the expenditure of grant funds

The Campus Administrators for each federal grant shall be responsible for the programmatic and evaluation compliance and the Business Manager shall be responsible for the financial compliance. A list of the Campus Administrators/Program Directors by federal grant is included in the Exhibit section.

The Campus Administrators/Program Directors shall monitor the timing of grant activities throughout the grant period, especially as they relate to the desired outcomes. The Business Manager shall monitor the timing of grant expenditures, especially as they relate to the period of availability of grant funds. If either the grant activities or grant expenditures reflect that the district will not accomplish the grant activities during the grant period, the Business Manager, Campus Administrators and Program Directors shall work collaboratively to develop an action plan to ensure that the federal grant goals are met. The oversight of grant activities and expenditures shall include, but not be limited to, the following:

- Cost overruns or high unit costs
- Construction projects – certification of project completeness (as evidenced by the AIA)
- Significant developments that may result in an inability to complete the grant activities

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district’s external auditors, granting agency or other oversight agency, as appropriate.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The finance, human resources and campus administrators shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent, or designee, shall approve the Corrective Action Plan and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors). Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance, but shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds are accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- Account for any real and/or personal property on hand at the end of the grant period
