

Chromebooks for 2016 – 2017 school year

- Need a total of 430 Chromebooks and 20 carts for the Middle Schools. District currently has 224 Lenovo N21 Chromebooks and 8 carts.
- Need an additional 206 Chromebooks and 12 carts.
- Need 600 (594 + 6 for growth) Chromebooks for the High Schools.

Total of 806 Chromebooks plus 24 extras = 830

Tiger Direct	Lenovo N22 4Gb	80SF0001US	\$151.87	830	\$126,052.10
	Chrome Management License		\$23.67	830	\$19,646.10
	Datamation Charging Cart	DSGRDBM32C	\$1,190.00	12	\$14,280.00
					<u>\$159,978.20</u>

I will be requesting the purchase of 600 bags at a later date. The leading contender right now is the Amazon Basic bag for 11.6 screen device at about \$14.00 each. I am not sure I can get the quantity I want and I am at a local vendor for a possible alternative. I will also be getting luggage type tags for the bags.
