

JA Goals and Objectives

~~It shall be the policy of the board to foster and encourage the development of procedures through which students may be effectively involved in establishing goals and objectives for their lives, insofar as these goals may be properly accomplished in the school setting.~~

These student policies are designed to prevent misunderstanding by students about their rights and responsibilities. The ideas and recommendations of students shall be considered when adopting policies, rules and regulations governing the conduct of students and their rights and responsibilities.

All student handbooks shall be consistent with board policy, approved by the board and adopted, by reference, as a part of these policies and rules regulations. (See BDC)
