

JGCC Communicable Diseases

Any student noted by a physician or the school nurse as having a communicable disease may be required to withdraw from school for the duration of the illness ~~in order to give maximum health protection to other students.~~ The student will be readmitted to regular classes upon termination of the illness, as authorized by the student's physician or as authorized by a health assessment team.

The board reserves the right to require a written statement from the student's physician indicating that the student is free from all symptoms of the disease.

JGCC-R Communicable Diseases

~~In the event that~~ **if** a student is absent from regular classes for more than three consecutive days or the ~~administrator~~ **principal** has been notified that a student has a communicable disease, the ~~administrator~~ **principal** shall determine whether a release shall be obtained from the student's physician before the student re-enters school.

Decisions regarding the type of education and the setting for provision of educational services for a student with a severe communicable disease of long duration shall be based on the **child's medical condition, the child's behavior and** neurological development, ~~and physical condition of the student and the expected type of interaction with others in that~~ **the educational** setting. ~~These decisions are best made using the team approach, including the~~ **Final decisions will be made by school administration after receiving input from the** student's physician, public health personnel, the student's parent or guardian, and personnel associated with the proposed care or educational setting.
