Message from Our Superintendent

Good Day Lion Country!

The district is announcing some shifts in staff for the 2019-2020 school year. Mr. Craig Davis has announced his retirement effective August 31, 2019. While this marks his 5th year in the district Mr. Davis has held a long impactful career holding various positions including the Component Director for Field Services at Region 6 ESC and Superintendent of Schools for Centerville ISD. During his time in Livingston, he became the epitome of what Dr. Bob Smith, field service agent for Texas Association of School Boards, termed the most versatile superintendent that he has worked with. Craig's versatility added to the team a skill set that we will miss and appreciate.

Lana Smith will move from her position of Principal at LHS Academy to Central Office and serve as the Director of Student Services. In my tenure at LISD, Lana has exhibited herself as a true professional and she has excelled in the positions asked of her. We look forward to working more closely with her and watching her career continue to grow at LISD.

Dr. Lynn Cummins will transition from Associate Principal at Livingston High School to Principal of Livingston High School Academy. It is my belief that Dr. Cummins will continue to exhibit the success we have seen at the Academy as I can think of no one that makes deeper connections with our students' that need just that the most. His unique skill set will allow him to make an impact on young men and women at a crucial time in their lives.

Kym Capps will move to the role of Associate Principal of Livingston High School. I've watched her career for over two decades now and I have the utmost confidence that Ms. Capps is going to have exceptional success in this new position.

I'm excited for Lion Country and each of these individuals on our team.

Enthusiastically Yours,

Dr. Brent Hawkins
Superintendent of Schools

HALL OF FAME Livingston Independent School District is entered into the Houston Livestock Show and Rodeo School Arts Hall of Fame. Each year school districts are judged according to a list of criteria to try to earn the title of "Super Show". Livingston ISD has earned the coveted title 5 straight years and was honored this year as a "Hall of Fame" District according to the HLSR School Arts Judges team.
