LUNCH MONEY NOW
ONLINE PAYMENTS

THE ADVANTAGES OF ONLINE DEPOSITS

- Parents avoid last minute trips to the school to make a deposit
- Eliminate lost, stolen or forgotten cash and checks
- Direct deposit assures money is spent in the district
- Can be used to accept any fees in the district
- No long wait; deposits post in 10 minutes during the regular school day
- Manage students at all campuses on one screen
- Deposit to multiple students at any campus in a single transaction
- View account balances and recent activity 24/7
- Parents may receive low balance notices via email or text
- Parents may choose to receive a second low balance notice
- Ability to accept donations for lunch funds
- Tablet & mobile phone compatible
- Deposit without setting up an account using Lunch Money Now Classic
- Spanish translation available through Google
- Data is never shared with 3rd parties

SECURITY

Lunch Money Now uses a secure connection for processing deposits. The site uses EV-SSL (Secure Sockets Layer) encryption to protect your data.

Lunch Money now uses an Extended Validation SSL Certificate, capable of up to 256-bit encryption, complying with the strongest identity authentication standard available today.

Any data collected by Lunch Money Now is solely for use in processing deposits to student accounts. No information is shared with third-parties.

"We are so impressed with this company. My Superintendent told me that he had never seen a software implementation (in any department in our district) go so smoothly in his entire career. The program and the service is super."

"I have just set up my new Lunch Money Now account, and I must say...I'm lovin' it! Thank you! Thank you! Thank you! It is much easier to see how my kiddos are spending their money and to make deposits ~ good job :)"

"The Lunch Money Now program has been a hit with students, parents, and staff members. I would recommend this system to any food service department who wants a state of the art system that is stable and worry free!"
