CTSO OFFICER TEAMS

Lion Country--

In our August newsletter we brought you up to speed on all of our CTE instructors working at LHS. This month we are highlighting the officers for our Career and Technical Student Organizations. These student leaders play an integral role for our CTE departments. Along with learning leadership, teamwork and work ethic they act as a liaison between the instructors and fellow students to help attract, retain and grow our various organizations. Through these CTSOs our students participate in the many skilled competitions available throughout Texas and at the National level as well. We firmly believe participation in our CTSOs provides a pathway for academic and skill development which will create stronger students, clearer career paths and more productive community members. Thank you for taking a moment to share in the highlight of our student leaders and we ask you to assist us in encouraging them to build a brighter tomorrow.
