Further Explanation of Offerings

Culture of Positivity In this service-learning club, students will help plan and implement service projects that contribute to a more positive culture within the school and out in their community.	Sequoyah & ALA Book Club Every year, new books are nominated for the Sequoyah Book Award. Students all over the state of Oklahoma read three (3) or more of the nominated books and then vote for their favorite. The Sequoyah Book Club gives students the support and platform to discuss new literature.	Flag Corps New to Porter, our very own Mrs. Broyles is coaching Flag Corps to accompany our newly minted drumline. Flag Corps members will learn flag and rifle routines to perform at school sporting events.
Destination Imagination Challenges A National curriculum of competitive STEM challenges/projects that push students to work in teams to practice creativity, innovation, and problem-solving in a variety of 21st Century categories and media.	SketchUp Students will learn how to use SketchUp, formerly Google Sketchup -- a 3D modeling computer program for a wide range of drawing applications such as architectural, interior design, landscape architecture, civil and mechanical engineering, film and video game design.	Mock Trial Students are given a hypothetical case and scripted evidence and testimony. Students learn court procedures and practice extemporaneous defense/prosecution of the case. Contests are judged based on the students' performance at mock trials.
Drumline Drumline will be learning new music and routines as well as strength training and conditioning to prepare for competitions.	Game Design Students are taught to plan and program their own computer games and animations using Scratch.	Summer Pride *(To ride the bus, a student must also participate in academic/enrichment activities. Not just Summer Pride activities.)
Sign Language Students are taught conversational American Sign Language basics.
