Dear Parent:

Our students are our most important resources. We share a common purpose- educating children. Many students need individualized attention. You have had varied experiences which can help them grow. YOU can help the teachers in ways that will allow them to provide more personal help to our students. If you have a special ability or interest that could grow our students on Fab Friday, please write it on the space provided.

If you are interested in serving as a volunteer, substitute teacher, or on one of our committees we will be delighted to hear from you.

Please let us know your interest by returning this form or want to know more about these committees by calling at 903-562-1355.
