January 26, 2021

Dear WISD parents and guardians,

A Wortham High School student and a Wortham Elementary staff member have tested positive for COVID-19, and the last day either of these individuals was on campus was January 22, 2021. Due to privacy requirements, we will not be releasing the names of the individuals or details that may identify them.

We have contacted the local health department, and they have recommended a 14-day self-isolation period for staff and students who are deemed as close contacts. All staff and students who were found to be in close contact by the health department have been personally contacted, and any students who were exposed will also assume remote learning while in the 14-day self-isolation period.

While we do not believe that those who were in contact with the infected individual have reason to be concerned, we ask that you, as always, watch for symptoms of COVID-19:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing;
- Diarrhea, vomiting, or abdominal pain;
- New onset of severe headache, especially with a fever.

If any member of our WISD community does begin experiencing any of these symptoms in a way that is not typical, we encourage you to contact your physician.

If you have any questions, please contact us at 254-765-3095.

Sincerely,

A handwritten signature in blue ink that reads "Melissa Bosley".

Melissa Bosley
