Blood Drive***

Milburn's Christmas blood drive was on 12/01/21. With a lot of great donors and wonderful staff taking blood, the drive was a success. Do you know what you're doing when you give blood? Donations are essential for trauma patients and people undergoing a variety of situations, including surgeries, transplants, chronic illnesses, blood disorders and cancer. Because over 90% of people who are eligible to donate do not, there's always a need for donors.

Tanner's Corner

For information concerning blood donation visit www.obl.org

This is me giving blood. It was my first time. Before I could give, I had to answer a lot of questions. I had to get my finger poked with a needle so my blood iron level could be checked. Then, right before I got the needle poked into the vein of my arm, I was told to squeeze a small toy football so my vein would be easier to find. Then it happened, the stick of the needle stung a little bit but I did alright.

Holiday Shoutouts

7th
Grade

*Happy Birthday
Month Isabel T!!*

*Love, Aunt Dani
and Molly*

Thank you, Mr. Chandler, for all you have done!
We hope you get better and we wish you well on
your journey to recovery! We all miss you!

7th & 8th Basketball

The 7th and 8th grade teams played at Ravia on Monday, November 29th. The final scores were 17-5 in the girls game, and 28-6 in the boys, with Milburn being the victor of both. The next day, Tuesday, November 30th, they played at home against Tupelo. The final score in the girls game was 37-14 with Milburn falling short. The boys game went into overtime at 22-22, but sadly Tupelo scored a free throw and won the game 23-22. Their next games are Dec. 13th at Achille, and Dec. 14th at Coleman, so come support Milburn's Junior High teams!

Science Rundown

The Science Club welcomed four new participants last week in learning how hydraulic devices work. Each student worked in a group to design and build a model of a hydraulic lift. Each group created a successful prototype of their design.

Lady Eagles Basketball

By Savannah Nelson

The Lady Eagles travelled to Bennington Tuesday night, December 7th. The outcome wasn't what we were hoping for with the final score being 45-15.

The Lady Eagles faced off against Stringtown to start off the Quad-County Conference tournament at Coleman, December 9th. Unfortunately, they lost. The score was 66-15. Their match-up with Moyers Friday morning, December 10th, didn't go as planned either. The ending score was 49-21.

The Coleman Christmas Classic starts this weekend, and the Lady Eagles are hoping for a different outcome than what they had in the Conference tournament. They are to play Vanoss Thursday, December 16th, at 10:00a.m. We hope to see you there supporting your Milburn Lady Eagles basketball team!

Eagles Basketball

By Savannah Nelson

Tuesday night, December 7th, the Milburn Eagles took on Bennington at Bennington. It didn't go the way we all wanted it to go. The score was 57-22. The first half wasn't all that good, but they really started to wake up in the second half, unfortunately it just wasn't enough to make a comeback. December 9th was the start of the Quad-County Conference tournament held at Coleman. The Milburn Eagles were eliminated after the first two games they played. They played Caney first, the ending score was 72-21. Friday, December 10th, Mill Creek took the win in their match-up. December 16th, they start the Coleman Christmas Classic off with Vaross at 11:30a.m. Come out and support your highschool boys basketball team!
