Message from the Principal:

Dear Parents and Friends of Keota High School,

Thank you for taking the time to learn more about the 2017 Keota High School Profile. Once a year we provide you with updates on our school's achievements through the Office of Educational Quality and Accountability. Indicators reported in our profile include school student performance, socioeconomic data, funding, instructional resources, and teacher quality. The 2017 School Profiles will be available for each school, for each school district, and for the state's educational system.

The state of Oklahoma adopted much higher performance standards in 2017. The test results are therefore not comparable to those from previous years. Test scores for our students in 2017 indicate that Keota High School maintained competitive scores within our county and state.

Test scores are one way to measure accountability and success, there are many other indicators of school quality that are important to parents and community members. At Keota High School, we are proud of the levels of intervention that we can provide to support student success and academic growth. Our staff is committed to providing meaningful, rigorous instruction each day and to developing a strong academic foundation with success for all students. At Keota High School, we focus on preparing students to be lifelong learners. Students learn to be readers, problem-solvers and creative thinkers who are ready for the future and prepared to be productive citizens.

Thank you for allowing us to share our annual profile with you and thank you for supporting our efforts to provide our children with a superior education. We look forward to continuing to grow in our success throughout the school year!

Sincerely,

A handwritten signature in cursive script that reads "Twylah Morris".

Twylah Morris, Principal
