New York Times Best Seller Author Visits Forgan

By: Jonathan Aguilar

This past November on the 16th day, famous author and New York Times Best seller Simone Elkeles stopped by to speak with the students of grades 7th-12th.

Junior High English and Reading teacher LuAnn O'Hair read about the authors contest for a school visit on Facebook. She entered it not knowing it would be her that would win the contest.

Being a fan of her work, she was quickly filled with excitement and ran to tell librarian Felicia Carter, they both then organized the visit for the students along with Simone's assistant. They then picked her up at Dodge City from her flight from Chicago the day before her

Simone Elkeles is known for her work in books like "Leaving Paradise", "Wild Cards" and more like "Chain Reaction". She has received many awards including "Top young adult first picks" and named Author of the year by the Illinois Association of English Teachers.

Simone held a presentation for the High School students in the auditorium. She spoke about her books, made jokes and even talked about her personal life. She talked to students about the importance of reading and how it can help the human mind. She also

mentioned the dangers of gang violence as mentioned in some of her books such as "Perfect Chemistry".

"I thought it was interesting how she went from not even reading books, to becoming a more frequent reader, to going to famous well known author." Says LuAnn O'Hair, English and Reading teach-

Much Needed Roof Repair Underway By Megan Lemieux The cracks then allow water

Forgan School has started the journey of replacing the school roof. The replacement will have many steps and different stages. As of December 6, the school is having repairs done before the actual replacement.

The school roof is the original roof from the 1950's. Over the decades the school has had natural wear and tear. Some of the problems with the school roof are that the gravel on the roof was blown away, exposing asphalt to UV rays. The exposure dries out the roof causing cracks.

to leak into the school. This Public allows more cracks to form and starts to effect different parts in the formation.

> There will be a bond election in February to decide whether or not the roof will be replaced. The last bond that was passed was having to do with transportation. Now, that there will be a new bond, it will need to be voted on by any registered voter in the Forgan school district. The bond will not have any raised taxes along with it. If the bond is voted on successfully there will be a bid on which roofing company will actu-

Veterans Honored by Student Council

By: Siona Walsh

Forgan School's STUCO held their annual Veteran's Day Program on Friday, November 11, 2016. Eight of our local veterans attended this program, even our oldest community veteran came at almost 100 years old. The veterans that attended were Alan Newman, Chris King, Travis Compton, and from Beaver County Nursing Home, Cecil Mitchell, Florence Conley, Lonnie Buckner, Gene Shull, and Freda Stephens.

Many things came together to make this program wonderful. Ms. Lemons had kids in her classes do a video assignment. The assignment was to make a living wall of our veterans who have served in early wars. Ms. Lemons wanted the students to gain knowledge about who fought and who helped form our country. Not only did the students gain knowledge about

who fought in early wars, they have won. When Public but by doing this assign- asked what these displays watching to gain the same knowledge.

Meet Our New 3rd Grade **Teacher**

By Grady Allen

Mrs. Howard is the 3rd

grade teacher at Forgan Elementary School. She told the Forgan newspaper she became a teacher because she loves kids. She discovered this when she was a high school aid at Laverne Elementary School. This is what inspired her to become a teacher. She knew she wanted to be a teacher from day one of being a high school aid and she got encouragement from her high school teachers, her mom, her dad, and everyone along the way. It's not too far from home she added. Her home town is Laverne, Oklahoma. She received her degree from N.W. Oklahoma University. Mrs. Howard is married to Jeff Howard he is a nurse at Beaver Memorial Hospital. They rent the parsonage from the Forgan Methodist Church. The Howards say they love living in the Forgan community. It is very quiet and friendly town. Mrs. Howard says teaching is how she thought it would be in some ways and in other ways not. This is Mrs. Howards first year of teaching. Every day is a new experience but she loves her class and wouldn't trade it for the world.

Woodshop

By: Ruger Schrag

Jerry Hodges has been teaching for 37 years. He previously worked at Texhoma. Ok as the industrial arts teacher from 1979-1984. He has been teaching here at Forgan High School since 2004. Most of the Wood I students are working on mirrors as their first projects. Some of the students in the higher wood classes are building things

such as Head boards, gun racks, and clocks. Students usually start their projects after they have learned or got refreshed on their equipment learning. Some of the students in Wood III are making cool acrylic pens. In 5th hour metal shop there is a student making a cooking grill. The woodshop and metal shop usually stay busy.

Tournament Updates

Booster Club Tournament Bv: Jerod Kerr

This year's annual **Booster Club Tournament** was a huge success. Teams from Beaver, Balko, Laverne, Tyrone, Turpin, Hardesty and Texhoma came to Forgan to compete in this grade school tournament.

The tournament is organized by the Booster Club officers. This year's officers are: President, Clark Rodkey; Vice President, Rodney Albert; and Treasurer, Tervl Leisher. The winners of this year's tournament were the

Laverne boys and girls. The booster club Tournament is the group's largest fund raiser. They use the money to pay for high school basketball camps, for their food and shirts!! According to Booster Club Treasurer, Tervl Leisher it takes a lot of hard work and volunteers to pull off such a large tournament. It is a reflection of our great town. It cost around \$5,000 to \$6,000 to run the event but this year they raised \$3,700. Teryl Leisher said, "We appreciate all that the volunteers do to help put this event on. It takes the whole town to get this job

done.'

Hardesty Jr High Tournament

Bv: Bret Smalts

The Hardesty Jr. High Tournament was played November 7th, 10th, and the 12th. The girls won the championship by beating Balko. The boys got 2nd after losing a tough game to Balko. Logan Taylor said, "I thought

we played good until we played Balko, then we stopped moving the ball." Kane Magana of the boys said, "I felt like I played good defense at my first Junior High game." Lady

Bulldog, Padon Hall, said "I thought I played well, I also felt like as a team we played good defense."

looking for teammates.

Panhandle Tournament

By: Indy Curl & Chris Lujan

Tournament was held November 28, December 1, and December 3 at Texhoma. 8 junior high teams participated in the tournament. Forgan girls did very well but had a hard time with their shots." It was a rough week for the girls", said the girl's coach Brett Trippet.

The Panhandle

Forgan girls were seated 6th going into the tournament. On the first day of the tournament they beat Hooker (seated 3rd) 21-12. The top scorers were Kylie Eagan and Carson Slatten each scoring 9 points.

The second day of the tournament Forgan played Turpin who were seated 2nd and won 24-14. The top scorer this game

was Kylie Eagan with 16 points. Carson, Kiersten, Zoie, and Raegan scored 2 points each.

On the final day of the tournament Forgan played Beaver in the championship and lost 40-19.

Coach Brett Trippet explained that he is pleased with how the girls went into the tournament seated #6 to being the runner ups.

The Forgan junior high boys were seated 7th going into the tournament On the first day Forgan boys played Laverne and ended up losing 50-22. On the second day the boys lost to Balko 37-32. That ended their run in the tournament. The junior high boys coach Todd Kerr said "We have shown signs of improvement and need to keep working hard"

Joshua Brown, sixth grader, finishes off a fast break during the Booster Club Tournament.

SAVE YOUR - Appliances, Water Heater, Dishes Pays For Itself

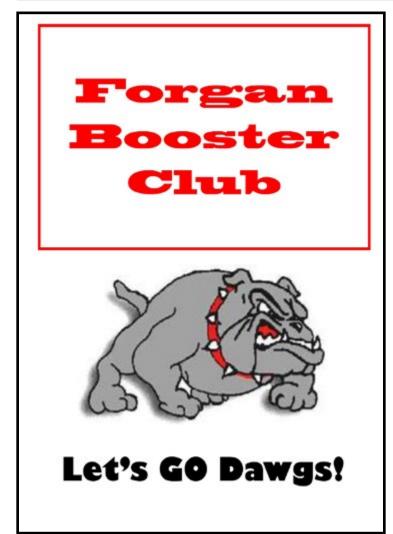

Fundraisers Help Support Students By Sid Slatten

This nine weeks we had three fundraisers at Forgan School. The first grade sold Rada Knives. Kade Nichols was the high seller of the first grade. They raised over \$1200 and earned 50 percent of the profit. Mrs. Radcliff says "these go to help us buy our class projects." The fifth grade sold Yankee Candles. The high seller for the fifth grade was Hadley Taylor. They raised \$600.

Another Fundraiser was the Boys Basketball team. They sold shirts. Coach Kerr says these shirts "go to help support our boys' basketball program."

With school funding cuts each fundraiser helps indi-

vidual classes purchase materials for their classrooms or organizations that otherwise would not be available. The Forgan community helps make that possible. We couldn't do it without you
