

Carney Public Schools Pre-Kindergarten
Personal and Social Development Policy

Personal Development:

Pre-Kindergarten students MUST be potty trained before entering school. If it is determined by the teacher and administration that the student is NOT potty trained they will not be allowed to continue enrollment for the current school year.

Social Development:

Discipline begins with verbal reminder and progresses through redirection and time out. Pre-Kindergarten students who require further discipline will be sent home. If it is determined by the teacher and administration that the student is not developmentally ready for the Pre-Kindergarten learning environment, they will not be allowed to continue enrollment for the current school year.
