- ✓ **Praxis Core Math:** Sept. 19, escWorks ID-361282
- ✓ **Praxis II Math:** Sept. 20, escWorks ID-361284

SIX THINGS TO INCLUDE IN A SUBSTITUTE TEACHER BINDER

The following information is from a blog found at-
<https://www.sadlier.com/school/ela-blog/6-things-to-include-in-a-substitute-teacher-binder>

1. Introductory notes that outline classroom procedures and welcomes the substitute teacher.
2. Basic rules for the classroom and for the school.
3. Seating charts and attendance sheets for every class. These are crucial so the substitute can record each class period's attendance and also find students easily.
4. Detailed substitute lesson plans including notes about 1-2 students who can help the teacher if needed and any students that need a little extra attention.
5. Discipline forms if a student needs to be sent to the office.
6. Feedback sheet for the substitute to use to take notes about the day.

Linked below are sample substitute documents:

****You must MAKE A COPY of the documents****

Buddy Teacher Support

What is my Buddy Teacher supposed to do?

Buddy Teachers are for on-site help with day to day and building specific questions/concerns. Some examples might include *how do I work the copier, what do I do if I need to be out, how often do I upload grades, etc.*

The following document is a "New Teacher Checklist" that contains items specific to your school and district. Buddy Teachers can help you with the information in the checklist:
