Accreditation of Schools

The Lyndon Unified School District meets all requirements by the Kansas Department of Education. The school district is participating in the Kansas Education Systems Accreditation and in Year 2 of five year Accreditation cycle.

Attendance Requirements

Residence Requirements: Parents or legal guardian of children attending schools in Lyndon School District must reside in the boundaries of the school district. Children living outside of the district boundaries may apply to attend school in the district by completing a Non-Resident Student Application listed under the Forms section on our website and submitting the completed application to the principal the child would be attending. All applications must be approved by the Board of Education.

Age Requirements: Students enrolling in school must be five years old on or before August 31 of the year they will attend kindergarten. A student starting school in first grade must be six years old on or before August 31 of the current year.

Health Requirement: All students enrolled in Lyndon School District are required to have a health assessment form completed by a licensed physician or from a health department stating they have received or in the process of receiving within ninety days tests and inoculations required by the Secretary of Kansas Department of Health and Environment. Further information can be obtained from the district office and the school nurse.

Special Education Programs

Lyndon School District is a member of the Three Lakes Special Education Cooperative that offers special education services to student enrolled in the district. The school's preschool program is sponsored by Three Lakes Coop for students who are 4 years of

age and have been identified needing special education service. For more information contact Three Lakes Coop at 785-828-3113.

Nutrition Services

Lyndon School District serves breakfast and lunch to students. Families may apply for free or reduced meals by completing a Nutrition Benefit application that will be reviewed and acted upon by the District's Food Service Director based upon income standards established by the U.S. Department of Agriculture. Applications may be obtain on our website under the Forms section or in the district office. Completed application can be return to the Food Service Director or the Clerk of the Board.

Transportation

The school district provides bus transportation to students who live outside the City of Lyndon. You may sign-up to have your child transported to school by completing a Bus Transportation Request form found on our Website under Parent and Students link and under the Forms sections.
