Woolaroc Museum

Woolaroc

By Madison Dutro

Chanute Elementary 5th graders went to Woolaroc on October 25, 2017 to go along with their study of Indians in Social Studies class.

At Woolaroc we saw animal heads on the walls that other people sent to him or of animals that died naturally on the Woolaroc property. In the museum we saw pictures, Indian clothes, Indian pottery, and arrowheads. Also in the museum there were pioneer artifacts such as a carriage, a stagecoach, covered wagon, a model train, guns and dolls. We were also able to view the lodge where the founder of the museum Frank Philip lived. Climbing the rocks outside lodge was amazingly fun.

At the petting zoo we got to pet goats, donkeys, ostriches, peacocks, zebra, and a miniature horse. Before loading the bus to come home we went on a trail.

Woolaroc was EXCITING, FUN, and we learned a lot. You should check out this place!!!

On October 26, 2017, Mrs Fox's 5th grade class went to Greenbush Ropes Course. The class went to challenge themselves to get out of their comfort zone and to build confidence. They learned how to put on a safety harness. Students also learned how to trust each other through teamwork by being the belay team to anchor while their classmates tried climbing the rock wall. They said it was awesome.
