

2026 NBYXE Cycling Route

Join the slow roll!

Saskatoon Cycles will be leading a slow roll throughout our festival site, following this exact path. Everyone is welcome to join in on the Saskatoon Cycles slow roll!

To join the slow roll, meet up with the Saskatoon Cycles crew at the top of the Broadway Bridge (on the Broadway side) near the Nuit Blanche Saskatoon information tent at the Five Corners intersection at 7:00 PM to set up your bikes. After a brief festival and safety overview the slow roll will start promptly at 7:15.

Consider lighting up your bike to become a part of Saskatoon's most illuminating festival!

Cycling is one of the best ways to experience the entire Nuit Blanche Saskatoon Festival. Join this year's slow roll, create your own route [using our online map](#), or follow our suggested route below.

Please note:

- **Route locations highlighted in yellow** refer to an installation found inside a building.
 - To visit these installations, please find a safe place to lock up your bike.
- **Route locations highlighted in purple** refer to performance-based installation, with performances ongoing throughout the evening.
- **Route locations highlighted in blue** refer to interactive project.
 - To participate, please find a safe place to lock up your bike.

That reaches the end of the Saskatoon Cycles Glow Roll! We recommend rolling the entire festival in reverse and returning back to Five Corners on Broadway. That way you'll get to see many of the installations and performances in a darker light.

Tips for Enjoying Your Evening:

Need a Map?

A Google Map of our entire festival can be found on NBYXE.ca. Printed maps can be picked up at one of our three information tents, located in each of the three festival neighbourhoods.

Secure your bike!

Make sure you bring a bike lock and secure your bike with one of Saskatoon's many bike stands in a well-lit area.

Cycle Safely.

Make sure you wear a helmet and observe the rules of the roads. Plan your safe cycling journey by checking out the [City of Saskatoon's website](#) for a cycling guide on how and where to ride.

Dress for the weather!

The evenings at the end of September can get cool, so make sure you dress in layers. Nuit Blanche goes on no matter what the weather is!
