

Structured Wiring Components

ELK-SWB Box

The SWB Structured Wiring Box is designed to hold the centralized wiring for CATV, Telephone, Computer, etc. as well as the Electronics and wire for Security and Automation. It features a universal rail mounting system that accommodates various modules by other companies such as Open House and OnQ. The SWB is generously sized and recess mounts into standard 16" wall cavities. Includes 1 pack of ELK-SWR universal mounting rails.

Features / Specifications

- Recess Mounts Into 3.5" x 16" Ctr. Wall Cavities
- Seven Large 2.5" Wire Entry Holes
- Knockout for inserting a 2 Outlet Electrical Box
- Heavy Duty Cover with Optional Cam Lock
- Overall Box Dimensions: 14.25" W x 26" H x 4.5" D (Allows for .5" wall finish plus door mounting flange)
- Overall Cover Dimensions: 15.75" W x 27.375" H
- Metal Gauge: Box = 20 ga., Cover = 18 ga.

ELK-SWB pictured with optional Security Control, Automation Controller, and typical Telco/CATV module.

ELK-SWB14 Box

The ELK-SWB14 is a smaller 14.25" square version of the popular ELK-SWB. It is ideal for smaller jobs such as small homes, apartments, condos, etc. It is extremely versatile for housing a security control and associated peripherals, or for use with telephone, CATV, and network, structured wiring components. Mix and match components from various manufacturers with our flexible hole pattern and mounting accessories. Key features: combination knockouts for size 1/2", 3/4", and 1-1/4" conduit, knockout for standard AC power J box, and heavy duty lockable cover.

ELK-SWB14

Features / Specifications

- Combination knockouts for 1/2", 3/4", and 1-1/4" conduit.
- Knockout for inserting an Electrical Outlet J Box.
- Door Cam Lock included.
- Overall Box Dimensions: 14.25" W x 14.25" H x 3.5" D.
- Metal Gauge: 19 gauge.

Accessories

ELK-SWC: Camlock: Optional Cover lock for the SWB.

ELK-SWCL3: Camlock: Door lock for the SWB14.

ELK-SWC

ELK-SWF Blank Fillers: Pack of 2 blank fillers for 2.5" wire holes. (SWB Only)

ELK-SWF

ELK-SWD: Grommet Donuts: Pack of 2 grommet donuts for use in the 2.5" wire entry holes to protect wires from nicks and scrapes. (SWB Only)

ELK-SWD

ELK-SWG: Circuit Board Glides: Pack of 2 board glides with screws for mounting of Security and Automation Controller boards.

ELK-SWG

ELK-SWP Multipurpose Adapter Plate: Adapts unusual components, boards, devices, etc. to fit onto the SWR rails. Flat mounting surface is 5.5" W x 4.75" H. Overall dimensions are: 6.25" W x 4.75" H x .5" D.

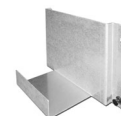

ELK-SWP

ELK-SWR Universal Mounting Rail: Pack of 2 punched rails for mounting of Telephone, CATV, and Computer Network modules. Overall dimensions are: 1.3" W x 12.5" H x .4" D. (SWB Only)

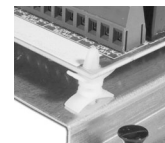

ELK-SWR

ELK-SWS Battery Shelf: Holds up to a 8 Ah Battery and mounts to the SWR rails. The protruding shelf lip is 3.5" W x 2.75" D. Overall dimensions are: 6.25" W x 4.75" H x 3.25" D.

ELK-SWS

ELK-SWNS1 Nylon Standoffs for Circuit Boards: Mount circuit boards like the ELK-MM443 or MV480 to the ELK-SWP Adapter Plate. Package of 10 standoffs. (1/4" spacing, fits .156" hole)

ELK-SWNS1
