Qualifications as an Expert Consultant or Witness

Education

- Graduated Stanford University with honors.
- Graduated UCLA Medical School with Achievement Award for academic excellence.
- Elected president of AOA, an honors organization for Medical School graduates.

Clinical Experience

- Practiced hospital-based emergency medicine for 27 years, from 1974 until 2001.
- Practice settings ranged from rural community hospitals to inner city trauma centers and university-affiliated teaching hospitals.
- Treated an estimated 120,000 emergency patients.
- Currently in active practice of Urgent Care Telemedicine since 2016.

Academic & Administrative Appointments

- UCLA Clinical assistant professor, Emergency Medicine, 1986-1991.
- Advanced Cardiac Life Support Instructor, American Heart Association, 1985-2001.
- Advanced Trauma Life Support Instructor, American College of Surgeons, 1985-2001
- Director of Emergency Department, Ridgecrest Community Hospital, 1985-1993.

Board Certification

- Certified by American Board of Emergency Medicine, 1981.
- Certified by American Board of Urgent Care Medicine, 2016.

Commitment to Continuing Education

- American Board of Emergency Medicine's Maintenance of Certification*
- 600 hours of Category I education, focused on Emergency Medicine, 2016-2019.
- Written and oral re-certification in Emergency Medicine, 2016-2017, demonstrating comprehension of current standards of practice.

*According to Certificationmatters.com , "Participating in Maintenance of Certification (MOC) means a doctor continues to meet the requirements of his or her medical specialty Board(s) for ongoing learning and assessment...[to] continually refresh and expand their knowledge. A doctor participating in MOC shows a commitment to lifelong learning and ongoing self-evaluation, and is engaged in measuring and improving his or her practice."
