Attorneys At Law

To Whom It May Concern:

It is with pleasure that I offer this letter of recommendation for Dr. David Dantes, as an expert witness in Emergency Medicine and Urgent Care medicine, with whom I have worked for the past year. Our projects include cases with challenging issues regarding Urgent Care Center and Emergency Department health care providers, standard of care, causation, and the appropriate administrative systemic medical response between and among medical professionals.

Dr. Dantes has requested that I keep this brief, so I'll confine my comments to the top three factors which inspire this letter.

Of Counsel:
Steven J. Trecker
Magali V. Sunderland
Wayne D. Parsons

First, Dr. Dantes provides an efficient yet completely authoritative, analytically adept analysis of medical records involving complex urgent care and emergency medicine cases. He quickly hones "the complex" to "the relevant". He is highly skilled in expressing these views from all perspectives, and in each emergent clinical situation and circumstance. This includes a broad-based knowledge of the professional relationship responsibilities and dynamics between and among medical health care providers and the multifaceted medical systems within which they work.

Second, his opinions are complete, well-considered and thoughtful, always based on his extensive training, and decades of first-hand experience in high-acuity clinical settings. More importantly, he does not miss the important details which may be buried in the records.

Third, Dr. Dantes articulates complex medical facts and reasoning, both verbally and in writing, in a manner which makes them both interesting and comprehensible to the targeted audience. This is particularly valuable throughout the various stages of a litigated case, given the variety of audiences to be addressed.

In short, I am without hesitation in recommending Dr. Dantes as a person who possesses the traits of intellect, integrity, compassion, and commitment to excellence in his work.

Please feel free to reach out, if additional information would be helpful to you.

Very truly yours,

Magali V. Sunderland
