

## PROFESSIONAL PROFILE

David G. Shreve, P.E.

Mr. Shreve is a licensed Professional Engineer in 18 states. He holds a certification from the National Council of Examiners for Engineering and Surveying (NCEES), is a LEED® accredited professional for Building and Construction and holds a Certified in Plumbing Design (CPD) credential. He has over 30 years of experience in design, construction administration and forensic analysis of mechanical, plumbing, fire protection and energy management systems for commercial, institutional and residential projects. David is also a member of American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE), American Society of Plumbing Engineers (ASPE) and International Code Council (ICC).

He joined Ivey Engineering in 2014. His primary responsibilities include forensic analysis of HVAC, plumbing, fire protection and energy management systems. He also performs site inspections, testing, research, product analysis and cost estimating, and is responsible for writing reports and testifying in depositions, hearings and trials.

### EXPERIENCE (partial listing)

- \* Approximately 300 HVAC, fire protection and plumbing design projects
- \* Approximately 10 LEED® design projects
- \* Approximately 20 feasibility studies
- \* Approximately 25 expert witness engagements
