WORK EXPERIENCE

Jan. 2020 - Dec. 2020

Chief Medical Officer

Doc Patels CBD

- Recruit medical professionals, including physicians, as partners
- Educate medical professionals, including physicians
 - Garnered an email list of 250+ medical professionals through a free course created for lead generation that covers the physiology and pharmacology of cannabinoids, as well as common indications, contraindications, side effects and drug interactions.
 - Building out a cannabinoid medicine academy to train medical professionals on the clinical applications and administration protocols of CBD as well as keeping them abreast of the latest clinical research on cannabinoids.
- Ensure product quality & develop innovative medical-grade CBD products

Venture came to a close as investors' other businesses were affected by COVID-19 pandemic and could not continue to fund.
