Current Research Activities

For over a decade, I have been an active member of the Program in Psychiatry and the Law, at the Massachusetts Mental Health Center, Harvard Medical School, working closely with Co-founder Professor Thomas Gutheil, M.D. Assistant Professor Michael L. Commons, Ph.D., Director of Research. My major focus has been on trauma, with local and inter-national presentations.

Clinical Practice

I provide solo practitioner office-based psychiatric services to a general adult population. My practice has encompassed an extremely wide range of in-depth services in both community-based outpatient care urban teaching and community-based hospitals. Following my Certification in Psychiatry by the American Board of Psychiatry and Neurology, this wide-ranging experience and expertise prepared me to achieve Subspecialty Certifications in Addiction Psychiatry (1993, 2003, 2013), Geriatric Psychiatry (1994, 2004, 2014), and Forensic Psychiatry (1999, 2009-present); and *Diplomate, American Board of Preventive Medicine (ABPM)* 2020-2029) Addiction Medicine.

Research on the unmet health care needs of the elderly, supported by, and reported to T. Franklin Williams, M.D., then Medical Director of the Monroe Community Hospital, subsequently Director of the National Institute on Aging.

a) "Health Care Planning for Elderly in Monroe County," August 1971; and

b) "Unmet Health Needs of Senior Citizens," September 1972. This research project was also the subject of an article in the Rochester, New York, "Times Union" newspaper, Tuesday, July 1, 1971, "U R a Student Studying Medical Needs Care."

University grant-sponsored research, 1970, Medical School Minority Student Admissions Policies. I did this project while a member of the Medical Student Body Senate and reported findings to several student and faculty gatherings. This preceded by about a year the significantly increased diversification of the student body at the University of Rochester School of Medicine and Dentistry. I also reported informally in my role as student Senate representative at the Annual Meeting of the American Association of Medical Colleges, in 1971 in San Diego.

Testimony:
