

MARK S. LOUDEN, MD, FAAEM, FACEP

Web: markloudenmd.com
Email: mark.louden.md@gmail.com
Cell: 305/898-8320

Educated and trained at top-rated universities and hospitals, board-certified in both Emergency Medicine and Internal Medicine, and served as a Flight Surgeon and Emergency Physician in the United States Air Force.

Experienced at every level of emergency care, ranging from high-acuity academic level-one trauma centers, STEMI and comprehensive stroke centers, to smaller community and even rural hospitals. In addition to clinical practice, years of experience in administrative roles and faculty positions at Duke University Medical Center and the University of Miami School of Medicine have also contributed to my medical expertise.

At present, I am a practicing physician at the busiest stroke center in Los Angeles County, California (LA County EMS July 2022). I have served as an expert witness for both the defense and plaintiffs in state and federal court, reviewing case materials, preparing written reports, and testifying at deposition and trial.

BOARD CERTIFICATIONS

American Board of Emergency Medicine, June 1999 (recertified 2008, 2018).

American Board of Internal Medicine, September 1992 (recertified 2002 and 2012).
