**Item 1.01. Entry into a Material Definitive Agreement.**

Private Placement

*Securities Purchase Agreement;*

On January 26, 2026, USA Rare Earth, Inc., a Delaware corporation (the "Company"), entered into a securities purchase agreement (the "Purchase Agreement") with the several purchasers named therein (the "Purchasers"), for the private placement (the "Private Placement") of 69,767,442 shares of the Company's common stock, par value \$0.0001 per share (the "Shares"), for aggregate gross proceeds of approximately \$1.5 billion, at a price per share of \$21.50. Subject to the satisfaction of customary closing conditions, the Company intends to close the Private Placement and issue the Shares on January 28, 2026. The Company intends to use the net proceeds from the Private Placement for general corporate purposes.

The Purchase Agreement contains customary representations, warranties, covenants and agreements by the Company, indemnification obligations of the Company and the Purchasers, including for liabilities under the Securities Act of 1933, as amended (the "Securities Act"), and other obligations of the parties. The representations, warranties, covenants and agreements contained in the Purchase Agreement reflect negotiations between the parties to the Purchase Agreement and are not intended as statements of fact to be relied upon by stockholders, or any individual or other entity other than the parties. In particular, the representations, warranties, covenants and agreements in the Purchase Agreement may be subject to limitations agreed by the parties, including having been modified or qualified by certain confidential disclosures that were made between the parties in connection with the negotiation of the Purchase Agreement, and having been made for purposes of allocating risk among the parties rather than establishing matters of fact. In addition, the parties may apply standards of materiality in a way that is different from what may be viewed as material by investors. As such, the representations and warranties in the Purchase Agreement may not describe the actual state of affairs at the date they were made, or at any other time, and you should not rely on them as statements of fact. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the Purchase Agreement, and unless required by applicable law, the Company undertakes no obligation to update such information.

The Private Placement is exempt from the registration requirements of the Securities Act pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act and in reliance on similar exemptions under applicable state laws. Each Purchaser represented that it is an accredited investor within the meaning of

Rule 501(a) of Regulation D and is acquiring the Shares as principal for its own account and not with a view to or for distributing or reselling the Shares. The Shares were offered without any general solicitation by the Company or its representatives. The Shares sold and issued in the Private Placement have not been registered under the Securities Act or any state securities laws and may not be offered or sold in the United States absent registration with the SEC or an applicable exemption from the registration requirements of the Securities Act.

#### *Registration Rights Agreement*

In addition, in connection with the closing of the Private Placement, the Company and the Purchasers will enter into a registration rights agreement (the "Registration Rights Agreement"), pursuant to which the Company will agree to file a registration statement with the Securities and Exchange Commission (the "SEC") on or prior to the 30th calendar day following the closing date of the Private Placement (subject to certain exceptions) for purposes of registering the resale of the Shares (the "Registration Statement"), to use commercially reasonable efforts to have such Registration Statement declared effective within the time period set forth in the Registration Rights Agreement, and to keep the Registration Statement effective until the date that all registrable securities covered by the Registration Statement (i) have been sold, thereunder or pursuant to Rule 144, or (ii) may be sold without volume or manner-of-sale restrictions pursuant to Rule 144 and without the requirement for the Company to be in compliance with the current public information requirement under Rule 144.

The foregoing descriptions of the Purchase Agreement and the Registration Rights Agreement do not purport to be complete and are qualified in their entirety by reference to the form of Purchase Agreement and the form of Registration Rights Agreement filed as Exhibits 10.1 and 10.2, respectively, to this Current Report on Form 8-K and incorporated herein by reference. Such exhibits have been included to provide investors with information regarding their respective terms and are not intended to provide any factual information about the Company.

#### *Existing Warrant Amendments*

On or about January 26, 2025, the Company entered into amendments (the "Warrant Amendments") with each holder of the Company's warrants initially exercisable to purchase common stock at \$12.00 per share and currently exercisable to purchase common stock at \$7.00 per share, subject to adjustment, initially exercisable on March 13, 2025 (the "Existing Warrants") to provide that any Government Financing is an "Exempt Issuance" (as defined in the respective Warrant Amendments) and therefore will not result in any adjustment of the Exercise Price (as defined in the respective Existing Warrants). "Government Financing" means one or more financing transactions (i) with or involving the Federal Government of the United States of America (including one or more departments or agencies thereof) (the "U.S. Government") involving the issuance to the U.S. Government of shares of common stock, warrants to purchase shares of common stock, other equity securities and/or debt instruments, and (ii) the issuance of shares of shares of common stock, warrants to purchase shares of common stock and/or other equity securities to other parties as contemplated or required by the terms of a Government Financing.

The foregoing description of the Warrant Amendments does not purport to be complete and is qualified in its entirety by reference to the form of the Warrant Amendment filed as Exhibit 4.1 to this Current Report on Form 8-K and incorporated herein by reference.

#### **Item 2.02. Results of Operations and Financial Condition**

On January 26, 2026, the Company issued a press release announcing certain preliminary financial results for the fiscal year ended December 31, 2025. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

The information set forth under this Item 2.02 (including Exhibit 99.1) shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference into any filing of the Company under the Securities Act, or the Exchange Act, except as expressly set forth by specific reference in such filing.

#### **Item 3.02. Unregistered Sales of Equity Securities**

The information under Item 1.01 of this Current Report on Form 8-K related to the Shares is incorporated herein by reference.

This Current Report on Form 8-K does not constitute an offer to sell any securities or a solicitation of an offer to buy any securities, nor shall there be any sale of any securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

#### **Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

On January 26, 2026, following approval of the board of directors of the Company and the required holders of the Company's 12.0% Series A Cumulative Convertible Preferred Stock (the "Series A Preferred Stock"), the Company adopted and filed with the Secretary of State of the State of Delaware, a certificate of amendment (the "Certificate of Amendment") to the Company's Certificate of Designation of Preferences, Rights and Limitations of 12.0% Series A Cumulative Convertible Preferred Stock (as previously amended on May 1, 2025, the "Certificate of Designation"). Pursuant to the Certificate of Amendment, the provisions of the Certificate of Designation providing for the adjustment of the Conversion Price (as defined in the Certificate of Designation) in the event of certain issuances or deemed issuances of shares of common stock by the Company were amended. In particular, the Certificate of Amendment provides that any Government Financing is an "Exempt Issuance" (as defined in the Certificate of Designation, as amended by the Certificate of Amendment) and therefore will not result in any adjustment of the Conversion Price of the Series A Preferred Stock.

The foregoing description of the Certificate of Amendment does not purport to be complete and is qualified in its entirety by reference to the Certificate of Amendment filed as Exhibit 3.1 to this Current Report on Form 8-K and incorporated herein by reference.

#### **Item 7.01. Regulation FD Disclosure**

On January 26, 2026, the Company issued a press release announcing the entry into a non-binding letter of intent for the Expected U.S. Government Transaction (as defined below), a non-binding letter of intent for a collaboration with the U.S. Department of Energy's National Energy Technology Laboratory, and the Private Placement, a copy of which is furnished herewith as Exhibit 99.1.

Furnished herewith as Exhibit 99.2 is an investor presentation that the Company presented to certain potential investors in connection with the Private Placement.

Furnished herewith as Exhibit 99.3 is certain additional information related to the Expected U.S. Government Transaction that was presented to certain potential investors in connection with the Private Placement.

The information provided under this Item 7.01 of this Current Report on Form 8-K, including Exhibits 99.1, 99.2, and 99.3, is "furnished" and shall not be deemed "filed" with the Securities and Exchange Commission or incorporated by reference in any filing under the Securities Exchange Act of 1934, as amended, or the Securities Act.

#### **Item 8.01. Other Events**

On January 26, 2026, the Company announced that it had entered into a non-binding letter of intent (the "Letter of Intent") with the U.S. Department of Commerce covering a total of

\$1.6 billion, including \$277 million in direct funding awards under the CHIPS Act and \$1.3 billion in senior secured debt with a 15-year term with an expected rate of Treasury +150 bps (collectively, the "Expected U.S. Government Transaction").

As conditions to entry in definitive documentation for the Expected U.S. Government Transaction (the "Definitive Agreements"), the Company must satisfy certain conditions, including, without limitation: (i) raise at least \$500 million from non-federal sources (which will be satisfied upon the closing of the Private Placement described in Item 1.01 of this Current Report on Form 8-K), (ii) obtain two memoranda of understanding from semiconductor end or midstream users, (iii) obtain neodymium praseodymium oxide and MREC feedstock supply agreements with a term at least through 2027, (iv) exercise a surface purchase option with the Texas GLO, (v) implement certain third-party recommendations and third-party validation of nuclear material licensing requirements at the Company's research and development facility in Wheat Ridge, Colorado, and (vi) define a power infrastructure plan for the Company's magnet manufacturing facility in Stillwater, Oklahoma. In addition, the U.S. government's \$277 million in Direct Funding Awards includes a condition that the Company issue to the U.S. government \$277 million of common stock (approximately 16.1 million shares issued at \$17.17 per share) and the \$1.3 billion Senior Secured Loan also requires the issuance of warrants to the government representing an additional 10% of the Company's fully diluted shares outstanding prior to the Private Placement (approximately 17.5 million shares with an exercise price of \$17.17 per share and a 10-year exercise period). The U.S. government's ownership in the Company will represent between 8% and 16% of the fully diluted shares outstanding prior to the Private Placement depending on whether the warrants are assumed to be exercised.

The Letter of Intent for the Expected U.S. Government Transaction provides, and the Definitive Agreements for such collaboration will provide, that the grant and debt financing from the government will be released to the Company in phases over time subject to the Company's achievement of specified business milestones related to the development of the Round Top deposit, development and expansion of processing and separation facilities, development and expansion of metal making and strip casting facilities, development and expansion of the magnet manufacturing facility, and obtaining additional equity and debt financing. There are four milestones related to Round Top, relating to: design, scale-up and completion of a definitive feasibility study; early works; solvent extraction; and completion of construction, with targeted achievement dates from December 2026 to December 2028. There are two milestones related to the Company's metal making and strip casting facilities related to: supply, technical feasibility, and construction; and qualification for production and commercialization, with targeted achievement dates from March 2027 to December 2027. There are four milestones related to the development and expansion of the Company's magnet manufacturing facilities relating to: initial production capability and demand validation; and incremental production capability and demand validation, with targeted achievement dates from June 2026 to March 2028. In addition, the Company will be required to obtain additional financing to meet estimated \$4.1 billion of required capex and to establish a \$250 million revolving credit facility by December 31, 2026.

In addition to the Letter of Intent for the Expected U.S. Government Transaction, the Company has signed a non-binding letter of intent with the U.S. Department of Energy's National Energy Technology Laboratory to collaborate to advance heavy REE separation technologies at the Company's Wheat Ridge lab and Round Top deposit, leveraging digital twin technology.

No assurances can be made that the Company will successfully negotiate and enter into Definitive Agreements for the Expected U.S. Government Transaction or definitive agreements for the collaboration with the U.S. Department of Energy's National Energy Technology Laboratory, or that the Expected U.S. Government Transaction or the collaboration with the U.S. Department of Energy's National Energy Technology Laboratory will be consummated on the terms or timeframe currently contemplated, or at all. Entry into definitive agreements is subject to further diligence, negotiation and finalization of agreements, customary closing conditions, and approvals.

The Company is supplementing the risk factors previously disclosed in the Company's Form 10-K that the Company filed with the SEC on March 31, 2025 and the Company's latest Quarterly Reports on Form 10-Q with the risk factors relating to the Expected U.S. Government Transaction set forth below.

#### Risks Related to the Expected U.S. Government Transaction

***The Expected U.S. Government Transaction is currently contemplated pursuant to a non-binding letter of intent and remains subject to the negotiation and execution of definitive documentation, satisfaction of conditions precedent, and final government approvals, and there can be no assurance that such documentation will be executed or that the collaboration will be consummated on the anticipated terms or at all.***

The Letter of Intent for the Expected U.S. Government Transaction is non-binding and remains subject to negotiation and execution of Definitive Agreements, satisfaction of conditions precedent, and final government approvals. There can be no assurance that:

- the Letter of Intent will result in Definitive Agreements, or if Definitive Agreements are reached, that the Expected U.S. Government Transaction will be made on the terms anticipated by the Letter of Intent;
- that the Company will be able to satisfy the conditions precedent to entering into Definitive Agreements for the Expected U.S. Government Transaction; or
- that final government approvals will be obtained for the Expected U.S. Government Transaction on the terms anticipated by the Letter of Intent or at all.

***The Expected U.S. Government Transaction is expected to be funded in phases over time and is subject to the company achieving milestones, and there can be no assurance that such milestones will be achieved on the expected timeline or at all.***

The Letter of Intent for the Expected U.S. Government Transaction provides, and the Definitive Agreements for such collaboration will provide, that the grant and debt financing from the government will be released to the Company in phases over time subject to the Company's achievement of specified business milestones related to the development of the Round Top deposit, development and expansion of processing and separation facilities, development and expansion of metal making and strip casting facilities, development and expansion of the magnet manufacturing facility, and obtaining additional equity and debt financing. There are four milestones related to Round Top with targeted achievement dates from December 2026 to December 2028: design, scale-up and completion of a definitive feasibility study; early works; solvent extraction; and completion of construction. There are two milestones related to the Company's metal making and strip casting facilities with targeted achievement dates from March 2027 to December 2027: supply, technical feasibility, and construction; and qualification for production and commercialization. There are four milestones related to the development and expansion of the Company's magnet manufacturing facilities with targeted achievement dates from June 2026 to March 2028: initial production capability and demand validation; and incremental production capability and demand validation. In addition, the Company will be required to obtain additional financing to meet an estimated \$4.1 billion of required capex and to obtain a \$250 million revolving credit facility by December 31, 2026.

There can be no assurance that such milestones will be achieved on the expected timeline, or at all. If the Company is unable to meet such milestones, the corresponding funding will not be released to the Company. The Company's satisfaction of any given milestone, and receipt of the associated funding, does not guarantee that the Company will be able to meet any subsequent milestones. Further, the Company's satisfaction of one or more milestones for one project, does not guarantee that the Company will be able to meet any milestones for the other projects. Construction, development, and expansion of the Company's planned facilities and projects are subject to risks of delays, cost overruns, supply chain disruptions, labor availability constraints, permitting challenges, and other execution risks, which could increase required capital, delay milestone achievement, and adversely affect the Company's financial condition and project economics.

If the Company does not receive the financing contemplated by the Expected U.S. Government Transaction, or any part of it, due to delays in meeting or failure to meet one or more milestones, its ability to fund its current operations and implement its business plan and strategy will be affected, and the Company may be required to reduce the scope of its operations and scale back its exploration, development and mining programs unless it is able to obtain alternative financing. Any curtailment of business operations would have a material negative effect on operating results and the value of the Company's outstanding securities.

In addition, if the Company is unable to meet certain final milestones within two years of the target completion dates, any funding released to the Company prior to that date will be subject to clawback, which would adversely affect the company's liquidity, capital resources, and project economics.

***While the Company may execute Definitive Agreements with the government and receive funding thereafter, there can be no assurances that the authorization and continued support for the transactions contemplated by the Definitive Agreements will not be modified, challenged or impaired in the future, which would have a material adverse effect on the Company's business, prospects, financial condition and results of operation.***

The Company expects to enter into Definitive Agreements for the Expected U.S. Government Transaction on substantially the terms set forth in the Letter of Intent. However, given the heightened sensitivity and complexity of contracting with a government entity, particularly in a high profile industry implicating national security, there can be no assurances that terms of the Expected U.S. Government Transaction, including the Definitive Agreements once executed, will not be modified, challenged or impaired in the future, which could have a material adverse effect on the Company's business, prospects, financial condition and results of operations. The Company believes there are multiple factors that may contribute to this uncertainty, including, but not limited to, the interpretation of current and future, and enactment of future, federal and international laws, regulations, administrative actions and rulings, and interpretations and changes to interpretations thereof, whether by a court or within the legislative or executive branches of the federal government; the Company's ability to comply with any conditions or other requirements imposed by such laws, regulations, actions and rulings, and changes thereto; a determination by the legislative, judicial, or executive branches of the federal government that any aspect of Expected U.S. Government Transaction, or the related Definitive Agreements, was unauthorized, void, or voidable; future changes in federal administration and related executive and legislative priorities; the continued availability of Congressional appropriations and Department of Commerce funding; geopolitical developments; and the legal and strategic challenges associated with enforcing the obligations of and seeking performance from a government counterparty, especially in conjunction with the unique defenses and remedies available to the federal government. Furthermore, while the Department of Commerce is expected to be contractually bound under the Definitive Agreements, if reached, for the Expected U.S. Government Transaction, no other agency, office or branch of the federal government has made any assurances or will have any obligations under the such Definitive Agreements to actively support, accede to or refrain from challenging, investigating or otherwise impeding the commitments and obligations of the parties to the Definitive Agreements, whether now or in the future. The Expected U.S. Government Transaction may also be challenged by other third parties and are subject to the risk of litigation, both the cost and result of which could materially adversely affect the Company's business, prospects, financial condition and results of operations.

***Future funding will be required to meet milestones. The Company's ability to raise additional equity or debt financing may be adversely affected by market conditions, interest rates, investor risk appetite, or macroeconomic factors beyond the Company's control.***

The Company's business plan requires significant additional capital, which may include equity and/or debt financing, beyond the Expected U.S. Government Transaction, and the Company's ability to obtain such capital will depend on market conditions and its operating performance, and may result in higher costs of capital, increased leverage, or dilution to existing stockholders. As a condition of the Expected U.S. Government Transaction, the Company will be required to obtain additional financing to meet estimated \$4.1 billion of required capex and to establish a \$250 million revolving credit facility by December 31, 2026. Depending on the type and terms of any financing the Company pursues, stockholders' rights and the value of their investment in the Company's common stock could be reduced. Any additional equity financing will dilute shareholdings. If the issuance of new securities results in diminished rights to holders of common stock, the market price of the Company's common stock could be negatively impacted. New or additional debt financing, if available, may involve restrictions on financing and operating activities. Interest on such debt would increase costs and negatively impact operating results. In addition, as the debt financing component of the Expected U.S. Government Transaction will be secured, issue secured debt, the government will have a claim to the Company's assets that would be prior to the rights of shareholders until the debt is paid. This may make it more difficult for the Company to raise additional debt financing on attractive terms, or at all.

If the Company is unable to obtain additional financing, as needed, at competitive rates, its ability to fund its current operations and implement its business plan and strategy will be affected, and it would be required to reduce the scope of its operations and scale back its exploration, development and mining programs. There is, however, no guarantee that the Company will be able to secure any additional funding or be able to secure funding which will provide it with sufficient funds to meet its objectives, which may adversely affect its business and financial position. Certain market disruptions may increase the Company's cost of borrowing or affect its ability to access one or more financial markets. Such market disruptions could result from:

- adverse economic conditions, including inflationary factors and recessionary fears;
- adverse general capital market conditions, including rising interest rates;
- poor performance and health of the metals and neo magnets industry in general;
- bankruptcy or financial distress of metals or neo magnet companies or marketers;
- significant decrease in the demand for metals or neo magnets; or
- adverse regulatory actions that affect the Company's exploration and construction plans or the use of its current and planned products generally.

***Revenues, EBITDA, Free Cash Flows, capacity and production targets are illustrative and are based on assumptions regarding the execution of the Company's operational plans, including production volumes, ramp timing, operating performance and pricing. In addition, target revenues, EBITDA and Free Cash Flows are based on assumed pricing and costs used in the Company's business plan.***

The Company has set certain targets for Revenues, EBITDA, Free Cash Flows, capacity and production. Such targets prepared based on numerous variables and assumptions which are inherently uncertain and may be beyond the control of the Company and exclude, among other things, transaction-related expenses. There are significant risks associated with the assumptions used in developing such targets. Investors should make their own assessment of the reasonableness and risks of the assumptions made by management. Operational execution, and the achievement of financial, capacity and production targets, are inherently uncertain and actual results may differ materially. Important factors that may affect actual results and results of the Company's operations, or could lead to such targets not being achieved on the timeframe specified, or at all include, but are not limited to: changing content consumption patterns, an evolving competitive landscape, successful management and retention of key personnel and artistic talent, unexpected expenses and general economic conditions. As such, these targets may be inaccurate and should not be relied upon as an indicator of actual past or future results. There can be no assurance that the Company will achieve its targets even if it completes its planned capital expenditures.

***Because the government will keep 100% of the equity securities that it is receiving whether or not the Expected U.S. Government Transaction is funded in full or at all, if all or part of the Expected U.S. Government Transaction is not funded for any reason, or if the funding is received but subsequently clawed back, and the effective dilution of the company's other equity holders will be increased materially.***

Pursuant to the Letter of Intent, as a condition to entry into Definitive Agreements for the Expected U.S. Government Transaction, the Company will be required to issue approximately 16.1 million shares of Common Stock and a warrant to purchase approximately 17.6 million shares of Common Stock with an exercise price per share of \$17.17 and a 10-year exercise period. The warrant will be exercisable at any time and from time to time for a term of ten years. As these issuances are being made at an implied price of \$17.17 per share, existing common stockholders will experience substantial dilution of their ownership positions. Further, the government's anticipated equity position in the Company reduces the voting and other governance rights of stockholders and may limit potential future transactions that may be beneficial to stockholders.

Under the Letter of Intent, the government will retain 100% of such equity securities whether or not the Expected U.S. Government Transaction is funded in full or at all, if all or part of the Expected U.S. Government Transaction is not funded for any reason, or if the funding is received but subsequently clawed back, and the effective dilution of the Company's other equity holders will be increased materially.

In addition, the sale of a substantial number of shares of the Company's Common Stock in the public market, or the perception that these sales might occur, including of the shares issuable upon exercise of the warrant, could depress the market price of the Company's Common Stock and could impair its ability to raise capital through the sale of additional equity securities. The Company is unable to predict the effect that sales may have on the prevailing market price of its Common Stock.

***The financial, tax and accounting treatment of the government contemplated by the Definitive Agreements remains uncertain and subject to change.***

Given both the novelty and complexity of the Expected U.S. Government Transaction, and the ongoing negotiation of Definitive Agreements, the Company's initial analysis of the financial, tax and accounting implications of its commitments and obligations in connection with the Expected U.S. Government Transaction has not been completed and may take considerable time and require significant attention from management. Additionally, no assurance can be provided that this initial assessment will not require adjustment or amendment over time due to changes in tax law or regulations, accounting practices and requirements and unforeseen developments in the course of performing under the Definitive Agreements, particularly with respect characterization of payments received from the Department of Commerce, among other considerations. The Definitive Agreements for the Expected U.S. Government Transaction are also expected to be highly integrated, and certain of the obligations under each agreement are expected to contingent upon or impacted by the terms and obligations of the others. If one or more of such agreements, or one or more elements of the transactions, were to be altered, amended or terminated, management would need to assess the financial, tax and accounting implications of such changes, which could be significant, together with any related remedies available to the Company and the present condition of its business and operations. The Company is unable to predict, and may not be able to anticipate, either these changes or the impact thereof. Any of the foregoing may have a material adverse effect on the Company's business, prospects, financial condition and results of operations, including, but not limited to, material changes to the Company's financial outlook, recharacterizations, restatements or other modifications of the Company's financial statements or adjustments to previously provided estimates or guidance.

***The Definitive Agreements are expected to contain affirmative and negative covenants that may restrict the Company's ability and the ability of its subsidiaries to take actions management believes are important to the Company's long-term strategy.***

The Definitive Agreements for the Expected U.S. Government Transaction are expected to contain affirmative covenants requiring the Company to take certain actions and negative covenants restricting the Company's ability to take certain actions.

In addition, the Expected U.S. Government Transaction will be subject to comprehensive, ongoing reporting and disclosure obligations, including financial, operational, cybersecurity, and supply chain information. The Company also may be required to comply with evolving national security "guardrails," including restrictions on expansion, collaboration, or technology transfer involving certain foreign entities and restrictions on operations, capital allocation, indebtedness, or strategic transactions. These requirements may be subject to broad or changing interpretation, and any violations of such requirements, whether due to administrative error or misunderstanding, could result in suspension, clawback, or termination of funding. Further, the government may require rights to certain intellectual property or data developed with government funding, which could affect the Company's ability to commercialize or protect proprietary technology and information.

Compliance with the affirmative and negative covenants contained in the Definitive Agreements could restrict the Company's ability to take actions that management believes are important to its long-term strategy. If strategic transactions the Company wishes to undertake are prohibited by the Definitive Agreements, the Company's ability to execute its long-term strategy could be materially adversely affected, which could in turn have a material adverse effect on its business, prospects, financial condition, or results of operations. For example, any requirement to obtain government approval or consent, or to provide notification, could delay or limit future financings, mergers, acquisitions, or asset dispositions.

***Given the scarcity of U.S. precedents for transactions such as those contemplated under the Expected U.S. Government Transaction and the government becoming a significant stockholder of the Company, the Company may experience other adverse consequences resulting from the potential announcement or completion of the Expected U.S. Government Transaction.***

Given the scarcity of recent U.S. precedents for transactions such as those contemplated by Expected U.S. Government Transaction and of the government becoming a significant stockholder of a company like the Company, it is difficult to foresee all the potential consequences. Among other things, there could be adverse reactions, immediately or over time, from investors, employees, customers, suppliers, other business or commercial partners, foreign governments or competitors. There may also be litigation related to the transaction or otherwise and increased public or political scrutiny with respect to the Company.

***Cautionary Note Regarding Forward-Looking Statements***

Certain matters discussed in this Current Report on Form 8-K, including Exhibits 99.1, 99.2 and 99.3, are or contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995. These statements, which involve risks and uncertainties include statements relating to the Expected U.S. Government Transaction and its expected benefits, including the anticipated terms of the Expected U.S. Government Transaction and anticipated timing of closing and funding; the Private Placement and its expected benefits, including anticipated timing of closing and funding; the Company's investment plans, including the development of the Round Top deposit, development and expansion of processing and separation facilities, development and expansion of metal making and strip casting facilities, and development and expansion of the magnet manufacturing facility, including the timing, cost, production capacities, and estimated outputs of each facility; and projected operating results and performance. Such statements can be identified by the fact that they do not relate strictly to historical or current facts. Words such as "anticipate", "believe", "can", "continue", "could", "estimate", "expect", "forecast", "intend", "may", "might", "plan", "possible", "potential", "predict", "project", "seek", "should", "strive", "target", "will", "would" and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from our expectations.

## AMENDMENT

TO

## WARRANT AGREEMENT

This Amendment is made and entered into as of January 26, 2026 (this “**Amendment**”), by and between USA Rare Earth, Inc., a Delaware corporation (the “**Company**”) and the undersigned holder (the “**Warrant Holder**”) of a warrant to purchase shares of common stock, par value \$0.0001 per share, of the Company, initially exercisable on March 13, 2025 and expiring on March 13, 2030 (the “**Warrant**”). Each of the foregoing will individually be referred to herein as a “**Party**” and, collectively as the “**Parties**”. Capitalized terms used, but not otherwise defined, herein shall have the respective meanings assigned to such terms in the Warrant.

RECITALS:

**WHEREAS**, Section 3 of the Warrant contains provisions providing for the adjustment of the Exercise Price and the number of Warrant Shares in the event of certain issuances or deemed issuances of shares of Common Stock by the Company (the “**Anti-Dilution Provisions**”);

**WHEREAS**, the Company is proposing to raise additional capital pursuant to a “Government Financing,” as such term is defined below;

**WHEREAS**, in connection with a Government Financing, the Company desires to exempt Government Financing from the Anti-Dilution Provisions as set forth herein; and

**WHEREAS**, Section 5(l) of the Warrant provides that the Warrant may be modified, waived or amended or the provisions thereof waived with the written consent of the Company and the Warrant Holder.

**NOW, THEREFORE**, in consideration of the covenants, promises and the representations and warranties set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Amendment in Connection With Government Financing.**

a. Notwithstanding anything to the contrary in the Warrant, the term “Exempt Issuance” shall be amended and restated as follows:

“**Exempt Issuance**” means the issuance of (a) any securities of the Company to employees, officers or directors, consultants, contractors, vendors or other agents of the Company pursuant to any stock or option plan duly adopted for such purpose, by a majority of the non-employee members of the Board of Directors or a majority of the members of a committee of non-employee directors established for such purpose for services rendered to the Company, (b) securities upon the exercise or exchange of or conversion of any securities issued pursuant to the Business Combination Agreement or in connection with the transactions contemplated thereby, including the Series A Preferred Stock, this Warrant and the other common stock purchase warrants with substantially the same terms as this Warrant with an initial exercise price of \$12.00 per share, and/or other securities exercisable or exchangeable for or convertible into shares of Common Stock issued and outstanding on the date of this Warrant, provided that such securities have not been amended since the date of this Warrant to increase the number of such securities or to decrease the exercise price, exchange price or conversion price of such securities (other than in connection with stock splits or combinations) or to extend the term of such securities, (c) the Underlying Shares, (d) securities issued pursuant to any merger, acquisition or strategic transaction or partnership approved by a majority of the directors of the Company, provided that (i) such securities are issued as “restricted securities” (as defined in Rule 144) or are issued pursuant to an effective registration statement pursuant to the Securities Act and (ii) any such issuance shall only be to a Person (or to the equityholders of a Person) which is, itself or through its subsidiaries, an operating company or an owner of an asset in a business synergistic with the business of the Company and shall provide to the Company additional benefits in addition to the investment of funds, (e) any securities issued by the Company pursuant to any legal settlement or similar arrangement agreed or entered into by the Company, provided that, in the aggregate, not more than 204,348 shares of Common Stock are issued or deemed issued or issuable upon conversion, settlement, exercise or exchange of any such securities that are Options or Convertible Securities, but any such Exempt Issuance shall not include a transaction in which the Company is issuing securities (i) primarily for the purpose of raising capital, including an at-the-market offering, and (ii) to an entity whose primary business is investing in securities, and (f) any securities issued by the Company pursuant to a Government Financing.

b. Section 3(c) of the Warrant shall be amended by adding the following:

“**Government Financing**” means one or more financing transactions (i) with or involving the Federal Government of the United States of America (including one or more departments or agencies thereof) (the “**U.S. Government**”) involving the issuance to the U.S. Government of shares of Common Stock, warrants to purchase shares of Common Stock, other equity securities and/or debt instruments, and (ii) the issuance of shares of Common Stock, warrants to purchase shares of Common Stock and/or other equity securities to other parties as contemplated or required by the terms of a Government Financing.

2. **Counterparts; Electronic Delivery.** This Amendment may be executed in counterparts, all of which shall be considered one and the same document and shall become effective when such counterparts have been signed by each Party and delivered to the other Party, it being understood that all Parties need not sign the same counterpart. Delivery by electronic transmission to counsel for the other Party of a counterpart executed by a Party shall be deemed to meet the requirements of the previous sentence. The exchange of a fully executed Amendment (in counterparts or otherwise) in pdf, docuSign or similar format and transmitted by facsimile or email shall be sufficient to bind the Parties to the terms and conditions of this Amendment.

3. **Effect of This Amendment.** This Amendment is made a part of the Warrant. Except as otherwise expressly provided herein, the Warrant is, and shall continue to be, in full force and effect and is hereby ratified and confirmed in all respects, except that on and after the date hereof all references in the Warrant to “this Warrant”, “hereto”, “hereof”, “hereunder” or words of like import referring to the Warrant shall mean the Warrant as modified by this Amendment. Any reference to the Warrant contained in any notice, request, certificate or other document executed concurrently with or after the execution and delivery of this Amendment shall be deemed to refer to the Warrant as modified by this Amendment unless the context shall otherwise require. For the avoidance of doubt, references to the phrases “the date of this Warrant” or “the date hereof”, wherever used in the Warrant, as modified by this Amendment, shall mean March 13, 2025.

4. **Other Provisions.** Section 5(e) (*Jurisdiction*), Section 5(g) (*Nonwaiver and Expenses*), Section 5(k) (*Successors and Assigns*), Section 5(l) (*Amendment*), Section 5(m) (*Severability*) and Section 5(n) (*Headings*) of the Warrant are incorporated herein by reference and shall apply *mutatis mutandis* to this Amendment.

USA Rare Earth, Inc.

Pre-Funded Warrant To Purchase Common Stock

Warrant No.:

Date of Issuance: January [●], 2026 ("Issuance Date")

USA Rare Earth, Inc., a Delaware corporation (the "Company"), hereby certifies that, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, [●], the registered holder hereof or its permitted assigns (the "Holder"), is entitled, subject to the terms set forth below, to purchase from the Company, at the Exercise Price (as defined below) then in effect, upon exercise of this Pre-Funded Warrant to Purchase Common Stock (the "Warrant"), at any time or times on or after the Issuance Date up to [●] (subject to adjustment as provided herein) fully paid and non-assessable shares of Common Stock (as defined below) (the "Warrant Shares"). Except as otherwise defined herein, capitalized terms in this Warrant shall have the meanings set forth in the Amended and Restated Securities Purchase Agreement, dated as of January 26, 2026 (the "Purchase Agreement"), pursuant to which this Warrant has been issued.

1. EXERCISE OF WARRANT.

(a) Mechanics of Exercise. Subject to the terms and conditions hereof, this Warrant may be exercised by the Holder on any day on or after the Issuance Date (an "Exercise Date"), in whole or in part, by delivery (whether via electronic mail or otherwise) of a written notice, in the form attached hereto as Exhibit A (the "Exercise Notice"), of the Holder's election to exercise this Warrant. Within one (1) Business Day following an exercise of this Warrant as aforesaid, the Holder shall deliver payment to the Company of an amount equal to the Exercise Price in effect on the date of such exercise multiplied by the number of Warrant Shares as to which this Warrant was so exercised (the "Aggregate Exercise Price") in cash or via wire transfer of immediately available funds if the Holder did not notify the Company in such Exercise Notice that such exercise was made pursuant to a Cashless Exercise (as defined herein). The Holder shall not be required to deliver the original of this Warrant in order to effect an exercise hereunder. Execution and delivery of an Exercise Notice with respect to less than all of the Warrant Shares shall have the same effect as cancellation of the original of this Warrant and issuance of a new Warrant evidencing the right to purchase the remaining number of Warrant Shares. Execution and delivery of an Exercise Notice for all of the then-remaining Warrant Shares shall have the same effect as cancellation of the original of this Warrant after delivery of the Warrant Shares in accordance with the terms hereof. On or before the first (1st) Trading Day following the date on which the Company has received an Exercise Notice, the Company shall transmit by facsimile or electronic mail an acknowledgment of confirmation of receipt of such Exercise Notice, in the form attached hereto as Exhibit B, to the Holder and the Company's transfer agent (the "Transfer Agent"), which confirmation shall constitute an instruction to the Transfer Agent to process such Exercise Notice in accordance with the terms herein. On or before the first (1st) Trading Day following the date on which the Company has received such Exercise Notice (or such earlier date as required pursuant to the 1934 Act or other applicable law, rule or regulation for the settlement of a trade of such Warrant Shares initiated on the applicable Exercise Date), the Company shall deliver to the Holder a certificate, which may be in electronic form (or in the case of uncertificated securities, provide notice of book entry) representing the number of Warrant Shares to which the Holder is entitled pursuant to such exercise. Upon delivery of an Exercise Notice, the Holder shall be deemed for all corporate purposes to have become the holder of record of the Warrant Shares with respect to which this Warrant has been exercised, irrespective of the date such Warrant Shares are credited to the Holder in the Company's books and records or the date of delivery of the certificates evidencing such Warrant Shares (as the case may be). If this Warrant is submitted in connection with any exercise pursuant to this Section 1(a) and the number of Warrant Shares represented by this Warrant submitted for exercise is greater than the number of Warrant Shares being acquired upon an exercise and upon surrender of this Warrant to the Company by the Holder, then, at the request of the Holder, the Company shall as soon as practicable and in no event later than two (2) Trading Days after any exercise and at its own expense, issue and deliver to the Holder (or its designee) a new Warrant (in accordance with Section 7(d)) representing the right to purchase the number of Warrant Shares purchasable immediately prior to such exercise under this Warrant, less the number of Warrant Shares with respect to which this Warrant is exercised. No fractional shares of Common Stock are to be issued upon the exercise of this Warrant, but rather the number of shares of Common Stock shall be rounded down to the nearest whole number. The Company shall pay any and all transfer, stamp, issuance and similar taxes, costs and expenses (including, without limitation, fees and expenses of the Transfer Agent) that may be payable with respect to the issuance and delivery of Warrant Shares upon exercise of this Warrant. Notwithstanding the foregoing, except in the case where an exercise of this Warrant is validly made pursuant to a Cashless Exercise, the Company's failure to deliver Warrant Shares to the Holder on or prior to the later of (i) one (1) Trading Day after receipt of the applicable Exercise Notice (or such earlier date as required pursuant to the 1934 Act or other applicable law, rule or regulation for the settlement of a trade of such Warrant Shares initiated on the applicable Exercise Date) and (ii) one (1) Trading Day after the Company's receipt of the Aggregate Exercise Price (or valid notice of a Cashless Exercise) (such later date, the "Share Delivery Date") shall not be deemed to be a breach of this Warrant.

(b) Exercise Price. For purposes of this Warrant, "Exercise Price" means \$0.0001 per Warrant Share, subject to adjustment as provided herein.

(c) [Reserved].

(d) Cashless Exercise. The Holder may, in its sole discretion, exercise this Warrant in whole or in part and, in lieu of making the cash payment otherwise contemplated to be made to the Company upon such exercise in payment of the Aggregate Exercise Price, elect instead to receive upon such exercise the "Net Number" of Warrant Shares determined according to the following formula (a "Cashless Exercise"):

$$\text{Net Number} = \frac{(A \times B) - (A \times C)}{B}$$

For purposes of the foregoing formula:

A = the total number of shares with respect to which this Warrant is then being exercised.

B = the fair market value (as determined by the board of directors of the Company, in good faith) of one share of Common Stock.

C = the Exercise Price then in effect for the applicable Warrant Shares at the time of such exercise.

If the Warrant Shares are issued in a Cashless Exercise, the parties acknowledge and agree that in accordance with Section 3(a)(9) of the 1933 Act, the Warrant Shares take on the registered characteristics of the Warrants being exercised.

(e) Holder's Exercise Limitations. The Holder may notify the Company in writing in the event it elects to be subject to the provisions contained in this Section 2(e); however, the Holder shall not be subject to this Section 2(e) unless he, she or it makes such election. If the election is made, the Company shall not effect any exercise of this Warrant, and a Holder shall not have the right to exercise any portion of this Warrant, pursuant to Section 2 or otherwise, to the extent that after giving effect to such issuance after exercise as set forth on the applicable Exercise Notice, the Holder (together with the Holder's Affiliates, and any Persons acting as a group together with the Holder or any of the Holder's Affiliates (such Persons, "Attribution Parties")) would beneficially own in excess of the Beneficial Ownership Limitation (as defined below). For purposes of the foregoing sentence, the number of shares of Common Stock

beneficially owned by the Holder, its Affiliates and Attribution Parties shall include the number of shares of Common Stock issuable upon exercise of this Warrant with respect to which such determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) exercise of the remaining, nonexercised portion of this Warrant beneficially owned by the Holder or any of its Affiliates or Attribution Parties and (ii) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company (including, without limitation, any other shares of Common Stock or securities or rights convertible or exchangeable into shares of Common Stock) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Holder or any of its Affiliates or Attribution Parties. Except as set forth in the preceding sentence, for purposes of this Section 2(e), beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder, it being acknowledged by the Holder that the Company is not representing to the Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and the Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 2(e) applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and, of which portion of this Warrant is exercisable up to the Beneficial Ownership Limitation shall be in the sole discretion of the Holder, and the submission of Exercise Notice shall be deemed to be the Holder's good faith determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable, in each case, subject to the Beneficial Ownership Limitation, and the Company shall have no obligation to verify or confirm the accuracy of such determination and shall have no liability for exercises of this Warrant that are not in compliance with the Beneficial Ownership Limitation. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder and the Company shall have no obligation to verify or confirm the accuracy of such determination and shall have no liability for exercises of the Warrant that are not in compliance with the Beneficial Ownership Limitation. For purposes of this Section 2(e), in determining the number of outstanding shares of Common Stock, a Holder may rely on the number of outstanding shares of Common Stock as reflected in (A) the Company's most recent periodic or annual report filed with the Commission, as the case may be, (B) a more recent public announcement by the Company or (C) a more recent written notice by the Company or the Transfer Agent setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of a Holder, the Company shall within two (2) Trading Days confirm orally and in writing to the Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including this Warrant, by the Holder or its Affiliates or Attribution Parties since the date as of which such number of outstanding shares of Common Stock was reported. The "**Beneficial Ownership Limitation**" shall initially be 9.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock issuable upon exercise of this Warrant. The Holder, upon notice to the Company, may increase or decrease the Beneficial Ownership Limitation provisions of this Section 2(e), provided that the Beneficial Ownership Limitation in no event exceeds 19.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock upon exercise of this Warrant held by the Holder and the provisions of this Section 2(e) shall continue to apply. By written notice to the Company, the Holder may from time to time increase or decrease the Beneficial Ownership Limitation applicable to the Holder, provided, however, that any such increase in the Beneficial Ownership Limitation will not be effective until the sixty-first (61st) day after such notice is delivered to the Company. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 2(e) to correct this paragraph (or any portion hereof) which may be defective or inconsistent with the intended Beneficial Ownership Limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitations contained in this paragraph shall apply to a successor holder of this Warrant.

(f) [RESERVED].

(g) Reservation of Shares.

(i) Required Reserve Amount. So long as this Warrant remains outstanding, the Company shall at all times keep reserved for issuance under this Warrant a number of shares of Common Stock at least equal to 100% of the maximum number of shares of Common Stock as shall be necessary to satisfy the Company's obligation to issue shares of Common Stock under this Warrant then outstanding (without regard to any limitations on exercise) (the "**Required Reserve Amount**"); provided that at no time shall the number of shares of Common Stock reserved pursuant to this Section 1(g)(i) be reduced other than proportionally in connection with any exercise or redemption of this Warrant or such other event covered by Section 2(c) below.

(ii) Insufficient Authorized Shares. If, notwithstanding Section 1(g)(i), and not in limitation thereof, at any time while this Warrant remains outstanding, the Company does not have a sufficient number of authorized and unreserved shares of Common Stock to satisfy its obligation to reserve the Required Reserve Amount (an "**Authorized Share Failure**"), then the Company shall immediately take all action necessary to increase the Company's authorized shares of Common Stock to an amount sufficient to allow the Company to reserve the Required Reserve Amount. Without limiting the generality of the foregoing sentence, as soon as practicable after the date of the occurrence of an Authorized Share Failure, but in no event later than sixty (60) days after the occurrence of such Authorized Share Failure, the Company shall hold a meeting of its stockholders for the approval of an increase in the number of authorized shares of Common Stock. In connection with such meeting, the Company shall provide each stockholder with a proxy statement and shall use its best efforts to solicit its stockholders' approval of such increase in authorized shares of Common Stock and to cause its board of directors to recommend to the stockholders that they approve such proposal. Notwithstanding the foregoing, if at any such time of an Authorized Share Failure, the Company is able to obtain the written consent of a majority of the shares of its issued and outstanding shares of Common Stock to approve the increase in the number of authorized shares of Common Stock, the Company may satisfy this obligation by obtaining such consent and submitting for filing with the SEC an Information Statement on Schedule 14C. In the event that the Company is prohibited from issuing shares of Common Stock upon an exercise of this Warrant due to the failure by the Company to have sufficient shares of Common Stock available out of the authorized but unissued shares of Common Stock (such unavailable number of shares of Common Stock, the "**Authorization Failure Shares**"), in lieu of delivering such Authorization Failure Shares to the Holder, the Company shall pay cash in exchange for the cancellation of such portion of this Warrant exercisable into such Authorization Failure Shares at a price equal to the sum of (i) the product of (x) such number of Authorization Failure Shares and (y) the fair market value (as determined by the board of directors of the Company, in good faith). Nothing contained in this Section 1(g)(ii) shall limit any obligations of the Company under any provision of the Purchase Agreement.

## 2. ADJUSTMENT OF EXERCISE PRICE AND NUMBER OF WARRANT SHARES

The Exercise Price and number of Warrant Shares issuable upon exercise of this Warrant are subject to adjustment from time to time as set forth in this Section 2.

(a) Stock Dividends and Splits. Without limiting any provision of Section 2 or Section 4, if the Company, at any time on or after the date of the Purchase Agreement, (i) pays a stock dividend on one or more classes of its then outstanding shares of Common Stock or otherwise makes a distribution on any class of capital stock that is payable in shares of Common Stock, (ii) subdivides (by any stock split, stock dividend, recapitalization or otherwise) one or more classes of its then outstanding shares of Common Stock into a larger number of shares or (iii) combines (by combination, reverse stock split or otherwise) one or more classes of its then outstanding shares of Common Stock into a smaller number of shares, then in each such case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to clause (i) of this paragraph shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution, and any adjustment pursuant to clause (ii) or (iii) of this paragraph shall become effective immediately after the effective date of such subdivision or combination. If any event requiring an adjustment under this paragraph occurs during the period that an Exercise Price is calculated hereunder, then the calculation of such Exercise Price shall be adjusted appropriately to reflect such event.

(b) Extraordinary Dividends. If the Company, at any time while this Warrant is outstanding and unexpired, shall pay a dividend or make a distribution in cash, securities or other assets to the holders of the shares of Common Stock on account of such Common Stock (or other shares of the Company's capital stock into which this Warrant is convertible), other than (a) as described in subsection 2(a) above, or (b) Ordinary Cash Dividends (as defined below) (any such non-excluded event being referred to herein as an "**Extraordinary Dividend**"), then the Exercise Price shall be decreased, effective immediately after the effective date of such Extraordinary Dividend, by the amount of cash and/or the fair market value (as determined by the board of directors of the Company, in good faith) of any securities or other assets paid on each share of Common Stock in respect of such Extraordinary Dividend. For purposes of this subsection 2(b), "**Ordinary Cash Dividends**" means any cash dividend or cash distribution which, when combined on a per share basis, with the per share amounts of all other cash dividends and cash distributions paid on the Common Stock during the 365-day period ending on the date of declaration of such dividend or distribution (as adjusted to appropriately reflect any of the events referred to in other subsections of this Section 2 and excluding cash dividends or cash distributions that resulted in an adjustment to the Warrant Price or to the number of shares of Common Stock issuable on exercise of this Warrant) does not exceed \$0.50.

(c) **Number of Warrant Shares.** Simultaneously with any adjustment to the Exercise Price pursuant to Section (a) or Section (b), the number of Warrant Shares that may be purchased upon exercise of this Warrant shall be increased or decreased proportionately, so that after such adjustment the aggregate Exercise Price payable hereunder for the adjusted number of Warrant Shares shall be the same as the aggregate Exercise Price in effect immediately prior to such adjustment (without regard to any limitations on exercise contained herein).

(d) **Calculations.** All calculations under this Section 2(d) shall be made by rounding to the nearest cent or the nearest 1/100th of a share, as applicable. The number of shares of Common Stock outstanding at any given time shall not include shares owned or held by or for the account of the Company, and the disposition of any such shares shall be considered an issuance or sale of Common Stock.

(e) **Voluntary Adjustment By Company.** The Company may at any time during the term of this Warrant, with the prior written consent of the Holder, reduce the then current Exercise Price to any amount and for any period of time deemed appropriate by the board of directors of the Company.

3. **[RESERVED].**

4. **PURCHASE RIGHTS: FUNDAMENTAL TRANSACTIONS.**

(a) **Purchase Rights.** In addition to any adjustments pursuant to Section 2 above, if at any time the Company grants, issues or sells any Options, Convertible Securities or rights to purchase stock, warrants, securities or other property pro rata to the record holders of Common Stock (the “**Purchase Rights**”), then the Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which the Holder could have acquired if the Holder had held the number of shares of Common Stock acquirable upon complete exercise of this Warrant (without regard to any limitations or restrictions on exercise of this Warrant) immediately before the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the grant, issuance or sale of such Purchase Rights.

(b) **Fundamental Transactions.** If, at any time after the Exercise Date while this Warrant is outstanding, (i) the Company, directly or indirectly, in one or more related transactions effects any merger or consolidation of the Company with or into another Person, in which the Company is not the surviving entity and in which the stockholders of the Company immediately prior to such merger or consolidation do not own, directly or indirectly, at least 50% of the voting power of the surviving entity immediately after such merger or consolidation (excluding a merger effected solely to change the Company’s name), (ii) the Company (and all of its subsidiaries, taken as a whole), directly or indirectly, effects any sale, lease, license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions, (iii) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding Common Stock, (iv) the Company, directly or indirectly, in one or more related transactions effects any reclassification, reorganization or recapitalization of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property (other than as a result of a stock split, combination or reclassification of shares of Common Stock covered by Section 2(a)), or (v) the Company, directly or indirectly, in one or more related transactions consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off, merger or scheme of arrangement) with another Person or group of Persons whereby such other Person or group acquires more than 50% of the outstanding shares of Common Stock (not including any shares of Common Stock held by the other Person or other Persons making or party to, or associated or affiliated with the other Persons making or party to, such stock or share purchase agreement or other business combination) or more than 50% of the voting power of the common equity of the Company (each a “**Fundamental Transaction**”), then, upon any subsequent exercise of this Warrant, the Holder shall have the right to receive, for each Warrant Share that would have been issuable upon such exercise immediately prior to the occurrence of such Fundamental Transaction, at the option of the Holder (without regard to any limitation in Section 1(e) on the exercise of this Warrant), the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and any additional consideration (the “**Alternate Consideration**”) receivable as a result of such Fundamental Transaction by a holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such Fundamental Transaction (without regard to any limitation in Section 1(e) on the exercise of this Warrant). For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of this Warrant following such Fundamental Transaction. The Company shall cause any successor entity in a Fundamental Transaction in which the Company is not the survivor (the “**Successor Entity**”) to assume in writing all of the obligations of the Company under this Warrant and the other Transaction Documents in accordance with the provisions of this Section 4(b) pursuant to written agreements in form and substance reasonably satisfactory to the Holder and approved by the Holder (without unreasonable delay) prior to such Fundamental Transaction and shall, at the option of the Holder, deliver to the Holder in exchange for this Warrant a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Warrant which is exercisable for a corresponding number of shares of capital stock of such Successor Entity (or its parent entity) equivalent to the shares of Common Stock acquirable and receivable upon exercise of this Warrant (without regard to any limitations on the exercise of this Warrant) prior to such Fundamental Transaction, and with an exercise price which applies the Exercise Price hereunder to such shares of capital stock (but taking into account the relative value of the shares of Common Stock pursuant to such Fundamental Transaction and the value of such shares of capital stock, such number of shares of capital stock and such exercise price being for the purpose of protecting the economic value of this Warrant immediately prior to the consummation of such Fundamental Transaction), and which is reasonably satisfactory in form and substance to the Holder. Upon the occurrence of any such Fundamental Transaction, the Successor Entity shall succeed to, and be substituted for (so that from and after the date of such Fundamental Transaction, the provisions of this Warrant and the other Transaction Documents referring to the “Company” shall refer instead to the Successor Entity, and may exercise every right and power of the Company and shall assume all of the obligations of the Company under this Warrant and the other Transaction Documents with the same effect as if such Successor Entity had been named as the Company herein.

(c) **Application.** The provisions of this Section 4(c) shall apply similarly and equally to successive Fundamental Transactions and Corporate Events and shall be applied as if this Warrant (and any such subsequent warrants) were fully exercisable and without regard to any limitations on the exercise of this Warrant.

5. **NONCIRCUMVENTION.** The Company hereby covenants and agrees that the Company will not, by amendment of its certificate of incorporation (as in effect on the Issuance Date) Bylaws (as in effect on the Issuance Date) or through any reorganization, transfer of assets, consolidation, merger, scheme of arrangement, dissolution, issuance or sale of securities, or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, and will at all times in good faith carry out all the provisions of this Warrant and take all action as may be required to protect the rights of the Holder. Without limiting the generality of the foregoing, the Company (a) shall not increase the par value of any shares of Common Stock receivable upon the exercise of this Warrant above the Exercise Price then in effect, and (b) shall take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and non-assessable shares of Common Stock upon the exercise of this Warrant.

6. **WARRANT HOLDER NOT DEEMED A STOCKHOLDER.** Except as otherwise specifically provided herein, the Holder, solely in its capacity as a holder of this Warrant, shall not be entitled to vote or receive dividends or be deemed the holder of share capital of the Company for any purpose, nor shall anything contained in this Warrant be construed to confer upon the Holder, solely in its capacity as the Holder of this Warrant, any of the rights of a stockholder of the Company or any right to vote, give or withhold consent to any corporate action (whether any reorganization, issue of stock, reclassification of stock, consolidation, merger, conveyance or otherwise), receive notice of meetings, receive dividends or subscription rights, or otherwise, prior to the issuance to the Holder of the Warrant Shares which it is then entitled to receive upon the due exercise of this Warrant. In addition, nothing contained in this Warrant shall be construed as imposing any liabilities on the Holder to purchase any securities (upon exercise of this Warrant or otherwise) or as a stockholder of the Company, whether such liabilities are asserted by the Company or by creditors of the Company.

## 7. REISSUANCE OF WARRANTS.

(a) Transfer of Warrant. If this Warrant is to be transferred, the Holder shall surrender this Warrant to the Company, whereupon the Company will forthwith issue and deliver upon the order of the Holder a new Warrant (in accordance with Section 7(d)), registered as the Holder may request, representing the right to purchase the number of Warrant Shares being transferred by the Holder and, if less than the total number of Warrant Shares then underlying this Warrant is being transferred, a new Warrant (in accordance with Section 7(d)) to the Holder representing the right to purchase the number of Warrant Shares not being transferred, provided that this Warrant may not be offered for sale, sold, transferred or assigned (I) in the absence of (A) an effective registration statement for the securities under the Securities Act of 1933, as amended, or (B) an opinion of counsel to the holder (if requested by the Company), in a form reasonably acceptable to the Company.

(b) Lost, Stolen or Mutilated Warrant. Upon receipt by the Company of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Warrant (as to which a written certification and the indemnification contemplated below shall suffice as such evidence), and, in the case of loss, theft or destruction, of any indemnification undertaking by the Holder to the Company in customary and reasonable form and, in the case of mutilation, upon surrender and cancellation of this Warrant, the Company shall execute and deliver to the Holder a new Warrant (in accordance with Section 7(d)) representing the right to purchase the Warrant Shares then underlying this Warrant.

(c) Exchangeable for Multiple Warrants. This Warrant is exchangeable, upon the surrender hereof by the Holder at the principal office of the Company, for a new Warrant or Warrants (in accordance with Section 7(d)) representing in the aggregate the right to purchase the number of Warrant Shares then underlying this Warrant, and each such new Warrant will represent the right to purchase such portion of such Warrant Shares as is designated by the Holder at the time of such surrender; provided, however, no warrants for fractional shares of Common Stock shall be given.

(d) Issuance of New Warrants. Whenever the Company is required to issue a new Warrant pursuant to the terms of this Warrant, such new Warrant (i) shall be of like tenor with this Warrant, (ii) shall represent, as indicated on the face of such new Warrant, the right to purchase the Warrant Shares then underlying this Warrant (or in the case of a new Warrant being issued pursuant to Section 7(a) or Section 7(c), the Warrant Shares designated by the Holder which, when added to the number of shares of Common Stock underlying the other new Warrants issued in connection with such issuance, does not exceed the number of Warrant Shares then underlying this Warrant), (iii) shall have an issuance date, as indicated on the face of such new Warrant which is the same as the Issuance Date, and (iv) shall have the same rights and conditions as this Warrant.

8. NOTICES. Whenever notice is required to be given under this Warrant, unless otherwise provided herein, such notice shall be given in accordance with Section 5.4 of the Purchase Agreement. The Company shall provide the Holder with prompt written notice of all actions taken pursuant to this Warrant (other than the issuance of shares of Common Stock upon exercise in accordance with the terms hereof), including in reasonable detail a description of such action and the reason therefor. Without limiting the generality of the foregoing, the Company will give written notice to the Holder (i) immediately upon each adjustment of the Exercise Price and the number of Warrant Shares, setting forth in reasonable detail, and certifying, the calculation of such adjustment(s), (ii) at least ten (10) days prior to the date on which the Company closes its books or takes a record (A) with respect to any dividend or distribution upon the shares of Common Stock, or (B) for determining rights to vote with respect to any Fundamental Transaction, dissolution or liquidation, provided in each case that such information shall be made known to the public prior to or in conjunction with such notice being provided to the Holder, and (iii) at least ten (10) Business Days prior to the consummation of any Fundamental Transaction. It is expressly understood and agreed that the time of execution specified by the Holder in each Exercise Notice shall be definitive and may not be disputed or challenged by the Company, except in the case of manifest error.

## 9. [RESERVED].

10. ABSENCE OF TRADING AND DISCLOSURE RESTRICTIONS. The Company acknowledges and agrees that the Holder is not a fiduciary or agent of the Company and that the Holder shall have no obligation to (a) maintain the confidentiality of any information provided by the Company or (b) refrain from trading any securities while in possession of such information in the absence of a written non-disclosure agreement signed by an officer of the Holder that explicitly provides for such confidentiality and trading restrictions. In the absence of such an executed, written non-disclosure agreement, the Company acknowledges that the Holder may freely trade in any securities issued by the Company, may possess and use any information provided by the Company in connection with such trading activity, and may disclose any such information to any third party.

11. AMENDMENT AND WAIVER. This Warrant may be modified or amended, or the provisions hereof waived with the written consent of the Company and the Holder.

12. SEVERABILITY. If any provision of this Warrant is prohibited by law or otherwise determined to be invalid or unenforceable by a court of competent jurisdiction, the provision that would otherwise be prohibited, invalid or unenforceable shall be deemed amended to apply to the broadest extent that it would be valid and enforceable, and the invalidity or unenforceability of such provision shall not affect the validity of the remaining provisions of this Warrant so long as this Warrant as so modified continues to express, without material change, the original intentions of the parties as to the subject matter hereof and the prohibited nature, invalidity or unenforceability of the provision(s) in question does not substantially impair the respective expectations or reciprocal obligations of the parties or the practical realization of the benefits that would otherwise be conferred upon the parties. The parties will endeavor in good faith negotiations to replace the prohibited, invalid or unenforceable provision(s) with a valid provision(s), the effect of which comes as close as possible to that of the prohibited, invalid or unenforceable provision(s).

13. GOVERNING LAW. This Warrant shall be governed by and construed and enforced in accordance with, and all questions concerning the construction, validity, interpretation and performance of this Warrant shall be governed by, the internal laws of the State of New York, without giving effect to any provision or rule (whether of the State of New York or any other jurisdictions) that would cause the application of the laws of any jurisdictions other than the State of New York. The Company hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof to the Company at the address set forth in the signature pages to the Purchase Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. The Company hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the State of New York, for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein, and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law. Nothing contained herein shall be deemed or operate to preclude the Holder from bringing suit or taking other legal action against the Company in any other jurisdiction to collect on the Company's obligations to the Holder, to realize on any collateral or any other security for such obligations, or to enforce a judgment or other court ruling in favor of the Holder. **THE COMPANY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE TO, AND AGREES NOT TO REQUEST, A JURY TRIAL FOR THE ADJUDICATION OF ANY DISPUTE HEREUNDER OR IN CONNECTION WITH OR ARISING OUT OF THIS WARRANT OR ANY TRANSACTION CONTEMPLATED HEREBY.**

14. CONSTRUCTION; HEADINGS. This Warrant shall be deemed to be jointly drafted by the Company and the Holder and shall not be construed against any Person as the drafter hereof. The headings of this Warrant are for convenience of reference and shall not form part of, or affect the interpretation of, this Warrant.

## 15. [RESERVED].

16. REMEDIES, CHARACTERIZATION, OTHER OBLIGATIONS, BREACHES AND INJUNCTIVE RELIEF. The remedies provided in this Warrant shall be cumulative and in addition to all other remedies available under this Warrant and the other Transaction Documents, at law or in equity (including a decree of specific performance and/or other injunctive relief), and nothing herein shall limit the right of the Holder to pursue actual and consequential damages for any failure by the Company to comply with the terms of this Warrant. The Company covenants to the Holder that there shall be no characterization concerning this instrument other than as expressly provided herein. Amounts set forth or provided for herein with respect to payments, exercises and the like (and the computation thereof) shall be the amounts to be received by the Holder and shall not, except as expressly provided herein, be subject to any other obligation of the Company (or the performance thereof). The Company acknowledges that a breach by it of its obligations hereunder will cause irreparable harm to the Holder and that the remedy at law for any such breach may be inadequate. The Company therefore agrees that, in the event of any such breach or threatened breach, the holder of this Warrant shall be entitled, in addition to all other available remedies, to specific performance and/or temporary, preliminary and permanent injunctive or other equitable relief from any court of competent jurisdiction in any such case without the necessity of proving actual damages and without posting a bond or other security. The Company shall provide all information and documentation to the Holder that is

reasonably requested by the Holder to enable the Holder to confirm the Company's compliance with the terms and conditions of this Warrant. The issuance of shares and certificates for shares as contemplated hereby upon the exercise of this Warrant shall be made without charge to the Holder or such shares for any issuance tax or other costs in respect thereof, provided that the Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than the Holder or its agent on its behalf.

**17. PAYMENT OF COLLECTION, ENFORCEMENT AND OTHER COSTS.** If (a) this Warrant is placed in the hands of an attorney for collection or enforcement or is collected or enforced through any legal proceeding or the holder otherwise takes action to collect amounts due under this Warrant or to enforce the provisions of this Warrant or (b) there occurs any bankruptcy, reorganization, receivership of the company or other proceedings affecting company creditors' rights and involving a claim under this Warrant, then the Company shall pay the costs incurred by the Holder for such collection, enforcement or action or in connection with such bankruptcy, reorganization, receivership or other proceeding, including, without limitation, attorneys' fees and disbursements.

**18. TRANSFER.** This Warrant may be offered for sale, sold, transferred or assigned without the consent of the Company, except as may otherwise be required by applicable securities laws, provided that this Warrant may not be offered for sale, sold, transferred or assigned (I) in the absence of (A) an effective registration statement for the securities under the Securities Act of 1933, as amended, or (B) an opinion of counsel to the holder (if requested by the Company), in a form reasonably acceptable to the Company..

The Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) are reasonably designed to ensure that all (i) material information required to be disclosed by Company in the reports and other documents that it files or furnishes pursuant to the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Commission and (ii) such material information is accumulated and communicated to the Company's management as appropriate to allow timely decisions regarding required disclosure and to make the certifications required pursuant to Sections 302 and 906 of the Sarbanes-Oxley Act.

(ii) The Company acknowledges and agrees that each of the Purchasers is acting solely in the capacity of an arm's length purchaser with respect to the Transaction Documents and the transactions contemplated thereby. The Company further acknowledges that no Purchaser is acting as a financial advisor or fiduciary of the Company (or in any similar capacity) with respect to the Transaction Documents and the transactions contemplated thereby and any advice given by any Purchaser or any of its representatives or agents in connection with the Transaction Documents and the transactions contemplated thereby is merely incidental to the Purchasers' purchase of the Securities. The Company further represents to each Purchaser that the Company's decision to enter into this Agreement and the other Transaction Documents has been based solely on the independent evaluation of the transactions contemplated hereby by the Company and its representatives.

(jj) Anything in this Agreement or elsewhere herein to the contrary notwithstanding (except for Sections 3.2(q) and 4.12 hereof), it is understood and acknowledged by the Company that: (i) none of the Purchasers has been asked by the Company to agree, nor has any Purchaser agreed, to desist from purchasing or selling, long and/or short, securities of the Company, or "derivative" securities based on securities issued by the Company or to hold the Securities for any specified term; (ii) past or future open market or other transactions by any Purchaser, specifically including, without limitation, Short Sales or "derivative" transactions, before or after the closing of this or future private placement transactions, may negatively impact the market price of the Company's publicly-traded securities; (iii) any Purchaser, and counter-parties in "derivative" transactions to which any such Purchaser is a party, directly or indirectly, presently may have a "short" position in the Common Stock, and (iv) each Purchaser shall not be deemed to have any affiliation with or control over any arm's length counter-party in any "derivative" transaction. The Company further understands and acknowledges that (y) one or more Purchasers may engage in hedging activities at various times during the period that the Securities are outstanding, and (z) such hedging activities (if any) would reduce the value of existing stockholders' equity interests in the Company at and after the time that the hedging activities are being conducted. The Company acknowledges that such aforementioned hedging activities do not constitute a breach of any of the Transaction Documents.

(kk) The Company has not, and to its knowledge no one acting on its behalf has, (i) taken, directly or indirectly, any action designed to cause or to result in the stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of any of the Securities, (ii) sold, bid for, purchased, or, paid any compensation for soliciting purchases of, any of the Securities, or (iii) paid or agreed to pay to any Person any compensation for soliciting another to purchase any other securities of the Company, other than, in the case of clauses (ii) and (iii) above, compensation paid to the Placement Agents in connection with the placement of the Securities.

(ll) The Company's information technology assets and equipment, computers, systems, networks, hardware, software, websites, applications, and databases (collectively, "IT Systems") are adequate for, and Company has taken technical and organizational measures reasonably designed to protect information technology and Personal Data (as defined below) used in connection with, the operation of the businesses of the Company as currently conducted and as described in the SEC Reports, free and clear of all material bugs, errors, defects, Trojan horses, time bombs, malware and other corruptants. The Company has implemented and maintained reasonable controls, policies, procedures and safeguards designed to maintain and protect its confidential information and the integrity, continuous operation, redundancy and security of all IT Systems and data (including any personal, personally identifiable, household, sensitive, confidential or regulated data ("Personal Data")) used in connection with its businesses, except to the extent that a failure to do so would not cause a Material Adverse Effect, and, to the knowledge of the Company, there have been no breaches, violations, outages or unauthorized uses of or accesses to any IT System or Personal Data used in connection with the operation of the Company's businesses. The Company is, and since January 1, 2022 has been, in material compliance with all applicable laws or statutes and all judgments, orders, rules and regulations of any court or arbitrator or governmental or regulatory authority, internal policies and contractual obligations relating to the privacy and security of IT Systems and Personal Data and the protection of such IT Systems and Personal Data from unauthorized use, access, misappropriation or modification, except to the extent that a failure to do so would not cause a Material Adverse Effect.

(mm) The Company does not have any agreement or understanding with any Purchaser with respect to the transactions contemplated by the Transaction Documents other than as specified in the Transaction Documents. For the avoidance of doubt, the Company has not entered into any other securities purchase agreement with any other Person on or around the date hereof, that includes terms and conditions that are materially more advantageous to such Person than to any Purchaser hereunder.

(nn) The Company hereby acknowledges and agrees that (i) the Placement Agents are acting solely as placement agents in connection with the execution, delivery and performance of the Transaction Documents and are not acting as underwriters or in any other capacity and are not and shall not be construed as fiduciaries for the Purchasers, the Company or any other person or entity in connection with the execution, delivery and performance of the Transaction Documents, (ii) the Placement Agents have not made nor will make any representation or warranty, whether express or implied, of any kind or character and the Placement Agents have not provided any advice or recommendation in connection with the execution, delivery and performance of the Transaction Documents and (iii) the Placement Agents will not have any responsibility with respect to (A) any representations, warranties or agreements made by any person or entity under or in connection with the execution, delivery and performance of the Transaction Documents, or the execution, legality, validity or enforceability (with respect to any person) thereof, or (B) the business, affairs, financial condition, operations or properties of, or any other matter concerning the Company.

(oo) The Company has not entered into, and will not enter into, any other agreement or any definitive transaction document, side letter, undertaking letter, or other similar agreement or instrument with any Purchaser or any other purchaser of Securities in connection with the transactions contemplated hereby with terms and conditions that are more favorable than the terms and conditions provided to the Purchasers under this Agreement.

(pp) The Company is not, and has not been during the period specified in Code Section 897(c)(1)(A)(ii), a United States real property holding corporation within the meaning of Code Section 897(c)-2, and the Company shall so certify upon any Purchaser's request.

(qq) At the time it was most recently provided to the Purchasers, the Investor Presentation did not contain any untrue statement of material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(rr) With respect to the Shares to be offered and sold hereunder in reliance on Rule 506 under the Securities Act, none of the Company, any of its predecessors, any affiliated issuer, any director, executive officer, other officer of the Company participating in the offering hereunder, any beneficial owner of 20% or more of the Company's outstanding voting equity securities, calculated on the basis of voting power, nor any promoter (as that term is defined in Rule 405 under the Securities Act) connected with the Company in any capacity at the time of sale (each, an "Issuer Covered Person" and, together, "Issuer Covered Persons") is subject to any of the "Bad Actor" disqualifications described in Rule 506(d)(1)(i) to (vii) under the Securities Act (a "Disqualification Event"), except for a Disqualification Event covered by Rule 506(d)(2) or (d)(3). The Company has exercised reasonable care to determine whether any Issuer Covered Person is subject to a Disqualification Event. The Company has complied, to the extent applicable, with its disclosure obligations under Rule 506(e), and has furnished to the Purchasers a copy of any disclosures provided thereunder. The Company will notify the Purchasers and the Placement Agent in writing, prior to the Closing Date of (i) any Disqualification Event relating to any Issuer Covered Person and (ii) any event that would, with the passage of time, become a Disqualification Event relating to any Issuer Covered Person.

**3.2 Representations and Warranties of the Purchasers.** Each Purchaser, for itself and for no other Purchaser, hereby represents and warrants as of the date of this Agreement and as of the Closing Date (or, if such representations and warranties are made with respect to a specified date, as of such date) to the Company that the following representations and warranties are true and complete as of the date hereof and as of the Closing Date:

(a) Such Purchaser is either an individual or an entity duly incorporated or formed, validly existing and in good standing under the laws of its jurisdiction of formation or incorporation

with the requisite power and authority to enter into and perform its obligations under the Transaction Documents.

(b) Each Transaction Document to which it is a party has been duly authorized, executed and delivered by such Purchaser, and assuming the due authorization, execution and delivery of the same by the Company, each Transaction Document to which such Purchaser is a party shall constitute the valid and legally binding obligation of such Purchaser, enforceable against such Purchaser in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors generally and by the availability of equitable remedies.

(c) The execution, delivery and performance of the Transaction Documents, including the purchase of the Securities hereunder, the compliance by such Purchaser with all of the provisions of the Transaction Documents and the consummation of the transactions contemplated herein will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of such Purchaser pursuant to the terms of (i) any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which such Purchaser is a party or by which such Purchaser is bound or to which any of the property or assets of such Purchaser is subject; (ii) the Organizational Documents of such Purchaser; or (iii) any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over such Purchaser or any of its properties that in the case of clauses (i) and (iii), would reasonably be expected to have a material adverse effect on such Purchaser's ability to consummate the transactions contemplated by the Transaction Documents, including the purchase of the Securities.

(d) (i) At the time such Purchaser was offered the Securities, it was, and as of the date hereof it is, and on each date on which it exercises any Pre-Funded Warrant, it will be, (i) an "accredited investor" (within the meaning of Rule 501(a) under the Securities Act) or a "qualified institutional buyer" as defined in Rule 144A(a) under the Securities Act, satisfying the applicable requirements set forth on Annex A hereto, (ii) such Purchaser is acquiring the Securities only for its own account and not for the account of others, or if such Purchaser is subscribing for the Securities as a fiduciary or agent for one or more investor accounts, each owner of such account is an "accredited investor" (within the meaning of Rule 501(a) under the Securities Act) and such Purchaser has full investment discretion with respect to each such account, and the full power and authority to make the acknowledgements, representations and agreements herein on behalf of each owner of each such account, and (iii) such Purchaser is not acquiring the Securities with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act (and, except as otherwise agreed by the Company and the Placement Agents, has provided the Company with the requested information on Annex A following the signature page hereto).

(e) Such Purchaser acknowledges and agrees that the Securities are being offered in a transaction not involving any public offering within the meaning of the Securities Act and that the Securities have not been registered under the Securities Act or the securities laws of any state in the United States or other jurisdiction and that the Company is not required to register the Securities except as set forth in the Registration Rights Agreement. Such Purchaser acknowledges and agrees that the Securities may not be offered, resold, transferred, pledged or otherwise disposed of by such Purchaser absent an effective registration statement under the Securities Act, except (i) to the Company or a Subsidiary thereof, (ii) pursuant to an applicable exemption from the registration requirements of the Securities Act (including without limitation a private resale pursuant to so called "Section 4(a)1½"), or (iii) an ordinary course pledge such as a broker lien over account property generally, and, in each of clauses (i) through (iii), in accordance with any applicable securities laws of the states and other jurisdictions of the United States, and that any certificates or account entries representing the Securities shall contain a restrictive legend to such effect. Such Purchaser acknowledges and agrees that the Securities will be subject to these securities law transfer restrictions, and as a result of these transfer restrictions, such Purchaser may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Securities and may be required to bear the financial risk of an investment in the Securities for an indefinite period of time. Each Purchaser acknowledges and agrees that the Securities will not be immediately eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144. Such Purchaser acknowledges and agrees that it has been advised to consult legal counsel prior to making any offer, resale, pledge or transfer of any of the Securities.

(f) Such Purchaser understands and agrees that it is purchasing the Securities directly from the Company. Each Purchaser further acknowledges that there have not been, and such Purchaser hereby agrees that it is not relying on, any representations, warranties, covenants or agreements made to such Purchaser by the Company, the Placement Agents, or any of their respective Affiliates or any of their control persons, officers, directors, employees, partners, agents or representatives, or any other person or entity, expressly or by implication, other than those representations, warranties covenants and agreements of the Company set forth in this Agreement and the Registration Rights Agreement. Such Purchaser agrees that none of (i) any other Purchaser (including the controlling persons, members, officers, directors, partners, agents, or employees of any such other Purchaser) and (ii) the Placement Agents, their respective Affiliates or any of their respective Affiliates' control persons, officers, directors or employees shall be liable (including, without limitation, for or with respect to any losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses or disbursements incurred by such person or entity), whether in contract, tort or otherwise, or have any liability or obligation to such Purchaser or any other Purchaser, or any person claiming through such Purchaser or any other Purchaser, related to the offering of the Securities, including, without limitation, pursuant to this Agreement or the other Transaction Documents, the negotiation hereof or the subject matter hereof, the transactions contemplated hereby, or the information included in the SEC Reports or the Investor Presentation (as defined below), for any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Securities.

(g) In making its decision to purchase the Securities, such Purchaser has relied solely upon independent investigation made by such Purchaser, the SEC Reports, the Company Investor Presentation dated January 2026, as most recently provided to such Purchaser in connection herewith (the "**Investor Presentation**") and the Company's representations in Section 3.1 of this Agreement. Such Purchaser acknowledges and agrees that such Purchaser has received such information as such Purchaser deems necessary in order to make an investment decision with respect to the Securities, including with respect to the Company, and made its own assessment and is satisfied concerning the relevant financial, tax and other economic considerations relevant to the Purchaser's investment in the Securities. Such Purchaser acknowledges that the Company has offered to provide such Purchaser with additional information regarding certain projected financial and operational information of the Company (the "**Additional Information**"). If such Purchaser has not received the Additional Information, such Purchaser has, in its sole discretion, declined such offer. If such Purchaser has received the Additional Information, such Purchaser acknowledges and agrees that the Company does not intend to make any public "cleansing disclosure" with respect to such Additional Information or provide such Purchaser with any determination as to whether the Company continues to view such Additional Information as material. In addition, such Purchaser acknowledges that the Letter of Intent is non-binding and the completion of any Government Financing is subject to the negotiation and execution of definitive agreements. Without limiting the generality of the foregoing, such Purchaser acknowledges that it had the opportunity to review the Company's filings with the Commission. Such Purchaser represents and agrees that such Purchaser and such Purchaser's professional advisor(s), if any, have had the full opportunity to ask such questions, receive such answers and obtain such information as such Purchaser and the Purchaser's professional advisor(s), if any, have deemed necessary to make an investment decision with respect to the Securities. Such Purchaser acknowledges and agrees that none of the Placement Agents, nor any of their officers, directors, employees or other representatives, legal counsel, financial advisors, accountants or agents (collectively, "**Representatives**") has provided such Purchaser with any recommendation or advice with respect to the Securities nor is such recommendation or advice necessary or desired. The Placement Agents have not made, and do not make, any representation as to the Company or the quality or value of the Securities. In addition, the Company, the Placement Agents and their respective Affiliates or Representatives have acquired non-public information with respect to the Company which such Purchaser agrees, subject to applicable law, need not be provided to it. The Placement Agents and each of their respective members, directors, officers, employees, representatives and controlling persons have made no independent investigation with respect to the Company or any Securities or the accuracy, completeness or adequacy of any information supplied to such Purchaser by the Company. In connection with the issuance of the Securities to such Purchaser, such Purchaser agrees and acknowledges that the Placement Agents are acting as the Company's placement agents in connection with the transactions contemplated by this Agreement, and none of the Placement Agents or any of their respective Affiliates have acted as a financial advisor or fiduciary to such Purchaser.

(h) Such Purchaser became aware of this offering of the Securities solely by means of direct contact between such Purchaser and the Company or its Affiliates, by means of direct contact between such Purchaser or its Affiliates or by means of contact from the Placement Agents, and Securities were offered to such Purchaser solely by direct contact between such Purchaser and the Company or its Affiliates. Such Purchaser did not become aware of this offering of the Securities, nor were the Securities offered to such Purchaser, by any other means. Such Purchaser acknowledges that the Company represents and warrants that the Securities (i) were not offered by any form of general solicitation or general advertising (within the meaning of Regulation D of the Securities Act) and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws.

(i) Such Purchaser acknowledges that it is aware that there are substantial risks incident to the purchase and ownership of the Securities, including those set forth in the SEC Reports. Such Purchaser has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Securities, and such Purchaser has had an opportunity to seek, and has sought, such accounting, legal, business and tax advice as such Purchaser has considered necessary to make an informed investment decision. Such Purchaser (i) is an institutional account as defined in FINRA Rule 4512(c), (ii) is a sophisticated investor, experienced in investing in private equity transactions and capable of evaluating investment risks independently, both in general and with regard to all transactions and investment strategies involving a security or securities, and (iii) has exercised independent judgment in evaluating its participation in the purchase of the Securities. Such Purchaser understands and acknowledges that, assuming the accuracy of Company's representations, the purchase and sale of the Securities hereunder meets (i) the exemptions from filing under FINRA Rule 5123(b)(1)(A) and (ii) the institutional customer exemption under FINRA Rule 2111(b).

(j) Such Purchaser has adequately analyzed and fully considered the risks of an investment in the Securities and determined that the Securities are a suitable investment for such Purchaser and that such Purchaser is able at this time and in the foreseeable future to bear the economic risk of a total loss of such Purchaser's investment in the Company. Such Purchaser acknowledges specifically that a possibility of total loss exists.

(k) Such Purchaser understands and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Securities or made any findings or determination as to the fairness of this investment.

(l) Such Purchaser is not (i) a person or entity named on the List of Specially Designated Nationals and Blocked Persons administered by OFAC or in any Executive Order issued by the President of the United States and administered by OFAC ("OFAC List"), or a person or entity prohibited by any OFAC sanctions program, (ii) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515, or (iii) a non-U.S. shell bank or providing banking services indirectly to a non-U.S. shell bank. Such Purchaser agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that such Purchaser is permitted to do so under applicable law. If such Purchaser is a financial institution subject to the Bank Secrecy Act (31 U.S.C. Section 5311 et seq.), as amended by the USA PATRIOT Act of 2001, and its implementing regulations (collectively, the "BSA/PATRIOT Act"), such Purchaser maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent required, such Purchaser maintains policies and procedures reasonably designed for the screening of its investors against the OFAC sanctions programs, including the OFAC List. To the extent required, such Purchaser maintains policies and procedures reasonably designed to ensure that the funds held by such Purchaser and used to purchase the Securities were legally derived.

(m) No foreign person (as defined in 31 C.F.R. Part 800.224) in which the national or subnational governments of a single foreign state have a substantial interest (as defined in 31 C.F.R. Part 800.244) will acquire a substantial interest in the Company as a result of the purchase and sale of Securities hereunder such that a declaration to the Committee on Foreign Investment in the United States would be mandatory under 31 C.F.R. Part 800.401, and no foreign person will have control (as defined in 31 C.F.R. Part 800.208) over the Company from and after the Closing as a result of the purchase and sale of Securities hereunder.

22

---

(n) Such Purchaser (i) will have sufficient funds to pay the Subscription Amount pursuant to Section 2.2(b)(iii) of this Agreement; and (ii) has the resources and capabilities (financial or otherwise) to perform its obligations under the Transaction Documents when due; and (iii) has not incurred any obligation, commitment, restriction or liability of any kind, absolute or contingent, present or future, which would impair or adversely affect its ability to perform its obligations under the Transaction Documents.

(o) Such Purchaser acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, the Company, the Placement Agents or any of their respective Affiliates or any of their control persons, officers, directors, employees, agents or representatives), other than the SEC Reports, the Investor Presentation, and the representations and warranties of the Company contained in this Agreement or the Registration Rights Agreement, in making its investment or decision to invest in the Company. Such Purchaser agrees that none of (i) any other Purchaser or any other Person participating in any other private placement of shares of Common Stock (including the controlling persons, officers, directors, partners, agents or employees of any such other Person), (ii) the Company's Affiliates or any of its respective Affiliates' control persons, officers, directors, partners, agents, employees or representatives nor (iii) the Placement Agents, their respective Affiliates or any of their respective control persons, officers, directors, partners, agents, employees or representatives shall be liable to such Purchaser or any other Purchaser, including, without limitation, pursuant to the Transaction Documents or any other agreement related to a private placement of Securities, or the information included in the SEC Reports or the Investor Presentation, for any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Securities hereunder or thereunder; except, with respect to clause (ii) above, to the extent of their own gross negligence, fraud or willful misconduct.

(p) No broker or finder is entitled to any brokerage or finder's fee or commission to be paid by such Purchaser solely in connection with the sale of the Securities to such Purchaser.

(q) Reserved.

(r) Such Purchaser acknowledges its obligations under applicable securities laws with respect to the treatment of non-public information relating to the Company. For the avoidance of doubt, nothing in this Agreement or any Transaction Document shall restrict or be deemed to restrict any Purchaser's ability to effect transactions in the securities of any issuer other than the Company, in each case subject to applicable law.

## ARTICLE 4

### OTHER AGREEMENTS OF THE PARTIES

#### 4.1 Transfer Restrictions.

(a) The Securities may only be disposed of by a Purchaser in compliance with applicable state and federal securities laws. In connection with any transfer of Securities by a Purchaser other than (i) pursuant to an effective registration statement or Rule 144, (ii) to the Company, (iii) to an Affiliate of such Purchaser or (iv) in connection with a pledge as contemplated in Section 4.1(b), subject to Section 4.1(b) below), the Company may require the transferor thereof to provide to the Company an opinion of counsel selected by the transferor and reasonably acceptable to the Company, the form and substance of which opinion shall be reasonably satisfactory to the Company, to the effect that such transfer does not require registration of such transferred Securities under the Securities Act. As a condition of transfer (other than a transaction pursuant to clauses (i) through (iii) above), any such transferee shall agree in writing to be bound by the terms of this Agreement and, if permitted pursuant to the terms thereof, the Registration Rights Agreement and shall have the rights and obligations of the Purchasers under this Agreement and the Registration Rights Agreement, if a party thereto.

23

---

(b) Each Purchaser agrees to the imprinting or notation, so long as is required by this Section 4.1, of a legend on or with respect to the Securities in the following form:

THIS SECURITY AND THE SECURITIES FOR WHICH THIS SECURITY IS EXERCISABLE [HAS / HAVE] NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION OR THE SECURITIES COMMISSION OF ANY STATE IN RELIANCE UPON AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT OR PURSUANT TO AN AVAILABLE EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND IN ACCORDANCE WITH APPLICABLE STATE SECURITIES LAWS. THIS SECURITY [AND THE SECURITIES ISSUABLE UPON EXERCISE OF THIS SECURITY] MAY BE PLEDGED IN CONNECTION WITH A BONA FIDE MARGIN ACCOUNT WITH A REGISTERED BROKER-DEALER OR OTHER LOAN WITH A FINANCIAL INSTITUTION THAT IS AN "ACCREDITED INVESTOR" AS DEFINED IN RULE 501(a) UNDER THE SECURITIES ACT OR OTHER LOAN SECURED BY SUCH SECURITIES.

The Company acknowledges and agrees that a Purchaser may from time to time pledge pursuant to a bona fide margin agreement with a registered broker-dealer or grant a security interest in some or all of the Securities to a financial institution that is an “accredited investor” as defined in Rule 501(a) under the Securities Act and who agrees to be bound by the provisions of this Agreement and, if required under the terms of such arrangement, such Purchaser may transfer pledged or secured Securities to the pledgees or secured parties. Such a pledge shall not be considered a transfer for purposes of the Transaction Documents and any such pledge or transfer would not be subject to approval of the Company and no legal opinion of legal counsel of the pledgee, secured party or pledgor shall be required in connection therewith. Further, no notice shall be required of such pledge. At the appropriate Purchaser’s reasonable expense (as agreed to by the Purchaser), the Company will execute and deliver such reasonable documentation as a pledgee or secured party of Securities may reasonably request in connection with a pledge or transfer of the Securities, including, if the Securities are subject to registration pursuant to the Registration Rights Agreement, the preparation and filing of any required prospectus supplement under Rule 424(b) under the Securities Act or other applicable provision of the Securities Act to appropriately amend the list of selling securityholders thereunder.

(c) Certificates (or reasonable evidence of issuance by book entry, as applicable) evidencing the Shares and Warrant Shares shall not contain any legend (including the legend set forth in Section 4.1(b) hereof), (i) following any sale of such Shares or Warrant Shares pursuant to a registration statement (including the Registration Statement) covering the resale of such security is effective under the Securities Act, (ii) following any sale of such Shares or Warrant Shares pursuant to Rule 144 (assuming cashless exercise of the Pre-Funded Warrants), (iii) if such Shares or Warrant Shares are eligible for sale under Rule 144 (assuming cashless exercise of the Pre-Funded Warrants), without the requirement for the Company to be in compliance with the current public information required under Rule 144(c)(1) or Rule 144(i)(2) as to such Shares and Warrant Shares and without volume or manner-of-sale restrictions, or (iv) if in the opinion of counsel to the Company, such legend is not required under applicable requirements of the Securities Act (including judicial interpretations and pronouncements issued by the staff of the Commission).

The Company agrees that at such time as such legend is no longer required under this Section 4.1(c), it will, no later than the earlier of (i) one (1) Trading Day and (ii) the number of Trading Days comprising the Standard Settlement Period (as defined below) following the delivery by a Purchaser to the Company or the Transfer Agent of a certificate representing Shares or Warrant Shares, as the case may be, issued with a restrictive legend (such date, the “**Legend Removal Date**”), deliver or cause to be delivered to such Purchaser a certificate representing such shares that is free from all restrictive and other legends and the Company shall use commercially reasonable efforts to cause its counsel to issue a legal opinion to the Transfer Agent or such Purchaser if required by the Transfer Agent to effect the removal of the legend hereunder. The Company may not make any notation on its records or give instructions to the Transfer Agent that enlarge the restrictions on transfer set forth in this Section 4.1. Certificates for Securities subject to legend removal hereunder shall be transmitted by the Transfer Agent to a Purchaser by crediting the account of such Purchaser’s prime broker with the Depository Trust Company System as directed by such Purchaser. As used herein, “Standard Settlement Period” means the standard settlement period, expressed in a number of Trading Days, on the Company’s primary Trading Market with respect to the Common Stock as in effect on the date of delivery of a certificate representing Shares or Warrant Shares, as the case may be, issued with a restrictive legend.

(d) Each Purchaser agrees with the Company that such Purchaser will sell any Securities pursuant to either the registration requirements of the Securities Act, including any applicable prospectus delivery requirements, or an exemption therefrom, and that if Securities are sold pursuant to a Registration Statement, they will be sold in compliance with the plan of distribution set forth therein, and acknowledges that the removal of the restrictive legend from certificates (or reasonable evidence of issuance by book entry, as applicable) representing Securities as set forth in this Section 4.1 is predicated upon the Company’s reliance upon this understanding.

**4.2 Acknowledgment of Dilution.** The Company acknowledges that the issuance of the Securities will result in dilution of the outstanding shares of Common Stock. The Company further acknowledges that its obligations under the Transaction Documents, including without limitation, its obligation to issue the Warrant Shares pursuant to the Transaction Documents, are unconditional and absolute and not subject to any right of set off, counterclaim, delay or reduction, regardless of the effect of any such dilution or any claim the Company may have against such Purchaser and regardless of the dilutive effect that such issuance will have on the ownership of the other stockholders of the Company.

**4.3 Furnishing of Information; Public Information.** Until the time that no Purchaser owns any Securities, the Company shall use commercially reasonable efforts to maintain the registration of the Common Stock under Section 12(b) or 12(g) of the Exchange Act and to timely file all reports required to be filed by the Company after the date hereof pursuant to the Exchange Act even if the Company is not then subject to the reporting requirements of the Exchange Act.

**4.4 Integration.** The Company shall not sell, offer for sale or solicit offers to buy or otherwise negotiate in respect of any security (as defined in Section 2 of the Securities Act) that would be integrated with the offer or sale of the Securities in a manner that would require the registration under the Securities Act of the sale of the Securities or that would be integrated with the offer or sale of the Securities for purposes of the rules and regulations of any Trading Market such that it would require stockholder approval prior to the closing of such other transaction unless stockholder approval is obtained before the closing of such subsequent transaction.

**4.5 Securities Laws Disclosure; Publicity.** The Company shall (a) by the Disclosure Time, issue a press release and/or file a Current Report on Form 8-K (the “**Disclosure Document**”) disclosing the material terms of the transactions contemplated hereby, which shall have been previously reviewed by counsel for the Placement Agents and all material non-public information (other than the Additional Information) concerning the Company disclosed to the Purchasers by the Company or its agents, and (b) in respect of any information that is issued in a press release, file a Current Report on Form 8-K, which shall have been previously reviewed by counsel for the Placement Agents, including the form of this Agreement as an exhibit thereto, within the time required by the Exchange Act. Effective upon the issuance of such Disclosure Document, the Company acknowledges and agrees that (i) Purchasers who have not received the Additional Information shall not be in possession of material non-public information concerning the Company disclosed to the Purchasers by the Company or its agents, (ii) Purchasers who have received the Additional Information shall not be in possession of material non-public information (other than the Additional Information) concerning the Company disclosed to the Purchasers by the Company or its agents, and (iii) with respect to Purchasers who have not received the Additional Information, any and all confidentiality or similar obligations under this Agreement, or an agreement entered into in connection with the transactions contemplated by the Transaction Documents, whether written or oral, between the Company or any of its officers, directors, agents, employees or Affiliates on the one hand, and any of the Purchasers or any of their respective officers, directors, agents, employees or investment advisers, on the other hand, shall terminate and be of no further force or effect. Any Purchaser who has elected to receive the Additional Information acknowledges and agrees that such information will not, and is not required to be, made public pursuant to this Agreement, the Company is not required to, and will not provide such Purchasers with any determination as to whether the Company continues to view such Additional Information as material, and each such Purchaser shall remain subject to any restrictions imposed by applicable law. The Company and each Purchaser shall consult with each other in issuing any other press releases with respect to the transactions contemplated hereby, and neither the Company nor any Purchaser shall issue any such press release nor otherwise make any such public statement without the prior consent of the Company and the Placement Agents, with respect to any press release of any Purchaser, or without the prior consent of the Placement Agents, with respect to any press release of the Company; provided, however, that any filing to be made by any Purchaser pursuant to Section 13 and/or Section 16 of the Exchange Act shall not be subject to the Company’s or the Placement Agents’ consent or consultation. To the extent any disclosure is required by law or the regulations of the Trading Market, the Company shall provide such Purchaser with prompt prior written notice of such requirement so that such Purchaser may (a) seek appropriate relief to prevent or limit such disclosure, (b) furnish only that portion of the information which is legally required to be furnished or disclosed, and to the extent reasonably feasible, (c) consult with the Company on content and timing prior to any such disclosure. Notwithstanding anything to the contrary contained herein, without the prior written consent of any applicable Purchaser, the Company shall not (and shall cause each of its affiliates and representatives not to) disclose the name of such Purchaser or its investment adviser in any filing, announcement, release or otherwise, except as required by law in which case the Company shall comply with the provisions of this Section 4.5.

**4.6 Stockholder Rights Plan.** No claim will be made or enforced by the Company or, with the consent of the Company, any other Person, that exclusively as a result of the transactions contemplated by this Agreement any Purchaser is an “**Acquiring Person**” under any control share acquisition, business combination, poison pill (including any distribution under a rights agreement) or similar anti-takeover plan or arrangement in effect or hereafter adopted by the Company, or that any Purchaser could be deemed to trigger the provisions of any such plan or arrangement, by virtue of receiving Securities under the Transaction Documents.

**4.7 Non-Public Information.** From and after the Disclosure Time, the Company covenants and agrees that neither it, nor any other Person acting on its behalf, will provide any Purchaser or its agents or counsel with any information that constitutes, or the Company believes constitutes, material non-public information, unless prior thereto such Purchaser shall have consented in writing (with e-mail being sufficient) to the receipt of such information and agreed with the Company to keep such information confidential. To the extent that the Company or

any of its respective officers, director, agents, employees or Affiliates delivers any material, non-public information to any Purchaser without such Purchaser's prior written consent, the Company hereby covenants and agree that such Purchaser shall not have any duty of trust or confidentiality to the Company or any of its respective officers, directors, agents (including, without limitation, the Placement Agent), employees or Affiliates, or a duty to the Company or any of its respective officers, directors, agents (including, without limitation, the Placement Agents), employees or Affiliates not to trade while aware of, such material, non-public information, provided that such Purchaser shall remain subject to applicable law. To the extent that any notice provided pursuant to any Transaction Document constitutes, or contains, material, non-public information regarding the Company, the Company shall if reasonably practicable simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K. The Company understands and confirms that the Purchasers shall be relying on the foregoing covenants in effecting transactions in securities of the Company.

**4.8 Use of Proceeds.** The Company shall use the net proceeds from the sale of the Securities hereunder for general corporate and working capital purposes, in the Company's exclusive discretion.

**4.9 Indemnification.**

(a) Subject to the provisions of this Section 4.9, the Company will indemnify and hold each Purchaser Party harmless from any and all Losses that any such Purchaser Party may suffer or incur (i) as a result of or relating to any breach of any of the representations, warranties, covenants or agreements made by the Company in this Agreement or in the other Transaction Documents (unless such action is based upon a material breach of such Purchaser Party's representations, warranties or covenants under the Transaction Documents or any agreements or understandings such Purchaser Party may have with any such stockholder or any violations by such Purchaser Party of state or federal securities laws or any conduct by such Purchaser Party which is finally judicially determined to constitute fraud, gross negligence or willful misconduct) or (ii) as a result of or arising out of any action, claim or proceeding, pending or threatened, against a Purchaser Party in any capacity by any stockholder of the Company (whether directly or in a derivative capacity) who is not an Affiliate of the Purchaser Party with respect to the transactions contemplated by the Transaction Agreements (unless such action, claim or proceeding is based upon conduct of such Purchaser Party which finally judicially determined to have been a violation of state or federal securities laws or which constitutes fraud, gross negligence or willful misconduct (each of (i) and (ii), a "Covered Action").

(b) If any Covered Action shall be brought against any Purchaser Party in respect of which indemnity may be sought pursuant to this Agreement, such Purchaser Party shall promptly notify the Company in writing, and the Company shall have the right to assume the defense thereof with counsel of its own choosing reasonably acceptable to such Purchaser Party. Any Purchaser Party shall have the right to employ separate counsel in any such Covered Action and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Purchaser Party except to the extent that (i) the employment thereof has been specifically authorized by the Company in writing, (ii) the Company has failed after a reasonable period of time to assume such defense and to employ counsel or (iii) in such Covered Action there is, in the reasonable opinion of counsel to the applicable Purchaser Party, a material conflict on any material issue between the position of the Company and the position of such Purchaser Party, in which case the Company shall be responsible for the reasonable fees and expenses of no more than one such separate counsel. The Company will not be liable to any Purchaser Party under this Agreement (y) for any settlement by an Purchaser Party effected without the Company's prior written consent, which shall not be unreasonably withheld, conditioned or delayed; or (z) to the extent, but only to the extent that a loss, claim, damage or liability is attributable to any Purchaser Party's willful misconduct, gross negligence or breach of any of the representations, warranties, covenants or agreements made by such Purchaser Party in this Agreement or in the other Transaction Documents. The Company shall not, without the prior written consent of the Purchaser Party (which consent shall not be unreasonably withheld), consent to entry of any judgment or enter into any settlement or other compromise which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such Purchaser Party of a release from all liability in respect to such Covered Action, and such settlement shall not include any admission as to fault on the part of such Purchaser Party. The indemnification required by this Section 4.9 shall be made by periodic payments of the amount thereof during the course of the investigation or defense, as and when bills are received or are incurred. The indemnity agreements contained herein shall be in addition to any cause of action or similar right of any Purchaser Party against the Company or others and any liabilities the Company may be subject to pursuant to law.

**4.10 Reservation and Listing of Shares.**

(a) Commencing on the Closing Date, the Company shall maintain a reserve of the Required Minimum from its duly authorized shares of Common Stock for issuance pursuant to the Transaction Documents in such amount as may then be required to fulfill its obligations in full under the Transaction Documents.

(b) If, on any date following the Closing Date, the number of authorized but unissued (and otherwise unreserved) shares of Common Stock is less than 100% of (i) the Required Minimum on such date, minus (ii) the number of shares of Common Stock previously issued pursuant to the Transaction Documents, then the Board of Directors shall use commercially reasonable efforts to amend the Company's certificate or articles of incorporation to increase the number of authorized but unissued shares of Common Stock to at least the Required Minimum at such time (minus the number of shares of Common Stock previously issued pursuant to the Transaction Documents), as soon as possible and in any event not later than the 75th day after such date, provided that the Company will not be required at any time to authorize a number of shares of Common Stock greater than the maximum remaining number of shares of Common Stock that could possibly be issued after such time pursuant to the Transaction Documents.

(c) The Company shall use commercially reasonable efforts to maintain the listing or quotation of the Common Stock on any date at least equal to the Required Minimum on such date on such Trading Market or another Trading Market. The Company agrees to maintain the eligibility of the Common Stock for electronic transfer through the Depository Trust Company or another established clearing corporation, including, without limitation, by timely payment of fees to the Depository Trust Company or such other established clearing corporation in connection with such electronic transfer.

**4.11 Subsequent Equity Sales.** From the date hereof until the Standstill Termination Date, the Company shall not, without the prior written consent of the Purchasers of at least a majority in interest of the Securities then held by the Purchasers, (i) other than in an Exempt Issuance, issue, enter into any agreement to issue or announce the issuance or proposed issuance of any shares of Common Stock or Common Stock Equivalents or (ii) except as set forth in Section 4.11 of the Disclosure Schedules, file any registration statement or any amendment or supplement thereto, in each case other than in furtherance of an Exempt Issuance or as contemplated pursuant to the Registration Rights Agreement.

**4.12 Certain Transactions and Confidentiality.** Each Purchaser, severally and not jointly with the other Purchasers, covenants that neither it nor any Person acting on its behalf or pursuant to any understanding with it will execute any purchases or sales, including Short Sales of any of the Company's securities during the period commencing with the execution of this Agreement and ending at such time that the transactions contemplated by this Agreement are first publicly announced pursuant to the initial Disclosure Document as described in Section 4.5(a). Each Purchaser, severally and not jointly with the other Purchasers, covenants that until such time as the transactions contemplated by this Agreement are publicly disclosed by the Company pursuant to the Disclosure Document as described in Section 4.5(a), such Purchaser will maintain the confidentiality of the existence and terms of this transaction (other than to its representatives, including, without limitation, its attorneys). Notwithstanding the foregoing, and notwithstanding anything contained in this Agreement to the contrary, the Company expressly acknowledges and agrees that, except with respect to the Additional Information if received by such Purchaser, (i) no Purchaser makes any representation, warranty or covenant hereby that it will not engage in effecting transactions, including Short Sales, in any securities of the Company after the time that the transactions contemplated by this Agreement are first publicly announced pursuant to the Disclosure Document as described in Section 4.5(a), (ii) no Purchaser shall be restricted or prohibited from effecting any transactions, including Short Sales, in any securities of the Company in accordance with applicable securities laws from and after the time that the transactions contemplated by this Agreement are first publicly announced pursuant to the Disclosure Document as described in Section 4.5(a) and (iii) no Purchaser shall have any duty of confidentiality or duty not to trade in the securities of the Company to the Company after the issuance of the Disclosure Document as described in Section 4.5(a). Notwithstanding the foregoing, (A) in the case of an Purchaser that is a multi-managed investment vehicle whereby separate portfolio managers manage separate portions of such Purchaser's assets and the portfolio managers have no direct knowledge of the investment decisions made by the portfolio managers managing other portions of such Investor's assets, the covenant set forth above shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Securities covered by this Agreement and (B) in the case of a Purchaser that has implemented internal information barriers pursuant to an information controls policy to 'wall off' certain trading personnel, this Section 4.12 shall apply only with respect to activities of such walled-off trading personnel.

**4.13 Blue Sky Filings.** The Company shall take such action as the Company shall reasonably determine is necessary in order to obtain an exemption for, or to qualify the Securities for, sale to the Purchasers at the Closing under applicable securities or “Blue Sky” laws of the states of the United States.

**4.14 Equal Treatment of Purchasers.** No consideration (including any modification of any Transaction Document) shall be offered or paid to any Person to amend or consent to a waiver or modification of any provision of the Transaction Documents unless the same consideration is also offered to all of the Purchasers. For clarification purposes, this provision constitutes a separate right granted to each Purchaser by the Company and negotiated separately by each Purchaser, and is intended for the Company to treat the Purchasers as a class and shall not in any way be construed as the Purchasers acting in concert or as a group with respect to the purchase, disposition or voting of Securities or otherwise.

**4.15 Reliance.** Each Purchaser acknowledges that the Company and the Placement Agents will rely on the acknowledgments, understandings, agreements, representations and warranties of such Purchaser contained in this Agreement; provided, however, that the foregoing clause of this Section 4.15 shall not give the Company any rights other than those expressly set forth herein. Prior to the Closing, each Purchaser agrees to promptly notify the Company and the Placement Agents if it becomes aware that any of the acknowledgments, understandings, agreements, representations and warranties of such Purchaser set forth herein are no longer accurate in all material respects. The Company acknowledges that each Purchaser and the Placement Agents will rely on the acknowledgments, understandings, agreements, representations and warranties of the Company contained in this Agreement. Prior to the Closing, the Company agrees to promptly notify each Purchaser and the Placement Agents in writing if it becomes aware that any of the acknowledgments, understandings, agreements, representations and warranties of the Company set forth herein are no longer accurate in all material respects (or in all respects if such acknowledgment, understanding, agreement, representation and warranty is qualified by materiality or Material Adverse Effect).

## ARTICLE 5

### MISCELLANEOUS

**5.1 Termination.** This Agreement may be terminated (a) by mutual written agreement of a Purchaser as to such Purchaser’s obligations and the Company, or (b) by any Purchaser, as to such Purchaser’s obligations hereunder only and without any effect whatsoever on the obligations between the Company and the other Purchasers, by written notice to the other parties, if the Closing has not been consummated on or before the fifth (5th) Trading Day following the date hereof; *provided, however,* that no such termination will affect the right of any party to sue for any breach by any other party (or parties). The Company shall provide prompt notice of any such termination to each other Purchaser.

28

**5.2 Fees and Expenses.** Except as expressly set forth in the Transaction Documents or the Engagement Letters (as defined below), each party shall pay the fees and expenses of its advisers, counsel, accountants and other experts, if any, and all other expenses incurred by such party incident to the negotiation, preparation, execution, delivery and performance of this Agreement and the Transaction Documents. The Company shall pay all Transfer Agent fees (including, without limitation, any fees required for same-day processing of any instruction letter delivered by the Company and any exercise notice delivered by a Purchaser), stamp taxes and other Taxes and duties levied in connection with the delivery of any Securities to the Purchasers.

**5.3 Entire Agreement.** The Transaction Documents, together with the exhibits and schedules thereto, contain the entire understanding of the parties with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, oral or written, other than the duties or obligations as set forth in the engagement letter(s), dated on or about January 16, 2026, by and between the Company and the Placement Agents (the “**Engagement Letters**”), with respect to such matters, which the parties acknowledge have been merged into such documents, exhibits and schedules.

**5.4 Notices.** Any and all notices or other communications or deliveries required or permitted to be provided hereunder shall be in writing and shall be deemed given and effective on the earliest of: (a) the time of transmission, if such notice or communication is delivered via email, with no mail undeliverable or rejection notice, at the e-mail address as set forth on the signature pages attached hereto at or prior to 5:30 p.m. (New York City time) on a Trading Day, (b) the next Trading Day after the time of transmission, if such notice or communication is delivered via email, with no mail undeliverable or rejection notice, at the e-mail address as set forth on the signature pages attached hereto on a day that is not a Trading Day or later than 5:30 p.m. (New York City time) on any Trading Day, (c) the second (2<sup>nd</sup>) Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (d) upon actual receipt by the party to whom such notice is required to be given. The address for such notices and communications shall be as set forth on the signature pages attached hereto.

**5.5 Amendments; Waivers.** No amendment, modification, alteration, or change in any of the terms of this Agreement shall be valid or binding upon the parties hereto unless made in writing and duly executed by the Company and the Purchasers of at least a majority in interest of the Securities then held by the Purchasers, provided that prior to the Closing the consent of all Purchasers shall be required. No amendment, modification, alteration, change or waiver to Section 2.2(vi), Section 3.1, Section 3.2, Section 4.5, Section 4.9, Section 4.11, Section 4.15, Section 5.3, this Section 5.5, Section 5.8 and Section 5.18 can be made without the prior written consent of the Placement Agents. No amendment, modification, alteration, change or waiver to Section 4.1, Section 4.9 or this Section 5.5 can be made without the prior written consent of all Purchasers. The Company, on the one hand, and each Purchaser, on the other hand, may by an instrument signed in writing by such parties waive the performance, compliance or satisfaction by such Purchaser or the Company, respectively, with any term or provision of this Agreement or any condition hereto to be performed, complied with or satisfied by such Purchaser or the Company, respectively. No waiver of any default with respect to any provision, condition or requirement of this Agreement shall be deemed to be a continuing waiver in the future or a waiver of any subsequent default or a waiver of any other provision, condition or requirement hereof, nor shall any delay or omission of any party to exercise any right hereunder in any manner impair the exercise of any such right. Notwithstanding the foregoing, any proposed amendment or waiver that disproportionately, materially and adversely affects the rights and obligations of any Purchaser relative to the comparable rights and obligations of the other Purchasers shall require the prior written consent of such adversely affected Purchaser.

**5.6 Headings.** The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

**5.7 Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns. The Company may not assign this Agreement or any rights or obligations hereunder without the prior written consent of the other and the Purchasers (other than by merger). Each Purchaser may assign any or all of its rights under this Agreement to any Person to whom such Purchaser assigns or transfers any Securities, provided that such transferee agrees in writing to be bound, with respect to the transferred Securities, by the provisions of the Transaction Documents that apply to such “Purchaser.”

**5.8 Third-Party Beneficiaries.** The Placement Agents shall be the express third-party beneficiaries of Sections 2.2(vi), 4.15 and 5.18, hereof, the representations and warranties of the Company in Section 3.1 hereof and the representations and warranties of the Purchasers in Section 3.2 hereof. Except as otherwise set forth in Section 4.5, Section 4.9, Section 4.11, Section 5.3, this Section 5.8, Section 5.18, this Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person.

29

**5.9 Governing Law.** All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. Each party agrees that all legal Proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Agreement and any other Transaction Documents (whether brought against a party hereto or its respective Affiliates, directors, officers, shareholders, partners, members, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the State of New York. Each party hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the State of New York for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any Action or Proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such Action or Proceeding is improper or is an inconvenient venue for such Proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such Action or

Proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by law. If any party shall commence an Action or Proceeding to enforce any provisions of the Transaction Documents, then, in addition to the obligations of the parties under Section 4.9, the prevailing party in such Action or Proceeding shall be reimbursed by the non-prevailing party for its reasonable attorneys' fees and other costs and expenses incurred with the investigation, preparation and prosecution of such Action or Proceeding.

**5.10 Survival.** The representations and warranties contained in Section 3.1 and Section 3.2 shall survive the Closing and the delivery of the Securities.

**5.11 Execution.** This Agreement may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to each other party, it being understood that the parties need not sign the same counterpart. In the event that any signature is delivered by e-mail delivery of a ".pdf" format data file (including any electronic signature covered by the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act, the Electronic Signatures and Records Act or other applicable law, e.g., [www.docusign.com](http://www.docusign.com)), such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such ".pdf" signature page were an original thereof.

**5.12 Severability.** If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction to be invalid, illegal, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions set forth herein shall remain in full force and effect and shall in no way be affected, impaired or invalidated, and the parties hereto shall use their commercially reasonable efforts to find and employ an alternative means to achieve the same or substantially the same result as that contemplated by such term, provision, covenant or restriction. It is hereby stipulated and declared to be the intention of the parties that they would have executed the remaining terms, provisions, covenants and restrictions without including any of such that may be hereafter declared invalid, illegal, void or unenforceable.

**5.13 Rescission and Withdrawal Right.** Notwithstanding anything to the contrary contained in (and without limiting any similar provisions of) any of the other Transaction Documents, whenever any Purchaser exercises a right, election, demand or option under a Transaction Document and the Company does not timely perform its related obligations within the periods therein provided, then such Purchaser may rescind or withdraw, in its sole discretion from time to time upon written notice to the Company, any relevant notice, demand or election in whole or in part without prejudice to its future actions and rights.

**5.14 Replacement of Securities.** If any certificate or instrument evidencing any Securities is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation thereof (in the case of mutilation), or in lieu of and substitution therefor, a new certificate or instrument, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction. The applicant for a new certificate or instrument under such circumstances shall also pay any reasonable third-party costs (including customary indemnity) associated with the issuance of such replacement Securities.

**5.15 Remedies.** In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, the Purchasers and the Company will be entitled to specific performance under the Transaction Documents. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agree to waive and not to assert in any Action for specific performance of any such obligation the defense that a remedy at law would be adequate. For the avoidance of doubt, Section 4.9 shall be the exclusive remedy (except in the case of fraud, intentional misrepresentation or willful misconduct) for any Losses resulting from a breach of any of the representations and warranties contained in ARTICLE 3 of this Agreement, in each case exclusively to the extent such Losses arise during the survival period of such representations and warranties pursuant to the terms of this Agreement.

**5.16 Payment Set Aside.** To the extent that the Company makes a payment or payments to any Purchaser pursuant to any Transaction Document or a Purchaser enforces or exercises its rights thereunder, and such payment or payments or the proceeds of such enforcement or exercise or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside, recovered from, disgorged by or are required to be refunded, repaid or otherwise restored to the Company, a trustee, receiver or any other Person under any law (including, without limitation, any bankruptcy law, state or federal law, common law or equitable cause of action), then to the extent of any such restoration the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such enforcement or setoff had not occurred.

**5.17 Usury.** To the extent it may lawfully do so, the Company hereby agrees not to insist upon or plead or in any manner whatsoever claim, and will resist any and all efforts to be compelled to take the benefit or advantage of, usury laws wherever enacted, now or at any time hereafter in force, in connection with any Action or Proceeding that may be brought by a Purchaser in order to enforce any right or remedy under any Transaction Document. Notwithstanding any provision to the contrary contained in any Transaction Document, it is expressly agreed and provided that the total liability of the Company under the Transaction Documents for payments in the nature of interest shall not exceed the maximum lawful rate authorized under applicable law (the "**Maximum Rate**"), and, without limiting the foregoing, in no event shall any rate of interest or default interest, or both of them, when aggregated with any other sums in the nature of interest that the Company may be obligated to pay under the Transaction Documents exceed such Maximum Rate. It is agreed that if the maximum contract rate of interest allowed by law and applicable to the Transaction Documents is increased or decreased by statute or any official governmental action subsequent to the date hereof, the new maximum contract rate of interest allowed by law will be the Maximum Rate applicable to the Transaction Documents from the effective date thereof forward, unless such application is precluded by applicable law. If under any circumstances whatsoever, interest in excess of the Maximum Rate is paid by the Company to the Purchasers with respect to Indebtedness evidenced by the Transaction Documents, such excess shall be applied by the Purchasers to the unpaid principal balance of any such Indebtedness or be refunded to the Company, the manner of handling such excess to be at each Purchaser's election.

**5.18 Exculpation of the Placement Agents.** Each party hereto agrees for the express benefit of the Placement Agents, their Affiliates and their representatives that:

(a) Neither of the Placement Agents nor any of their respective Affiliates or representatives (i) have any duties or obligations other than those specifically set forth herein or in the Engagement Letters; (ii) shall be liable for any improper payment made in accordance with the information provided by the Company; (iii) make any representation or warranty, or have any responsibilities as to the validity, accuracy, value or genuineness of any information, certificates or documentation delivered by or on behalf of the Company pursuant to this Agreement or the other Transaction Documents or in connection with any of the transactions contemplated by this Agreement or the other Transaction Documents, including any offering or marketing materials; or (iv) shall be liable (A) for any action taken, suffered or omitted by any of them in good faith and reasonably believed to be authorized or within the discretion or rights or powers conferred upon it by this Agreement or any other Transaction Document or (B) for anything which any of them may do or refrain from doing in connection with this Agreement or any other Transaction Document, except for such party's own fraud, gross negligence, willful misconduct or bad faith.

(b) The Placement Agents and their respective Affiliates and representatives shall be entitled to (i) rely on, and shall be protected in acting upon, any certificate, instrument, opinion, notice, letter or any other document or security delivered to any of them by or on behalf of the Company, and (ii) be indemnified by the Company for acting as Placement Agents, hereunder pursuant the indemnification provisions set forth in the Engagement Letters.

**5.19 Saturdays, Sundays, Holidays, etc.** If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding Business Day.

**5.20 Construction.** The parties agree that each of them and/or their respective counsel have reviewed and had an opportunity to revise the Transaction Documents and, therefore, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of the Transaction Documents or any amendments thereto. In addition, each and every reference to share prices and shares of Common Stock in any Transaction Document shall be subject to adjustment for reverse and forward stock splits, stock dividends, stock combinations and other similar transactions of the Common Stock that occur after the date of this Agreement. In this Agreement, unless the context otherwise requires: (i) whenever required by the context, any pronoun used in this Agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of

nouns, pronouns and verbs shall include the plural and vice versa; (ii) "including" (and with correlative meaning "include") means including without limiting the generality of any description preceding or succeeding such term and shall be deemed in each case to be followed by the words "without limitation"; and (iii) the words "herein", "hereto" and "hereby" and other words of similar import in this Agreement shall be deemed in each case to refer to this Agreement as a whole and not to any particular portion of this Agreement.

**5.21 WAIVER OF JURY TRIAL. IN ANY ACTION, SUIT, OR PROCEEDING IN ANY JURISDICTION BROUGHT BY ANY PARTY AGAINST ANY OTHER PARTY, THE PARTIES EACH KNOWINGLY AND INTENTIONALLY, TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY ABSOLUTELY, UNCONDITIONALLY, IRREVOCABLY AND EXPRESSLY WAIVES FOREVER TRIAL BY JURY.**

**5.22 Independent Nature of Purchasers' Obligations and Rights.** The obligations of each Purchaser under any Transaction Document are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance or non-performance of the obligations of any other Purchaser under any Transaction Document. Nothing contained herein or in any other Transaction Document, and no action taken by any Purchaser pursuant hereto or thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by the Transaction Documents. Each Purchaser shall be entitled to independently protect and enforce its rights including, without limitation, the rights arising out of this Agreement or out of the other Transaction Documents, and it shall not be necessary for any other Purchaser to be joined as an additional party in any Proceeding for such purpose. Each Purchaser has been represented by its own separate legal counsel in its review and negotiation of the Transaction Documents. For reasons of administrative convenience only, each Purchaser and its respective counsel have chosen to communicate with the Company through the legal counsel of the Placement Agent. The legal counsel of the Placement Agents do not represent any of the Purchasers and only represent one or more of the Placement Agents. The Company has elected to provide all Purchasers with the same terms and Transaction Documents for the convenience of the Company and not because it was required or requested to do so by any of the Purchasers. It is expressly understood and agreed that each provision contained in this Agreement and in each other Transaction Document is between the Company and a Purchaser, solely, and not between the Company and the Purchasers collectively and not between and among the Purchasers.

The parties hereby agree as follows:

### 1. Certain Definitions.

“Prospectus” means (i) the prospectus included in any Registration Statement, as amended or supplemented by any prospectus supplement, with respect to the terms of the offering of any portion of the Registrable Securities covered by such Registration Statement and by all other amendments and supplements to the prospectus, including post-effective amendments and all material incorporated by reference in such prospectus, and (ii) any “free writing prospectus” as defined in Rule 405 under the 1933 Act.

“Registration Statement” means any registration statement of the Company under the 1933 Act that covers the resale of any of the Registrable Securities pursuant to the provisions of this Agreement, amendments and supplements to such Registration Statement, including post-effective amendments, all exhibits and all material incorporated by reference in such Registration Statement.

### 2. Registration.

#### (a) Registration Statements.

(i) Promptly following the Closing Date but no later than thirty (30) calendar days after the Closing Date (the “Filing Deadline”), the Company shall prepare and file with the SEC a Registration Statement covering the resale of all of the Registrable Securities. Subject to any SEC comments, such Registration Statement shall include the intended plan of distribution which shall include all manners of distribution as the Investors may reasonably request and as permitted by law. Such Registration Statement also shall cover, to the extent allowable under the 1933 Act and the rules promulgated thereunder (including Rule 416), such indeterminate number of additional shares of Common Stock resulting from stock splits, stock dividends or similar transactions with respect to the Registrable Securities. Such Registration Statement (and each amendment or supplement thereto, and each request for acceleration of effectiveness thereof) shall be provided in accordance with Section 3(c) to the Investors prior to its filing or other submission. If a Registration Statement covering the Registrable Securities is not filed with the SEC on or prior to the Filing Deadline, the Company will make pro rata payments to each Investor, as liquidated damages and not as a penalty, in an amount equal to 1% of the aggregate amount paid pursuant to the Purchase Agreement by such Investor for such Registrable Securities then held by such Investor for each 30-day period or pro rata for any portion thereof following the Filing Deadline for which no Registration Statement is filed with respect to the Registrable Securities. Such payments shall constitute the Investors’ exclusive monetary remedy for such events, but shall not affect the right of the Investors to seek injunctive relief. Such payments shall be made to each Investor in cash no later than ten (10) Business Days after the end of each such 30-day period (the “Payment Date”). Interest shall accrue at the rate of 1% per month on any such liquidated damages payments that shall not be paid by the Payment Date until such amount is paid in full.

(ii) The Company shall use commercially reasonable efforts to register the Registrable Securities on Form S-3 if such form is available for use by the Company; provided, that if at such time the Registration Statement is on Form S-1, the Company shall maintain the effectiveness of the Registration Statement then in effect until such time as a Registration Statement on Form S-3 covering the Registrable Securities has been declared effective by the SEC.

(b) Expenses. The Company will pay all expenses associated with each Registration Statement, including filing and printing fees, the Company’s counsel and accounting fees and expenses, costs associated with clearing the Registrable Securities for sale under applicable state securities laws and listing fees, but excluding discounts, commissions, fees of underwriters, selling brokers, dealer managers or similar securities industry professionals with respect to the Registrable Securities being sold. Except as provided in Section 5 hereof, the Company shall not be responsible for legal fees incurred by holders of Registrable Securities in connection with the performance of its rights and obligations under the Transaction Documents.

#### (c) Effectiveness.

(i) The Company shall use commercially reasonable efforts to have the Registration Statement declared effective as soon as reasonably practicable after the filing thereof and in any case not more than thirty (30) days following the filing thereof (the “Effectiveness Deadline”); provided, that, in the event the Registration Statement is subject to SEC review, or the Company is required to update the financial statements therein, which causes the Registration Statement not to be declared effective by the Effectiveness Deadline, the Effectiveness Deadline shall automatically be deemed to be extended for no more than ninety (90) days following the filing of such Registration Statement provided that the Company is using its

commercially reasonable efforts to promptly respond and satisfy the requests of the SEC and the requirements of applicable law, and, during such period, the Company shall not be deemed to be in default of satisfying the Effectiveness Deadline. Not later than 5:30 p.m. (Eastern time) on the second Business Day following the date on which the SEC determines not to review the Registration Statement or completes its review of the Registration Statement, the Company shall request that the SEC accelerate the effectiveness of the Registration Statement to two (2) Business Days thereafter. Not later than 5:30 p.m. (Eastern time) on the second Business Day following the date on which the Registration Statement is declared effective by the SEC, the Company shall file with the SEC, in accordance with Rule 424 under the 1933 Act, the final prospectus to be used in connection with sales pursuant to such Registration Statement. The Company shall notify the Investors as promptly as practicable, and in any event, within one (1) Business Day, after any Registration Statement is declared effective. Subject to Section 2(d), if after a Registration Statement has been declared effective by the SEC, sales cannot be made pursuant to such Registration Statement for any reason (including without limitation by reason of a stop order, or the Company's failure to update such Registration Statement), but excluding any Allowed Delay (as defined below) or, if the Registration Statement is on Form S-1, for a period of twenty (20) days following the date on which the Company files a post-effective amendment to incorporate the Company's Annual Report on Form 10-K (a "Maintenance Failure"), then the Company will make pro rata payments to each Investor then holding Registrable Securities, as liquidated damages and not as a penalty, in an amount equal to 1% of the aggregate amount paid pursuant to the Purchase Agreement by such Investor for such Registrable Securities then held by such Investor for each 30-day period or pro rata for any portion thereof following the date by which such Registration Statement should have been effective (the "Blackout Period"). Such payments shall constitute the Investors' exclusive monetary remedy for such events, but shall not affect the right of the Investors to seek injunctive relief. The amounts payable as liquidated damages pursuant to this paragraph shall be paid in cash no later than ten (10) Business Days after each such 30-day period following the commencement of the Blackout Period until the termination of the Blackout Period (the "Blackout Period Payment Date"). Interest shall accrue at the rate of 1% per month on any such liquidated damages payments that shall not be paid by the Blackout Period Payment Date until such amount is paid in full.

(ii) The Company may, upon written notice (which notice shall not, without the prior written consent of an Investor, disclose to such Investor any material non-public information) to any holder of Registrable Securities included in a Registration Statement, delay the filing of an amendment to an effective Registration Statement, delay requesting effectiveness for a Registration Statement that has not yet been declared effective, or suspend the use of any Registration Statement, including any Prospectus that forms a part of a Registration Statement, if the Company determines in good faith that such delay or suspension is necessary to (x) delay the disclosure of material non-public information concerning the Company in connection with the negotiation or consummation of a material transaction by the Company is pending or a material event has occurred, which negotiation, consummation or event the Board of Directors reasonably determines would require additional disclosure by the Company in the Registration Statement of such material information that the Company has a bona fide business purpose for keeping confidential and the non-disclosure of which in the Registration Statement would be expected, in the reasonable determination of the Board of Directors, upon the advice of outside legal counsel, to cause the Registration Statement to fail to comply with applicable disclosure requirements, or (y) amend or supplement the affected Registration Statement or the related Prospectus so that such Registration Statement or Prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the case of the Prospectus in light of the circumstances under which they were made, not misleading. Notwithstanding the foregoing, in no event shall holders of Registrable Securities be suspended from selling Registrable Securities pursuant to the Registration Statement for a period that exceeds forty-five (45) consecutive calendar days or ninety (90) total calendar days in any one-year period (any such suspension contemplated by this Section 2(c)(ii), an "Allowed Delay"). Upon disclosure of such information or the termination of the condition described above, the Company shall provide prompt notice to holders whose Registrable Securities are included in the Registration Statement, and shall promptly terminate any suspension of sales it has put into effect and shall take such other reasonable actions to permit registered sales of Registrable Securities as contemplated hereby.

(d) Rule 415: Cutback. If at any time the SEC takes the position that the offering of some or all of the Registrable Securities in a Registration Statement is not eligible to be made on a delayed or continuous basis under the provisions of Rule 415 under the 1933 Act (provided, however, the Company shall be obligated to use commercially reasonable efforts to diligently advocate with the SEC for the registration of all of the Registrable Securities in accordance with the SEC Guidance, including without limitation, Compliance and Disclosure Interpretation 612.09) or requires any Investor to be named as an "underwriter," the Company shall (i) promptly notify each holder of Registrable Securities thereof and (ii) make commercially reasonable efforts to persuade the SEC that the offering contemplated by such Registration Statement is a valid secondary offering and not an offering "by or on behalf of the issuer" as defined in Rule 415 and that none of the Investors is an "underwriter." In the event that, despite the Company's commercially reasonable efforts and compliance with the terms of this Section 2(d), the SEC refuses to alter its position, the Company shall (i) remove from such Registration Statement such portion of the Registrable Securities (the "Cut Back Shares") and/or (ii) agree to such restrictions and limitations on the registration and resale of the Registrable Securities as the SEC may require to assure the Company's compliance with the requirements of Rule 415 (collectively, the "SEC Restrictions"); provided, however, that the Company shall not name any Investor as an "underwriter" in such Registration Statement without the prior written consent of such Investor (provided, that in the event an Investor withdraws such consent, the Company shall have no obligation hereunder to include any Registrable Securities of such Investor in any Registration Statement covering the resale thereof until such time as the SEC no longer requires such Investor to be named as an "underwriter" in such Registration Statement or such Investor otherwise consents in writing to being so named). Any cut-back imposed on the Investors pursuant to this Section 2(d) shall be allocated among the Investors on a pro rata basis and shall be applied first to any of the Registrable Securities of such Investor as such Investor shall designate, unless the SEC Restrictions otherwise require or provide or the Investors otherwise agree. No liquidated damages shall accrue as to any Cut Back Shares until such date as the Company is able to effect the registration of such Cut Back Shares in accordance with any SEC Restrictions applicable to such Cut Back Shares (such date, the "Restriction Termination Date"). From and after the Restriction Termination Date applicable to any Cut Back Shares, all of the provisions of this Section 2 (including the Company's obligations with respect to the filing of a Registration Statement and its obligations to use reasonable efforts to have such Registration Statement declared effective within the time periods set forth herein and the liquidated damages provisions relating thereto) shall again be applicable to such Cut Back Shares; provided, however, that the date by which the Company is required to obtain effectiveness with respect to such Cut Back Shares shall be the 55th day immediately after the Restriction Termination Date.

(e) Other Limitations. Notwithstanding any other provision herein or in the Purchase Agreement, (i) with respect to any Investor (as to such Investor only) the Filing Deadline for a Registration Statement shall be extended and any Maintenance Failure shall be automatically waived by no action of the Investors, in each case, without default by or liquidated damages payable by the Company to such Investor hereunder in the event that the Company's failure to make such filing or a Maintenance Failure results from the failure of such Investor to timely provide the Company with information requested by the Company and necessary to complete a Registration Statement in accordance with the requirements of the 1933 Act (in which case any such deadline would be extended, and a Maintenance Failure waived, with respect to all Registrable Securities until forty-five (45) days after such time as the Investor provides such requested information), it being understood that the failure of such Investor to timely provide such information to the Company shall not affect the rights of other Investors herein, and (ii) in no event shall the aggregate amount of liquidated damages (or interest thereon) paid under this Agreement to any Investor exceed, in the aggregate, 5% of the aggregate purchase price of the Shares purchased by such Investor under the Purchase Agreement.

(f) Rule 144. As long as any Investor shall own Registrable Securities, the Company, at all times while it shall be a reporting company under the 1934 Act, covenants to use commercially reasonable efforts to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to Section 13(a) or 15(d) of the 1934 Act. The Company further covenants that it shall take such further action as any Investor may reasonably request, to the extent required from time to time to enable such Investor to sell Registrable Securities held by such Investor without registration under the 1933 Act within the limitation of the exemptions provided by Rule 144.

(g) Legends. Certificates (or reasonable evidence of issuance by book entry, as applicable) evidencing the Shares and Warrant Shares shall not contain any legend (including the legend set forth in Section 4.1(b) of the Purchase Agreement), (i) following any sale of such Shares or Warrant Shares pursuant to a Registration Statement covering the resale of such securities is effective under the 1933 Act, (ii) following any sale of such Shares or Warrant Shares pursuant to Rule 144 (assuming cashless exercise of the Pre-Funded Warrants), (iii) if such Shares or Warrant Shares are eligible for sale under Rule 144 (assuming cashless exercise of the Pre-Funded Warrants), without the requirement for the Company to be in compliance with the current public information required under Rule 144(c)(1) or Rule 144(j)(2) as to such Shares and Warrant Shares and without volume or manner-of-sale restrictions, or (iv) if in the opinion of counsel to the Company, such legend is not required under applicable requirements of the Securities Act (including judicial interpretations and pronouncements issued by the staff of the Commission).

The Company agrees that at such time as such legend is no longer required under this Section 2(g), it will, no later than the Legend Removal Date, deliver or cause to be delivered to such Investor a certificate representing such shares that is free from all restrictive and other legends and the Company shall use commercially reasonable efforts to cause its counsel to issue a legal opinion to the Transfer Agent or such Investor if required by the Transfer Agent to effect the removal of the legend hereunder. Certificates for Shares or Warrant Shares subject to legend removal hereunder shall be transmitted by the Transfer Agent to an Investor by crediting the account of such Investor's prime broker with the Depository Trust Company System as directed by such Investor. The Company shall be responsible for the fees of its Transfer Agent, its legal counsel and all DTC fees associated with such issuance.

**3. Company Obligations.** The Company will use commercially reasonable efforts to effect the registration of the Registrable Securities in accordance with the terms hereof, and pursuant thereto the Company will, as expeditiously as possible:

(a) use commercially reasonable efforts to cause such Registration Statement to become effective and to remain continuously effective (and the prospectus contained therein available for use) pursuant to Rule 415 for resales by the Investors on a delayed or continuous basis at all times until (i) such time as there are no longer Registrable Securities held by the Investors or (ii) the fifth anniversary following the Closing Date (the “Effectiveness Period”) and advise the Investors promptly in writing when the Effectiveness Period has expired;

- 5 -

---

(b) prepare and file with the SEC such amendments and post-effective amendments to such Registration Statement and the related Prospectus (i) as may be necessary to keep such Registration Statement effective for the Effectiveness Period and to comply with the provisions of the 1933 Act and the 1934 Act with respect to the distribution of all of the Registrable Securities covered thereby or (ii) as may be reasonably necessary or advisable in connection with any sale of Registrable Securities by the Investors;

(c) provide via email to the Investors who have supplied the Company with email addresses each Registration Statement and all amendments and supplements thereto not less than three (3) Trading Days prior to their filing with the SEC, reflect in each such document when so filed with the SEC such comments regarding the Investors and the plan of distribution as the Investors may reasonably and promptly propose no later than two (2) Trading Days after the Investors have been so furnished with copies of such documents as aforesaid, and not file any Registration Statement or related prospectus or any amendment or supplement thereto containing information containing information regarding an Investor to which such Investor reasonably and promptly objects no later than two (2) Trading Days after the Investors have been so furnished with copies of such documents as aforesaid, unless such information is required to comply with any applicable law or regulation; provided, however, that no such prior delivery shall be required with respect to prospectus supplements that only incorporate information in one or more reports filed by the Company pursuant to the 1934 Act;

(d) furnish to each Investor whose Registrable Securities are included in any Registration Statement (i) promptly after the same is prepared and filed with the SEC, if requested by such Investor, one (1) copy of any Registration Statement and any amendment thereto, each preliminary prospectus and Prospectus and each amendment or supplement thereto, and (ii) if requested by such Investor, such number of copies of a Prospectus, including a preliminary prospectus, and all amendments and supplements thereto and such other documents as each Investor may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such Investor (it being understood and agreed that such documents, or access thereto, may be provided electronically);

(e) use commercially reasonable efforts to (i) prevent the issuance of any stop order or other suspension of effectiveness or the suspension of the qualification, or the loss of an exemption from qualification, of any of the Registrable Securities for sale in any jurisdiction, and, (ii) if such order is issued, obtain the withdrawal of any such order at the earliest possible moment;

(f) prior to any public offering of Registrable Securities, use commercially reasonable efforts to assist or cooperate with the Investors and their counsel in connection with their registration or qualification of such Registrable Securities for the offer and sale under the securities or blue sky laws of such jurisdictions reasonably requested by the Investors and do any and all other commercially reasonable acts or things necessary or advisable to enable the public offering or distribution in such jurisdictions of the Registrable Securities covered by the Registration Statement; provided, however, that the Company shall not be required in connection therewith or as a condition thereto to (i) qualify to do business in any jurisdiction where it would not otherwise be required to qualify but for this Section 3(f), (ii) subject itself to general taxation in any jurisdiction where it would not otherwise be so subject but for this Section 3(f), or (iii) file a general consent to service of process in any such jurisdiction;

- 6 -

---

(g) use commercially reasonable efforts to cause all Registrable Securities covered by a Registration Statement to be listed on Nasdaq (or the Trading Market on which the Common Stock is then listed);

(h) promptly notify the Investors, at any time prior to the end of the Effectiveness Period, upon discovery that, or upon the happening of any event as a result of which, the Prospectus contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing (provided, that such notice shall not, without the prior written consent of an Investor, disclose any material non-public information regarding the Company or subject such Investor to any duty of confidentiality), and as promptly as reasonably practicable, prepare, file with the SEC and furnish to such holder a supplement to or an amendment of such Prospectus as may be necessary so that such Prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

(i) promptly (but in no event later than 24 hours) notify the Investors in writing, at any time prior to the end of the Effectiveness Period, (i) of the Company’s receipt of notice of the issuance by the SEC or any other federal or state governmental authority of any stop order suspending the effectiveness of a Registration Statement or prohibiting or suspending the use of any Prospectus or Prospectus supplement, or of the Company’s receipt of any notification of the suspension of qualification of the Registrable Securities for offering or sale in any jurisdiction or the initiation or contemplated initiation of any proceeding for such purpose, and (ii) upon the Company’s discovery that, or upon the happening of any event as a result of which, the Prospectus contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing, or of the necessity to amend any Registration Statement or any Prospectus to comply with the Securities Act or any other law (provided, that such notice shall not, without the prior written consent of an Investor, disclose any material non-public information regarding the Company), and as promptly as reasonably practicable, prepare, file with the SEC and furnish to such holder a supplement to or an amendment of such Prospectus as may be necessary so that such Prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

(j) if reasonably requested by an Investor at any time in respect of any Registration Statement, the Company shall deliver to such Investor a written confirmation (email being sufficient) from the Company’s counsel of whether or not the effectiveness of such Registration Statement has lapsed at any time for any reason (including, without limitation, the issuance of a stop order) and whether or not such Registration Statement is currently effective and available to the Company for sale of Registrable Securities; and

(k) otherwise use commercially reasonable efforts to comply with all applicable rules and regulations of the SEC under the 1933 Act and the 1934 Act, including, without limitation, Rule 172 under the 1933 Act, file any final Prospectus, including any supplement or amendment thereof, with the SEC pursuant to Rule 424 under the 1933 Act, promptly inform the Investors in writing if, at any time during the Effectiveness Period, the Company does not satisfy the conditions specified in Rule 172 and, as a result thereof, the Investors are required to deliver a Prospectus in connection with any disposition of Registrable Securities and take such other actions as may be reasonably necessary to facilitate the registration of the Registrable Securities hereunder.

#### **4. Obligations of the Investors.**

(a) Each Investor shall deliver to the Company a selling stockholder questionnaire, in the form set forth on Annex A hereto, promptly following the Closing Date or such other information as reasonably requested by the Company and required in connection with the registration of the Registrable Securities. Each Investor shall additionally furnish in writing to the Company such other information regarding itself, the Registrable Securities held by it and the intended method of disposition of the Registrable Securities held by it, as shall be reasonably required to effect the registration of such Registrable Securities and shall execute such documents in connection with such registration as the Company may reasonably request. At least three (3) Business Days prior to the first anticipated filing date of any Registration Statement, the Company shall notify each Investor of the additional information from such Investor that the Company reasonably believes is required by the 1933 Act to be disclosed in such Registration Statement if such Investor elects to have any of the Registrable Securities included in such Registration Statement (the “Registration Information Notice”). An Investor shall provide such information to the Company no later than two (2) Business Days following receipt of a Registration Information Notice if such Investor elects to have any of the Registrable Securities included in such Registration Statement. It is agreed and understood that it shall be a

condition precedent to the obligations of the Company to complete the registration pursuant to this Agreement with respect to the Registrable Securities of a particular Investor that such Investor furnish to the Company such information regarding itself, the Registrable Securities held by it and the intended method of disposition of the Registrable Securities held by it as shall be reasonably required to effect the effectiveness of the registration of such Registrable Securities.

(b) Each Investor, by its acceptance of the Registrable Securities, agrees to cooperate with the Company as reasonably requested by the Company in connection with the preparation and filing of a Registration Statement hereunder, unless such Investor has notified the Company in writing of its election to exclude all of its Registrable Securities from such Registration Statement.

(c) Each Investor agrees that, upon receipt of any notice from the Company of either (i) the commencement of an Allowed Delay pursuant to Section 2(c)(ii) or (ii) the happening of an event pursuant to Section 3(h) hereof, such Investor will immediately discontinue disposition of Registrable Securities pursuant to any Registration Statement covering such Registrable Securities, until the Investor is advised by the Company that such dispositions may again be made; provided, for the avoidance of doubt, that the foregoing shall not limit the right of the Investor to sell or otherwise dispose of the Registrable Securities pursuant to Rule 144 or any other exemption from the registration requirements of the 1933 Act or to settle a transaction pursuant to a Registration Statement as to which a contract for such sale was entered into prior to such Investor's receipt of such notice from the Company.

(d) Each Investor covenants and agrees that it will comply with the prospectus delivery requirements of the 1933 Act as applicable to it or an exemption therefrom in connection with sales of Registrable Securities pursuant to any Registration Statement.

#### 5. Indemnification.

(a) Indemnification by the Company. To the fullest extent permitted by law, the Company will, and hereby does, indemnify, hold harmless and defend each Investor and its officers, directors, members, managers, partners, employees, representatives, advisers and agents and successors and assigns, and each other Person, if any, who controls such Investor (within the meaning of Section 15 of the 1933 Act or Section 20 of the 1934 Act) and the officers, directors, partners, members, managers, employees, representatives, advisers and agents of each such controlling Person (each, an "Indemnified Person"), against any losses, obligations, claims, damages, liabilities, contingencies, judgments, fines, penalties, charges, costs (including, without limitation, court costs and costs of preparation, reasonable attorneys' fees and, subject to Section 5(c), amounts paid in settlement) and expenses (collectively, "Losses"), insofar as such Losses arise out of or are based upon any untrue statement or alleged untrue statement or omission or alleged omission of any material fact contained in any Registration Statement, any preliminary Prospectus or final Prospectus, or any amendment or supplement thereof, any violation or alleged violation by the Company of the 1933 Act, the 1934 Act, any other law, including, without limitation, any state securities law, or any rule or regulation thereunder relating to the offer or sale of the Registrable Securities pursuant to a Registration Statement or any violation of this Agreement (collectively, "Violations"); provided, however, that the Company will not be liable in any such case if and to the extent that any such claim arises out of or is based upon (i) an untrue statement or alleged untrue statement or omission or alleged omission so made in conformity with information furnished by such Investor or any such controlling person in writing specifically for use in such Registration Statement or Prospectus and was reviewed and approved in writing by such Investor expressly for use in the Registration Statement, (ii) the use by an Investor of an outdated or defective Prospectus after the Company has notified such Investor in writing that such Prospectus is outdated or defective or (iii) an Investor's failure to send or give a copy of the Prospectus or supplement (as then amended or supplemented), if required (and not exempted) to the Persons asserting an untrue statement or omission or alleged untrue statement or omission at or prior to the written confirmation of the sale of Registrable Securities. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of the Indemnified Person and shall survive the transfer of the Registrable Securities by an Investor pursuant to Section 6(c).

- 8 -

(b) Indemnification by the Investors. In connection with the Registration Statement, each Investor agrees, severally and not jointly, to indemnify and hold harmless, to the fullest extent permitted by law, the Company, its officers, directors, members, managers, partners and agents and successors and assigns and each Person who controls the Company (within the meaning of Section 15 of the 1933 Act or Section 20 of the 1934 Act), and the officers, directors, partners, members, managers, stockholders, partners, agents and employees (and any other Persons with a functionally equivalent role of a Person, holding such titles, notwithstanding a lack of such title or any other titles) of each such controlling Person, against any Losses resulting from any untrue statement or alleged untrue statement or omission or alleged omission of any material fact contained in any Registration Statement, any preliminary Prospectus or final Prospectus, or any amendment or supplement thereof, in each case to the extent, and only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission of any material fact contained in any Registration Statement, any preliminary Prospectus or final Prospectus, or any amendment or supplement thereof, was made in reliance upon and in conformity with information regarding such Investor furnished in writing by such Investor to the Company specifically for inclusion in such Registration Statement or Prospectus or amendment or supplement thereto and was reviewed and approved in writing by such Investor expressly for use in such Registration Statement or Prospectus or amendment or supplement thereto. In no event shall the liability of an Investor be greater than the dollar amount of the proceeds (net of all expenses paid by such Investor in connection with a claim relating to this Section 5 and the amount of any damages such Investor has otherwise been required to pay by reason of such untrue statement or omission) received by such Investor upon the sale of the Registrable Securities included in such Registration Statement giving rise to such indemnification obligation.

(c) Conduct of Indemnification Proceedings. Any person entitled to indemnification hereunder shall (i) give prompt notice to the indemnifying party of any claim with respect to which it seeks indemnification and (ii) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party; provided, that any person entitled to indemnification hereunder shall have the right to employ separate counsel and to participate in the defense of such claim but the fees and expenses of such counsel shall be at the expense of such person unless (A) the indemnifying party has agreed in writing to pay such fees or expenses, (B) the indemnifying party shall have failed to assume the defense of such claim and employ counsel reasonably satisfactory to such person or (C) in the reasonable judgment of any such person, based upon written advice of its counsel, a material conflict of interest exists between such person and the indemnifying party with respect to such claims (in which case, if the person notifies the indemnifying party in writing that such person elects to employ separate counsel at the expense of the indemnifying party, the indemnifying party shall not have the right to assume the defense of such claim on behalf of such person); and provided, further that the failure of any indemnified party to give notice as provided herein shall not relieve the indemnifying party of its obligations hereunder, except to the extent that such failure to give notice shall materially adversely affect the indemnifying party in the defense of any such claim or litigation. It is understood that the indemnifying party shall not, in connection with any proceeding in the same jurisdiction, be liable for fees or expenses of more than one separate firm of attorneys at any time for all such indemnified parties. No indemnifying party shall be liable for any settlement of any such proceeding effected without its written consent, which consent shall not be unreasonably withheld, conditioned or delayed. No indemnifying party will, except with the written consent of the indemnified party, which shall not be unreasonably withheld or conditioned, consent to entry of any judgment or enter into any settlement that does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect of such claim or litigation.

- 9 -

(d) Contribution. If for any reason the indemnification provided for in the preceding paragraphs (a) and (b) is unavailable to an indemnified party or insufficient to hold it harmless, other than as expressly specified therein, then the indemnifying party shall contribute to the amount paid or payable by the indemnified party as a result of such claim in such proportion as is appropriate to reflect the relative fault of the indemnified party and the indemnifying party, as well as any other relevant equitable considerations. The relative fault of such indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission of a material fact, has been taken or made by, or relates to information supplied by, such indemnifying party or indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such action, statement or omission. The amount paid or payable by a party as a result of any Losses shall be deemed to include, subject to the limitations set forth in this Agreement, any reasonable attorneys' or other fees or expenses incurred by such party in connection with any Proceeding to the extent such party would have been indemnified for such fees or expenses if the indemnification provided for in this Section 5 was available to such party in accordance with its terms. No person guilty of fraudulent misrepresentation within the meaning of Section 11(f) of the 1933 Act shall be entitled to contribution from any person not guilty of such fraudulent misrepresentation. In no event shall the contribution obligation of a holder of Registrable Securities be greater in amount than the dollar amount of the proceeds (net of all expenses paid by such holder in connection with any claim relating to this Section 5 and the amount of any damages such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission) received by it upon the sale of the Registrable Securities giving rise to such contribution obligation.

#### 6. Miscellaneous.

(a) Amendments and Waivers. This Agreement may be amended only by a writing signed by the Company and the Required Investors; provided, that this Agreement may not be amended with respect to any Investor without the written consent of such Investor unless such amendment applies to all Investors in the same fashion; and provided, further, that any amendment, modification or waiver to Section 2(a)(i), Section 2.1(g), Section 5, this Section 6(a) or the definition of "Effectiveness Deadline" shall require the prior written consent of each Investor. The Company may take any action herein prohibited, or omit to perform any act herein required to be performed by it, only if the Company shall have obtained the written consent

to such amendment, action or omission to act, of the Required Investors; provided, that any such action or omission that complies with the foregoing, but that disproportionately and adversely affects the rights and obligations of any Investor relative to the comparable rights and obligations of the other Investors shall require the prior written consent of such adversely affected Investor or each Investor, as applicable.

(b) Notices. All notices and other communications provided for or permitted hereunder shall be made as set forth in Section 5.4 of the Purchase Agreement.

(c) Assignments and Transfers by Investors. The provisions of this Agreement shall be binding upon and inure to the benefit of the Investors and their respective successors and permitted assigns. An Investor may transfer or assign, in whole or from time to time in part, to one or more persons its rights or delegate its obligations hereunder in connection with the transfer of Registrable Securities by such Investor to such person, provided that (I) immediately following such transfer or assignment the further disposition of such securities by the transferee or assignee is restricted under the 1933 Act or applicable state securities laws; (II) such transfer shall have been made in accordance with the applicable requirements of the Purchase Agreement; and (III) prior to such assignment (i) the Investor agrees in writing with the transferee or assignee to assign such rights and delegate such obligations and a copy of such agreement is furnished to the Company; (ii) the Company is furnished with written notice of (A) the name and address of such transferee or assignee and (B) the securities with respect to which such registration rights are being transferred or assigned; (iii) at or before the time the Company receives the written notice contemplated by clause (ii) of this sentence the transferee or assignee agrees in writing with the Company to be bound by all of the provisions contained herein.

(d) Assignments and Transfers by the Company. This Agreement may not be assigned by the Company (whether by operation of law or otherwise) without the prior written consent of the Required Investors; provided, however, that in the event that the Company is a party to a merger, consolidation, share exchange or similar business combination transaction in which the Common Stock is converted into the equity securities of another Person, from and after the effective time of such transaction, such Person shall, by virtue of such transaction, be deemed to have assumed the obligations of the Company hereunder, the term "Company" shall be deemed to refer to such Person and the term "Registrable Securities" shall be deemed to include the securities received by the Investors in connection with such transaction unless such securities are otherwise freely tradable by the Investors after giving effect to such transaction.

(e) Benefits of the Agreement. The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective permitted successors and assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and assigns any rights, remedies, obligations, or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement.

(f) Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Counterparts may be delivered via electronic mail (including pdf or any electronic signature complying with the U.S. ESIGN Act of 2000, e.g., www.docusign.com) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

(g) Titles and Subtitles. The titles and subtitles used in this Agreement are used for convenience only and are not to be considered in construing or interpreting this Agreement.

(h) Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof but shall be interpreted as if it were written so as to be enforceable to the maximum extent permitted by applicable law, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. To the extent permitted by applicable law, the parties hereby waive any provision of law which renders any provisions hereof prohibited or unenforceable in any respect.

(i) Further Assurances. The parties shall execute and deliver all such further instruments and documents and take all such other actions as may reasonably be required to carry out the transactions contemplated hereby and to evidence the fulfillment of the agreements herein contained.

(j) Entire Agreement. The Transaction Documents, together with the exhibits and schedules thereto, are intended by the parties as a final expression of their agreement and intended to be a complete and exclusive statement of the agreement and understanding of the parties hereto and thereto in respect of the subject matter contained herein and therein. The Transaction Documents supersede all prior agreements and understandings between the parties with respect to the subject matter hereof and thereof.

(k) Governing Law; Consent to Jurisdiction; Waiver of Jury Trial. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. Each party agrees that all Actions or Proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Agreement and any other Transaction Documents (whether brought against a party hereto or its respective affiliates, directors, officers, shareholders, partners, members, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the State of New York. Each party hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the State of New York for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any Action or Proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such Action or Proceeding is improper or is an inconvenient venue for such Proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such Action or Proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by law. IN ANY ACTION, SUIT, OR PROCEEDING IN ANY JURISDICTION BROUGHT BY ANY PARTY AGAINST ANY OTHER PARTY, THE PARTIES EACH KNOWINGLY AND INTENTIONALLY, TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY ABSOLUTELY, UNCONDITIONALLY, IRREVOCABLY AND EXPRESSLY WAIVES FOREVER TRIAL BY JURY.

(l) Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Investors and the Company will be entitled to seek specific performance under the Transaction Documents.

(m) Interpretation. Wherever required by the context of this Agreement, the singular shall include the plural and vice versa, and the masculine gender shall include the feminine and neuter genders and vice versa, and references to any agreement, document or instrument shall be deemed to refer to such agreement, document or instrument as amended, supplemented or modified from time to time. All article, section, paragraph or clause references not attributed to a particular document shall be references to such parts of this Agreement, and all exhibit, annex, letter and schedule references not attributed to a particular document shall be references to such exhibits, annexes, letters and schedules to this Agreement. In addition, the word "or" is not exclusive; the words "including," "includes," "included" and "include" are deemed to be followed by the words "without limitation"; and the terms "herein," "hereof" and "hereunder" and other words of similar import refer to this Agreement as a whole and not to any particular section, paragraph or subdivision.

(n) Independent Nature of Investors' Obligations and Rights. The obligations of each Investor hereunder are several and not joint with the obligations of any other Investor hereunder, and no Investor shall be responsible in any way for the performance of the obligations of any other Investor hereunder. Nothing contained herein or in any other agreement or document delivered at any closing, and no action taken by any Investor pursuant hereto or thereto, shall be deemed to constitute the Investors as a partnership, an association, a joint venture or any other kind of group or entity, or create a presumption that the Investors are in any way acting in concert or as a group or entity with respect to such obligations or the transactions contemplated by this Agreement or any other matters, and the Company acknowledges that the Investors are not acting in concert or as a group, and the Company shall not assert any such claim, with respect to such obligations or transactions. Each Investor shall be entitled to protect and enforce its rights, including without limitation the rights arising out of this Agreement, and it shall not be necessary for any other Investor to be joined as an additional party in any proceeding for such purpose. The use of a single agreement with respect to the obligations of the Company contained was solely in the control of the Company, not the action or decision of any Investor, and was done solely for the convenience of the Company and not because it was required or requested to do so by any Investor. It is expressly understood and agreed that each provision contained in this Agreement is between the Company and an Investor, solely, and not between the Company and the Investors collectively and not between and among Investors.

(o) **Non-Recourse.** Notwithstanding anything that may be expressed or implied in this Agreement, the Company covenants, agrees and acknowledges that no recourse under this Agreement or any documents or instruments delivered in connection with this Agreement shall be had against any current or future director, officer, employee, stockholder general or limited partner or member of the Investors or of any affiliates or assignees thereof, whether by the enforcement of any assessment or by any legal or equitable proceeding, or by virtue of any statute, regulation or other applicable law, it being expressly agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on or otherwise be incurred by any current or future director, officer, employee, stockholder, general or limited partner or member of the Investors or of any affiliates or assignees thereof, as such for any obligation of the Investors under this Agreement or any documents or instruments delivered in connection with this Agreement for any claim based on, in respect of or by reason of such obligations or their creation.

**ENDNOTE**

1. Beneficial Ownership. You are the beneficial owner of a security, as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), if you, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, have or share: (1) voting power, which includes the power to vote, or to direct the voting of, such security, and/or (2) investment power, which includes the power to dispose, or to direct the disposition of, such security. You are also the beneficial owner of a security if you, directly or indirectly, create or use a trust, proxy, power of attorney, pooling arrangement or any other contract, arrangement, or device with the purpose or effect of divesting yourself of beneficial ownership of a security or preventing the vesting of such beneficial ownership as part of a plan or scheme to evade the reporting requirements of Section 13(d) or 13(g) of the Exchange Act.

You are deemed to be the beneficial owner of a security if you have the right to acquire beneficial ownership of such security at any time within sixty (60) days, including, but not limited to, any right to acquire such security (a) through the exercise of any option, warrant or right, (b) through the conversion of a security, or (c) pursuant to the automatic termination of, or the power to revoke a trust, discretionary account, or similar arrangement.

Securities held in the name of your spouse or minor child should also be considered as beneficially owned by you. Similarly, securities held in the name of relatives who share your home are to be reported as being beneficially owned by you. In addition, securities held for your benefit in the name of others, such as nominees, trustees and other fiduciaries, securities held by a partnership of which you are a partner, and securities held by a company controlled by you should be regarded as beneficially owned by you.

This definition of beneficial ownership is very broad; therefore, even though you may not actually have or share voting or investment power with respect to securities owned by persons in your family or living in your home, you should include such securities in your beneficial ownership disclosure and may then disclaim beneficial ownership of such securities. **Please note, however, that securities in which you have an economic interest but over which you have no voting or investment control (for example, securities in a trust of which you are the beneficiary but not the trustee) are not deemed beneficially owned by you for the purposes of this Questionnaire.**

**USA Rare Earth Announces Letter of Intent with the U.S. Government for Access to \$1.6 Billion in Funding to Accelerate the Domestic Heavy Rare Earth Value Chain. Concurrently, USA Rare Earth Raises \$1.5 Billion in Private Sector Investment.**

LOI from the Department of Commerce's CHIPS Program Includes Proposed \$277 Million of Federal Funding and a \$1.3 Billion Senior Secured Loan from the CHIPS Act

By 2030, Transaction Enables Largest Domestic Heavy Rare Earth, Critical Mineral, Metal, and Magnet Production to Support U.S. Semiconductor, Defense, Energy, and Other Major Industries

Significantly Bolsters U.S. National Security and Competitiveness by Developing Essential Domestic Supply of Critical Minerals, Metals, and Magnets Currently Unavailable Outside China

Secures Domestic Access to 12 of the U.S. Government's Top 30 Most Essential Critical Minerals and Rare Earth Elements

STILLWATER, Okla., January 26, 2026 — USA Rare Earth, Inc. (Nasdaq: USAR) ("USAR" or "the Company") today announced its entry into a non-binding Letter of Intent (the "LOI") with the U.S. Department of Commerce and a collaboration with the U.S. Department of Energy (DOE). The Department of Commerce's CHIPS Program has provided an LOI covering a total of \$1.6 billion, including \$277 million in proposed federal funding and \$1.3 billion in a proposed senior secured loan under the CHIPS Act. In conjunction with this announcement, USAR has raised a common stock PIPE in the amount of \$1.5 billion anchored by Inflection Point with participation from large mutual fund complexes.

The LOI with the U.S. Government reflects the strategic importance of USAR's mine-to-magnet platform and its role in closing the rare earth element and critical mineral supply gap for essential industries that underpin U.S. national security, including semiconductors, other critical technologies, and advanced manufacturing. The LOI is subject to further diligence, finalization of agreements, customary closing conditions, and approvals.

This capital is expected to accelerate and de-risk USAR's growth objectives across mining, processing, metal-making and magnet manufacturing, and supports a business that by 2030 will:

- Extract 40,000 metric tons per day of rare earth and critical mineral feedstock from USAR's Round Top deposit, which is expected to begin commercial production in 2028;
- Process a combined 8,000 metric tons per annum (tpa) of third-party MREC and heavy rare earth elements (HREEs) and critical mineral oxides and concentrates at Round Top, including dysprosium (Dy), terbium (Tb), yttrium (Y), gadolinium (Gd), hafnium (Hf), erbium (Er), thulium (Tm), lutetium (Lu), ytterbium (Yb), holmium (Ho), gallium (Ga), and zirconium (Zr), all essential to semiconductors, aerospace, defense and energy production, and largely unavailable domestically;
- Reshore 10,000 tpa of heavy rare earth element (heavy REE) metal- and alloy-making and strip-casting capacity, capabilities that do not currently exist in the U.S., through the top-tier expertise of our subsidiary Less Common Metals Ltd. ("LCM");
- Increase neodymium-iron-boron (NdFeB) magnet-making capacity to 10,000 tpa, more than double previously planned capacity; and
- Process 2,000 tpa of swarf resulting from our NdFeB magnet production.

"This landmark collaboration with the U.S. Government represents a transformative step in USAR's mission to secure and grow a resilient, independent domestic rare earth value chain," said Barbara Humpton, Chief Executive Officer of USA Rare Earth. "We are grateful to President Trump, Secretary Lutnick, and Secretary Wright for their support and recognition of the strategic importance of rare earth materials and permanent magnets. With this unprecedented show of public and private support for our Company, we are positioned to accelerate the build-out of important domestic capabilities that are essential to U.S. national security, global economic competitiveness, and critical technologies of the future."

"This transformational collaboration with Department of Commerce and the proposed \$1.6 billion of CHIPS Act funding, along with \$1.5 billion of private sector financial and strategic capital, will help secure the heavy rare earth supply chain for the U.S. and its allies and underscores USAR's strategic nature in support of national and economic security," said Michael Blitzer, Chairman of the Board of USA Rare Earth and Chairman and CEO of Inflection Point. "USAR and the Department of Commerce will mobilize a multi-year partnership at unprecedented scale and speed to build out capacity across heavy rare earth feedstock, processing, metal, and magnets, and we are proud to partner with the U.S. Government in support of the Company's next phase of growth. We look forward to successfully implementing this ambitious plan with the goal of generating substantial financial returns for our shareholders."

"USA Rare Earth's heavy critical minerals project is essential to restoring U.S. critical mineral independence," said Secretary of Commerce Howard Lutnick. "This investment ensures our supply chains are resilient and no longer reliant on foreign nations."

In addition to the collaboration with the Department of Commerce, the U.S. Department of Energy's National Energy Technology Laboratory has signed a Letter of Intent to collaborate with USAR to advance heavy REE separation technologies at the Company's Wheat Ridge lab and Round Top deposit, leveraging digital twin technology. Under the Trump administration, the DOE has prioritized innovation in process modeling, the use of digital twins, and the deployment of testbeds for material-processing R&D. Through this partnership, the DOE will contribute to the development of digital twins to advance rare earth element separation technologies, with the ultimate goal of establishing the country's first fully domestic mine-to-magnet supply chain.

"Thanks to President Trump's leadership, the Department of Energy is ending America's reliance on foreign nations for the critical materials essential to our economy and national security," said U.S. Energy Secretary Chris Wright. "The DOE is partnering with USAR to rebuild the critical minerals supply chain. By expanding domestic mining, processing, and manufacturing capabilities, we are creating good-paying American jobs and safeguarding our national security."

"Accelerating the onshoring of rare earth minerals, metals, and magnets is paramount to national and economic security," said the Executive Director of the U.S. Investment Accelerator, Michael Crimes. "With the Department of Commerce's funding for USA Rare Earth's vertically integrated mine-to-magnet operations, we will significantly increase the domestic supply of crucial components for semiconductors, defense, and numerous other industries strategic to the United States."

"The CHIPS Program's proposed \$277 million funding and \$1.3 billion loan will be instrumental for the construction of a domestic integrated supply chain for critical minerals and NdFeB magnets, which are essential for semiconductor chip manufacturing," said Bill Frauenhofer, Director of the CHIPS Program. "Yttrium, gallium, terbium, and the other nine critical and strategic minerals that will be mined in Texas, along with the Oklahoma magnet production, provides U.S. semiconductor companies a reliable domestic source and removes choke points in their manufacturing supply chain that enable chemical vapor deposition, high-k materials, compound semiconductors, dopants, and other foundational applications."

The U.S. Government's proposed funding will feature milestones consistent with USAR's funding needs and create a structure that aligns taxpayer returns and the objectives of institutional investors and excludes the need for government price supports or government offtake agreements. The collaboration reflects the U.S. Government's commitment to strengthening supply chains, reducing reliance on foreign sources of critical minerals, rebuilding strategic industrial capabilities, and ensuring secure access to materials essential for semiconductor manufacturing, robotics, industrial motors, electric vehicles, drones, fighter jets, nuclear submarines, satellites, and other advanced technologies.

## Transaction Overview

- The non-binding LOI with the Department of Commerce's CHIPS Program includes \$277 million of proposed federal funding and a proposed \$1.3 billion senior secured loan.
- Additionally, USAR will issue to the Department of Commerce 16.1 million shares of common stock and approximately 17.6 million warrants.
- USAR has also signed a securities purchase agreement for a \$1.5 billion PIPE transaction (69.8 million shares issued at \$21.50 per share) with Inflection Point and other fundamental and strategic investors. The PIPE transaction, together with the proposed U.S. Government funding and loan, would bring the total amount of capital to \$3.1 billion.
- The PIPE is expected to close on January 28, 2026, subject to the satisfaction of customary closing conditions, and the CHIPS Program's funding and senior secured loan are subject to finalization of agreements and other customary closing conditions, expected this quarter.

### Management's Estimates

Certain information contained in this Presentation, including the Company's estimates of the total addressable market and growth forecasts, relate to or is based on a number of internal and third-party estimates and resources, including, without limitation, third party reports and the experience of the Company's management team across the industries. While the Company believes its assumptions and the data underlying its estimates are reasonable, these assumptions and estimates may not be correct and the conditions supporting such assumptions or estimates may change at any time, thereby reducing the predictive accuracy of these underlying factors. In addition, the novelty of the markets for the Company's products may make the Company's assumptions and estimates more uncertain. As a result, the Company's estimates of the total addressable market and growth forecasts for its products are subject to significant uncertainty and may prove to be incorrect. If third-party or internally generated data prove to be inaccurate or the Company makes errors in its assumptions based on that data, the total addressable market for the Company's products may be smaller than it has estimated and its future growth opportunities and sales growth may be impaired, any of which could have a material adverse effect on the Company's business, financial condition and results of operations. You should conduct your own investigation and analysis of the Company, its business, prospects, results of operations and financial condition. In furnishing this information, the Company and its affiliates, representatives and advisors do not undertake any obligation to provide you with access to any additional information (including forward-looking information and any projections contained herein) or to update or correct the information.

# DISCLAIMER (CONTINUED)

## Use of Projections; Financial, Capacity and Production Targets; Non-GAAP Financial Measures

Certain information and conclusions set forth in this Presentation are based on projections. Actual results may differ materially from those indicated in the forward-looking statements because the realization of those results is subject to many uncertainties, including economic conditions, the impact on the Company's business of the regulatory environment and other factors, some of which are described more fully in the Company's most recent Annual Report on Form 10-K and other filings with the SEC. Investors should be aware that projections are subject to many risks and uncertainties and may be materially different from actual results. Each investor must conduct and rely on its own evaluation, including of the associated risks, in making an investment decision.

The Presentation contains projected financial, capacity and production information with respect to the Company, including, without limitation, the Company's projected revenue, EBITDA, Free Cash Flow, capacity and production for future years. Such projected financial, capacity and production information constitutes forward-looking statements and is for illustrative purposes only, and should not be relied upon as necessarily being indicative of future results. In particular, the Company's 2020 targets reflect management's estimates and assume REE prices of \$125/kg for NdPr, \$900/kg for DyO, \$3,500/kg for TbO, \$73/kg for HREE basket, and \$106/kg for unit Mining & Processing COGS. The assumptions and estimates underlying the Company's projected financial information are inherently subject to significant uncertainties and contingencies, many of which are beyond the Company's control, and are subject to a variety of significant business, economic, competitive and other risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial, capacity and production information. Actual results may differ materially from the results contemplated by the projected financial, capacity and production information contained in this Presentation, and the inclusion of such information in this Presentation should not be regarded as a representation by any person that the results reflected in such projections will be achieved. Further, these financial, capacity and production measures have not been independently verified by the Company or any third-party and should be considered estimates by recipients of this Presentation. As a result, recipients of this Presentation are heavily cautioned not to place undue reliance on the Company's estimates of the target financial, capacity and production measures.

The Company's independent auditor has not audited, reviewed, compiled or performed any procedures with respect to the projections for the purpose of their inclusion in this Presentation, and accordingly, did not express an opinion or provide any other form of assurance with respect thereto for the purpose of the Presentation. Some of the financial information and data contained in this Presentation, such as EBITDA and Free Cash Flow, have not been prepared in accordance with United States generally accepted accounting principles ("GAAP"). EBITDA is defined as net earnings (loss) before interest expense, income tax expense (benefit), depreciation and amortization. "Free Cash Flow" means, with respect to any period, the amount of EBITDA generated by the Company during such period, less capital expenditures, taxes, interest expenses, changes in working capital, plus non-cash stock-based compensation made during such period. The Company believes these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to the Company's financial condition and results of operations. The Company believes that the use of these non-GAAP financial measures provides an additional tool for investors to evaluate the Company's financial performance. Management does not consider these non-GAAP financial measures to be a substitute for financial performance. Management does not consider these non-GAAP financial measures to be an alternative to financial measures determined in accordance with GAAP. The primary limitation of these non-GAAP financial measures is that they exclude significant expenses and income that are required by GAAP to be recorded in the Company's financial statements. In addition, they are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. The Company cannot reconcile its expected EBITDA or Free Cash Flow included in this Presentation without unreasonable effort because certain items that impact net income and other reconciling metrics are out of the Company's control and/or cannot be reasonably predicted at this time.

## No Offer or Solicitation

This Presentation does not constitute an offer to sell or a solicitation of an offer to buy any securities of the Company, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. Forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from our expectations. These risks and uncertainties include, but are not limited to: (1) the risk that the potential government investment and/or the proposed private placement will not occur on the terms or at the times expected, or at all; (2) risks related to the timing and achievement of the expected business milestones of the potential government investment, including with respect to the development of the Round Top deposit, development and expansion of processing and separation facilities, development and expansion of metal making and strip casting facilities, and development and expansion of the magnet manufacturing facility; (3) the risk that the potential government invest

## Industry and Market Data; Trademarks

In addition, all of the market data included in this Presentation involves a number of assumptions and limitations, and there can be no guarantee as to the accuracy or reliability of such assumptions. While the Company believes that the third-party sources and its internal research are reliable, such sources and research have not been verified by any independent source. ## APPENDIX

January 2026

# RISK FACTORS

All references to "we," "us," "our," or the "Company" refer to the business of USA Rare Earth, Inc. and its consolidated subsidiaries. This presentation contains certain information pertaining to the Company. Any transaction with the Company involves a high degree of risk. Any party to a transaction should inquire into, independently investigate and consider such risks in its diligence investigation. Such risks include, without limitation and by way of example only:

## Risks Related to the PIPE

- The benefits of the proposed PIPE may not be realized to the extent currently anticipated, or at all. The ability to recognize any such benefits may be affected by, among other things, competition and the ability of the Company and its management to successfully execute on their business plan, maintain relationships and retain its management and key employees.
- Securities issued in the proposed PIPE will be restricted securities and will not be registered upon issuance and therefore will be subject to securities law restrictions on transferability until such time as the resale of such securities is registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available.
- The Company's stockholders will experience significant dilution as a result of the proposed PIPE. The number of shares the Company plans to sell in the proposed PIPE is significant in relation to the number of outstanding shares of its common stock.
- The Company may become obligated to pay liquidated damages if it fails to file, obtain effectiveness and maintain effectiveness of the resale registration statement in accordance with the terms of the Securities Purchase Agreement and the form of Registration Rights Agreement related to the proposed PIPE.
- Stockholders will experience substantial dilution if outstanding warrants are exercised for shares common stock.
- The Company will incur significant transaction costs in connection with the proposed transactions, which could be higher than currently anticipated.

## Risks Related to a Potential Transaction and Investment by the U.S. Government

- The government investment is currently contemplated pursuant to a non-binding letter of intent and remains subject to the negotiation and execution of definitive documentation, satisfaction of conditions precedent, and final government approvals, and there can be no assurance that such documentation will be executed or that the investment will be consummated on the anticipated terms or at all.
- While the Company may execute definitive documentation with the government and receive funding thereafter, there can be no assurances that the authorization and continued support for the transactions contemplated by the definitive documentation will not be modified, challenged or impaired in the future, which would have a material adverse effect on the Company's business, prospects, financial condition and results of operation.
- Although the Company expects to issue 100% of the equity securities to be issued upon signing of definitive documentation, the government investment is expected to be funded in phases over time and is subject to the company achieving milestones, and there can be no assurance that such milestones will be achieved on the expected timeline or at all.
- The government investment is subject to risks from changes in law, regulations, or their interpretations, as well as shifts in federal administration and congressional priorities.
- The government investment may require compliance with evolving national security "guardrails," including restrictions on expansion, collaboration, or technology transfer involving certain foreign entities. These requirements may be subject to broad or changing interpretation, and violations could result in suspension, clawback, or termination of funding.
- Future funding will be required to meet milestones. The Company's ability to raise additional equity or debt financing may be adversely affected by market conditions, interest rates, investor risk appetite, or macroeconomic factors beyond the Company's control.

# RISK FACTORS (CONTINUED)

- Delays or failure in achieving required milestones could result in deferral, reduction, or loss of government funding, which could adversely affect the company's liquidity, capital resources, and project economics.
- The Company's business plan as described in this presentation requires significant additional capital, which may include equity and/or debt financing, beyond the potential government investment, and the Company's ability to obtain such capital will depend on market conditions and its operating performance, and may result in higher costs of capital, increased leverage, or dilution to existing stockholders.
- The government investment will be subject to comprehensive, ongoing reporting and disclosure obligations, including financial, operational, cybersecurity, and supply chain information. Any failure to meet these requirements, whether due to administrative error or misunderstanding, could result in suspension, clawback, or termination of government funding.
- The government investment may impose restrictions on the company's operations, capital allocation, indebtedness, or strategic transactions, which could limit management's flexibility to respond to changing business or market conditions.
- The timing, amount, and form of government funding may differ from current expectations due to administrative, regulatory, or policy changes, which could require the company to seek alternative sources of financing.
- Revenues, EBITDA, Free Cash Flows, capacity and production targets are illustrative and are based on assumptions regarding the execution of the Company's operational plans, including production volumes, ramp timing, operating performance and pricing. In addition, target revenues, EBITDA and Free Cash Flows are based on assumed pricing and costs used in the Company's business plan. There are significant risks associated with the assumptions used in developing such targets. Investors should make their own assessment of the reasonableness and risks of the assumptions made by management. Operational execution, and the achievement of financial, capacity and production targets, are inherently uncertain and actual results may differ materially. There can be no assurance that the Company will achieve its targets even if it completes its planned capital expenditures.
- Because the government will keep 100% of the equity securities that it is receiving whether or not the government investment is funded in full or at all, if all or part of the government investment is not funded for any reason, or if the funding is received but subsequently clawed back, and the effective dilution of the company's other equity holders will be increased materially.
- Government approval, consent, or notification rights associated with the investment could delay or limit future financings, mergers, acquisitions, or asset dispositions.
- Failure to achieve the targeted B2 credit profile could adversely affect the availability, terms, or continuation of government financing and require the company to seek alternative sources of capital.
- The financial, tax and accounting treatment of the government contemplated by the government transaction documents remains uncertain and subject to change.
- The government transaction documents contain affirmative and negative covenants that may restrict our ability and the ability of our subsidiaries to take actions management believes are important to our long-term strategy.
- The conversion or exercise of warrants and other instruments into shares of common stock would dilute the ownership of the common stock sold pursuant to this offering, and the subsequent sale of a substantial number of such shares of common stock in the public market, or the perception of such sales, could cause our stock price to fall.
- The Government's anticipated equity position in the Company reduces the voting and other governance rights of stockholders and may limit potential future transactions that may be beneficial to stockholders.
- Construction, development, and expansion of the Company's planned facilities and projects are subject to risks of delays, cost overruns, supply chain disruptions, labor availability constraints, permitting challenges, and other execution risks, which could increase required capital, delay milestone achievement, and adversely affect the Company's financial condition and project economics.

# RISK FACTORS (CONTINUED)

- Given the scarcity of U.S. precedents for transactions such as those contemplated under the government investment and the government becoming a significant stockholder of a company like the Company, the Company may experience other adverse consequences resulting from the potential announcement or completion of the investment.
- The government may require rights to certain intellectual property or data developed with government funding, which could affect the Company's ability to commercialize or protect proprietary technology and information.

## Risks Related to the Company's Business and Industry

- The Stillwater Facility is under development and is not yet completed, we have not commenced producing and selling neo magnets, and we have no history in commercial operations and the lack of commercial operations limits the accuracy of any forward-looking forecasts, prospects or business outlook or plans.
- We may not be able to generate positive cashflow from our expected future business operations. Our long-term success will depend on implementing the business strategy and operational plan of the Company, as well as our ability to generate revenues, achieve and maintain profitability and develop positive cash flows from our magnet production.
- We may experience time delays, unforeseen expenses, increased capital costs, and other complications while developing our Round Top Project and metal and magnet facilities, these could delay the start of revenue-generating activities and increase development costs.
- Until our Round Top Project is capable of satisfying our feedstock needs, if ever, our business is subject to the availability of rare earth oxide and metal feedstock, in quantities and prices that allow us to develop and commercially operate our metal and magnet facilities.
- Tariffs by the United States, counter-tariffs by other countries and future changes in tariff policies could adversely affect our results of operations.
- We may be adversely affected by fluctuations in demand for, and prices of, neo magnets, magnet materials, and necessary feedstock.
- We may not be able to convert current commercial discussions and/or memorandums of understanding with customers for the sale of our neo magnets and other products into definitive contracts, which may have a negative effect on our business.
- The success of our business will depend, in part, on the growth of existing and emerging uses for neo magnets.
- An increase in the global supply of neo magnets or, dumping, predatory pricing and other tactics by our competitors or state actors may adversely affect our profitability.
- The Round Top Project is at the exploration stage and we have not commenced construction or commission of the mine nor related facilities, and the development of the Round Top Project into a producing mine is subject to a variety of risks, any number of which may cause the development of the Round Top Project into a producing mine to not occur, be delayed, or not result in the commercial extraction of minerals.
- We operate in a highly competitive industry in a high demand and growth environment and additional manufacturing, refining and mining competitors could result in a reduction in revenue.
- Changes in China's or the United States' political environment and policies, including changes in export/import policy may adversely affect our business.
- The production of neo magnets is a capital-intensive business that requires the commitment of substantial resources; if we do not have sufficient capital or other resources necessary to provide for such production, it could negatively impact our business.
- The amount of capital required for completion and build-out of our Projects may increase materially from our current estimates, and we expect to raise further funds through equity and debt financing, joint ventures, production sharing arrangements or other means. Consequently, we depend on our ability to successfully access the capital and financial markets. Any inability to access the capital or financial markets may limit our ability to fund our ongoing operations, execute our business plan or pursue investments that we may rely on for future growth.

# RISK FACTORS (CONTINUED)

- Any failure by management to manage growth properly could negatively impact our business.
- The Company is or may be subject to risks associated with strategic alliances and acquisitions.
- The Company may fail to realize all of the anticipated benefits of the acquisitions of LCM, including the anticipated acceleration of our mine-to-magnet strategy, on the anticipated timeline or at all.
- The Company's success following completion of the acquisition of Less Common Metals Ltd. ("LCM") will depend on the ability to retain LCM's existing customers and supplies, as well as the Company's ability to build relationships with new customers and suppliers.
- A power or other utility disruption or shortage could temporarily delay operations and increase costs, which may negatively impact our business.
- Increasing costs, including rising electricity and other utility costs, or limited access to raw materials may adversely affect our profitability.
- Fluctuations in transportation costs or disruptions in transportation services or damage or loss during transport could decrease our competitiveness or impair our ability to deliver products to our customers.
- We will need to produce our products to exacting specifications in order to provide future customers with a consistently high-quality product. An inability to meet individual customer specifications would negatively impact our business.
- Diminished access to water may adversely affect our operations.
- Work stoppages or similar difficulties, breakdown in labor relations, or a shortage of skilled technicians and engineers could significantly disrupt our operations and reduce our revenues.
- We depend on key personnel for the success of our business. If we fail to retain our key personnel or if we fail to attract additional qualified personnel, we may not be able to achieve our desired level of growth and our business could suffer.
- We are subject to certain agreements with government entities that have provided us with certain incentives and favorable financing and contain conditions and obligations, including local investment, job creation, and repayment terms, that, if not complied with, could negatively impact our business or require us to repay that financing or lose access to those incentives.
- Our business may be adversely affected by force majeure events outside our control, including labor unrest, civil disorder, war, subversive activities or sabotage, extreme weather conditions, fires, floods, tornados, explosions or other catastrophes, epidemics or quarantine restrictions.
- Our success depends on developing and maintaining relationships with local communities and stakeholders.
- Since its inception, USA Rare Earth, LLC has generated negative operating cash flows and we may experience negative cash flow from operations in the future. Our audited consolidated financial statements for the years ended December 31, 2024 and 2023, and our unaudited condensed consolidated financial statements for the three and nine months ended September 30, 2025 and 2024 consolidated financial statements have been prepared on a going concern basis.

## Risks Related to Legal, Compliance, and Regulations

- Our operations are subject, or may become subject, to extensive and costly environmental requirements; and current and future laws, regulations and permits impose or may impose significant costs, liabilities or obligations or could limit or prevent our ability to continue our current operations or to undertake new operations.
- We will be required to obtain and maintain governmental permits and approvals to develop and operate our mining, metal and magnet businesses, a process which is often costly and time-consuming. Failure to obtain or retain any necessary permits or approvals for our planned operations may negatively impact our business.

# RISK FACTORS (CONTINUED)

- Our failure to comply with applicable anti-corruption, anti-bribery, anti-money laundering and similar laws and regulations could negatively impact our reputation and results of operations.
- Our operations are subject, or may become subject, to environmental, health and safety regulations, which could impose additional costs and compliance requirements, and we may face claims and liability for breaches, or alleged breaches, of such regulations and other applicable laws.
- The impacts of climate change may adversely affect our operations and/or result in increased costs to comply with changes in regulations.
- We are exposed to possible litigation risks, including permit disputes (including in respect of access and/or validity of tenure), environmental claims, occupational health and safety claims and employee claims. Further, we may be involved in disputes with other parties in the future that may result in litigation. Current or future litigation or administrative proceedings could have a negative impact on our business.
- Changes in tax laws could have a material adverse effect on our business, cash flow, results of operations or financial conditions.

## Risks Related to Intellectual Property and Technology

- If we infringe, or are accused of infringing, the intellectual property rights of third parties, it may increase our costs or prevent us from being able to commercialize new products.
- We may not be able to adequately protect our intellectual property rights. If we fail to adequately enforce or defend our intellectual property rights, our business may be harmed.
- We are dependent upon information technology systems, which are subject to cyber threats, disruption, damage and failure. Any unauthorized access to, disclosure, or theft of personal information we gather, store, or use could harm our reputation and subject us to claims or litigation. Further, a failure of our information technology and data security infrastructure could adversely affect our business and operations.

## Risks Related to Our Securities

- Delaware law and our certificate of incorporation and bylaws contain certain provisions, including anti-takeover provisions, that limit the ability of stockholders to take certain actions and could delay or discourage takeover attempts that stockholders may consider favorable.
- The requirements of being a public company in the U.S. may strain our resources and divert management's attention, and the increases in legal, accounting and compliance expenses that result from being a public company in the U.S. may be greater than we anticipate.
- If we do not meet the expectations of investors or securities analysts, the market price of our securities may decline.
- A limited number of the Company's securities contain anti-dilution provisions applicable to the conversion price or exercise price, as applicable, which if the Company were to issue, or be deemed to issue, shares of common stock below the \$7.00 conversion or exercise price, as applicable, currently in effect for such securities without obtaining an amendment or waiver of the anti-dilution provisions, may result in a greater number of shares of common stock being issued upon conversions or exercises than if the conversions or exercises were effected at the conversion price or exercise price in effect currently.
