PARK-OHIO HOLDINGS CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

JUNE 30, 2001

NOTE A -- BASIS OF PRESENTATION

The consolidated financial statements include the accounts of Park Ohio Holdings Corp. and its subsidiaries ("the Company"). All significant intercompany transactions have been eliminated in consolidation.

(DOLLARS IN THOUSANDS -- EXCEPT PER SHARE DATA)

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month and six month periods ended June 30, 2001 are not necessarily indicative of the results that may be expected for the year ending December 31, 2001. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10 K for the year ended December 31, 2000.

NOTE B -- ACQUISITIONS AND DISPOSITION

On September 30, 2000, the Company acquired IBM's plant automation software product lines and related assets for cash of approximately \$3.9 million. The

transaction has been accounted for as a purchase and the results of operations prior to the date of acquisition were not deemed to be significant as defined in Regulation S-X.

On June 30, 2000 the Company completed the sale of substantially all of the assets of Kay Home Products for cash of approximately \$9.2 million and recorded a loss of approximately \$15.3 million, which is included in non-operating items, net in the consolidated statement of operations. Kay Home was a non-core business producing and distributing barbecue grills, tray tables, screen houses and plant stands.

NOTE C -- INVENTORIES

The components of inventory consist of the following:

	JUNE 30 2001	DECEMBER 31 2000
In process and finished goods		\$164,833 24,190
	\$192 , 790	\$189,023

NOTE D -- SHAREHOLDERS' EQUITY

At June 30, 2001, capital stock consists of (i) Serial Preferred Stock of which 632,470 shares were authorized and none were issued and (ii) Common Stock of which 40,000,000 shares were authorized and 10,496,191 shares were issued and outstanding.

NOTE E -- NET INCOME (LOSS) PER COMMON SHARE

NOTE F -- ACCOUNTING PRONOUNCEMENTS

The Company adopted Financial Accounting Standards Board Statement No. 133 "Accounting for Derivative Instruments and Hedging Activities," as amended, on January 1, 2001. Because of the Company's minimal use of derivatives, adoption of the new Statement did not impact earnings or the financial position of the Company.

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("FAS 141") and No. 142, "Goodwill and Other Intangible Assets" ("FAS 142"). FAS 141 requires

all business combinations initiated after June 30, 2001 to be accounted for using the purchase method. Under FAS 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed annually (or more frequently if impairment indicators arise) for impairment. Separable intangible assets that are not deemed to have indefinite lives will continue to be amortized over their useful lives (but with no maximum life). The amortization provisions of FAS 142 apply to goodwill and intangible assets acquired after June 30, 2001. With respect to goodwill and intangible assets acquired prior to July 1, 2001, the Company is required to adopt FAS 142 effective January 1, 2002. The Company is currently evaluating the effect that adoption of FAS 142 will have on its results of operations and financial position.

NOTE G -- SEGMENTS

The Company operates through three segments: Integrated Logistics Solutions ("ILS"), Aluminum Products and Manufactured Products. ILS is a leading logistics provider of "Class C" production components to original equipment manufacturers ("OEMS"), other manufacturers and distributors. In connection with the supply of such industrial products, ILS provides a variety of value-added, cost-effective supply chain management services. Aluminum Products manufactures cast aluminum components primarily for automotive OEMs. In addition, Aluminum Products also provides value added services such as design and engineering, machining and assembly. Manufactured Products operates a diverse group of niche manufacturing businesses that design and manufacture a broad range of high quality products engineered for specific customer applications. Intersegment sales are immaterial.

The Company completed a program ("the Option Offer Program") whereby all outstanding options (1,089,500 at May 29, 2001) to purchase shares of Company common stock held by Company employees and directors were tendered to the Company. Existing options tendered to the Company were cancelled and, in return, participants will be granted new options on a one for one basis no sooner than six months after the tendered options have been cancelled. All of the new options will be granted under the Company's 1998 Long Term Incentive Plan and accordingly, the exercise price will be the market price at the date of grant. The 1998 Long Term Incentive Plan was amended by the shareholders at the Company's annual meeting on May 24, 2001, to increase the number of shares of common stock which may be awarded under the Plan in order for the Option Offer Program to be carried out successfully.

NOTE J -- NON-OPERATING ITEMS, NET

In June 2000, the Company's Cicero Flexible Products plant was destroyed in a fire. In the second half of 2000, the Company received interim insurance payments of \$10.5 million, primarily reflecting replacement cost of fixed assets. Accordingly, the Company recognized a net gain of \$5.2 million, substantially composed of involuntary conversion gains. In the first half of 2001 the Company expensed \$1.9 million of non recurring business interruption costs, which were not covered by insurance. In May 2001, the Company received an additional \$12.5 million as final settlement with its insurance carrier, thereby reducing fire insurance receivables, which were included in other current assets.

In June 2000, the Company completed the sale of substantially all of the assets of Kay Home Products and recorded a loss of approximately \$15.3 million.

NOTE K -- FINANCING ARRANGEMENTS

On June 30, 2001, the Company amended its credit and security agreement with a group of banks, under which it may borrow or issue standby letters of credit and commercial letters of credit up to \$180 million. Interest is payable quarterly at either the banks' prime lending rate plus up to 1.5% or at the Company's election at LIBOR plus 1.375% — 3.25%. The interest rate is dependent on the Company's ratio of total funded indebtedness to pro forma earnings before interest, taxes, depreciation and amortization ("EBITDA"), as defined in the credit agreement and is adjusted every quarter. The revolving credit is secured by substantially all of the Company's assets.

Board of Directors and Shareholders Park Ohio Holdings Corp.

We have reviewed the accompanying consolidated balance sheet (unaudited) of Park Ohio Holdings Corp. and subsidiaries as of June 30, 2001, and the related consolidated statements of operations (unaudited) for the three month and six month periods ended June 30, 2001 and 2000, the consolidated statement of shareholders' equity (unaudited) for the six month period ended June 30, 2001 and the consolidated statements of cash flows (unaudited) for the six month periods ended June 30, 2001 and 2000. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data, and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States, which will be performed for the full year with the objective of expressing an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based upon our reviews, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States.

We have previously audited, in accordance with auditing standards generally accepted in the United States, the consolidated balance sheet of Park Ohio Holdings Corp. and subsidiaries as of December 31, 2000 and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended, not presented herein, and in our report dated March 26, 2001, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2000, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it is derived:

TITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS

The consolidated financial statements of the Company include the accounts of Park Ohio Holdings Corp. and its subsidiaries. All significant inter-company transactions have been eliminated in consolidation. The financial information for the six and three month periods ended June 30, 2001 is not directly comparable on a period to period basis to the financial information for the six and three month periods ended June 30, 2000 due to a divestiture, and to business interruption expenses relating to a fire at one of the company's rubber plants. On June 30, 2000, the Company sold substantially all the assets of Kay Home Products, for cash of approximately \$9.2 million, recognizing a non-operating loss of \$15.3 million. In June 2000, the Company's Cicero Flexible Products plant was destroyed in a fire. In the second half of 2000, the company received interim insurance payments of \$10.5 million, primarily reflecting the replacement cost of fixed assets, and recognized a net gain of \$5.2 million, substantially composed of involuntary conversion gains. In the second quarter of 2001, the Company reached a final settlement of its insurance claim and received a final insurance payment of \$12.5 million. This payment offset all fire insurance receivables. At June 30, 2001, the Company had \$.7 million of accrued fire related expenses, which will be paid in the third quarter. In the first and second quarters of 2001, the Company expensed \$950 thousand and \$900 thousand respectively, of non recurring business interruption costs which were not covered by insurance.

OVERVIEW

The Company has three operating segments: Integrated Logistics Solutions ("ILS"), Aluminum Products, and Manufactured Products. ILS is a leading logistics provider of "Class C" production components to original equipment manufacturers ("OEMs"), other manufacturers and distributors. In connection with the supply of such industrial products, ILS provides a variety of value added, cost effective supply chain management services to major OEM's. The principal customers of ILS are in the heavy duty truck, vehicle parts and accessories, industrial equipment, electrical controls, HVAC, appliances and motors and lawn and garden equipment industries. Aluminum Products manufactures cast aluminum components primarily for automotive OEMs. Aluminum Products also provides value added services such as design and engineering, machining and assembly. Manufactured Products operates a diverse group of niche manufacturing businesses that design and manufacture a broad range of high quality products engineered for specific customer applications. The principal customers of Manufactured Products are OEMs and end-users in the automotive, railroad, truck, oil and aerospace industries.

Between 1993 and 2000, the Company grew significantly, both internally and through acquisitions. Over this period, the Company's net sales increased at a 35% compounded annual growth rate ("CAGR"), from \$94.5 million to \$754.7

million, and income from continuing operations on a fully taxed basis, excluding the 2000 effects of the sale of Kay Home Products and fire insurance gains, increased at a 23% CAGR from \$2.4 million to \$10.1 million.

Recent growth has been primarily attributable to the Company's strategy of making selective acquisitions in order to complement internal growth. Historically, the Company has acquired under performing businesses with potential for: (i) significant cost reductions through improved labor, supplier and customer relations and increased purchasing power and (ii) revenue enhancement due to better asset utilization and management practices, as well as increased access to capital. The Company's internal growth has been driven primarily by the addition of ILS customers under supply chain service agreements and by the leveraging of existing customer relationships in the Aluminum and Manufactured Products segments.

Between January 1, 1994 and June 30, 2001, the Company's continuing operations incurred \$119.7 million of capital expenditures, the majority of which was used to expand and upgrade existing manufacturing facilities, upgrade equipment and enhance the Company's management information systems.

RESULTS OF OPERATIONS

First Half 2001 versus First Half 2000

Net sales declined by \$77.3 million, or 19%, from \$410.9 million for the first half of 2000 to \$333.6 million for the first half of 2001. Organic sales declined 16%, or \$64.5 million, while sales decreased by \$12.8 million due to the divestiture of Kay Home Products. ILS net sales declined 14%, or \$38.3 million, due primarily to shrinkage in heavy truck and other customer industries. Aluminum Products net sales declined 36%, or \$23.1 million. This included a \$9.9 million decrease relating to the ending of sales contracts at Metalloy which were expected at the time of its purchase in 1999, and \$2.8 million relating to the Company's decision to discontinue production of low-volume non automotive products, while the remainder, \$10.4 million, resulted from reductions in production releases from automotive customers. Manufactured Products net sales decreased 20%, or \$15.9 million, consisting of a \$3.1 million decrease in organic sales and a \$12.8 million sales decrease due to the

Gross profit declined by \$20.8 million, or 28%, from \$73.6 million for the first half of 2000 to \$52.8 million for the first half of 2001. Of this decline, \$17.7 million was attributable to the organic sales decreases and the remainder to the divestiture. The Company's consolidated gross margin decreased to 15.8% for the first six months of 2001 from 17.9% for the first six months of 2000. This decline in consolidated gross margin was due to decreased margins in all three segments. The decline in ILS gross margin related to reduced volumes resulting in the allocation of fixed operational overheads over a smaller sales base. For Aluminum Products, the decrease in gross margins related to the allocation of fixed manufacturing overhead over a smaller production base. The decrease in margins in the Manufactured Products segment resulted primarily from the divestiture of Kay Home Products with its high first half gross margin, and secondarily from decreased production levels which allocated fixed overhead costs over a smaller productive base.

Selling, general and administrative ("SG&A") expenses decreased by 12%, or \$5.0 million, to \$37.4 million for the first six months of 2001 from \$42.4 million for the first six months of 2000. SG&A expenses were reduced by \$3.0 million in response to declining sales from continuing operations and \$2.0 million by the divestiture of Kay Home Products. SG&A expenses as a percentage of net sales were 11.2% for the first six months of 2001 compared to 10.3% for the first six months of 2000.

Interest expense increased by \$.6 million from \$15.2 million in the first half of 2000 to \$15.8 million in the first half of 2001 due to higher average debt outstanding during the current period. During the first six months of 2001, the Company averaged outstanding borrowings of \$357.7 million as compared to \$344.5 million for the corresponding period of the prior year. The \$13.2 million increase related primarily to increases in working capital. The average interest rate was 8.84% for both the six months ended June 30, 2001 and June 30, 2000.

The effective income tax rate for the six month period ended June 30, 2001 was 46%, while, before considering the tax effect of the divestiture of Kay Home Products, the effective income tax rate for the six month period ended June 30, 2000 was 41%. This increase resulted from the tax rate impact of permanent tax items such as goodwill amortization given the significant reduction in pretax income during the first half of 2001 as compared to the first half of 2000.

Net sales decreased by \$40.4 million, or 20%, from \$204.5 million for the second quarter of 2000 to \$164.1 million for the second quarter of 2001. Organic sales declined 17%, or \$34.2 million, while sales decreased by \$6.2 million due to the divestiture of Kay Home Products. ILS net sales decreased 16%, or \$21.4 million, due primarily to shrinkage in heavy truck and other customer industries. Aluminum Products net sales declined 32%, or \$10.0 million. This included a \$4.9 million decrease relating to the ending of sales contracts at Metalloy which were expected at the time of its purchase in 1999, and \$1.3 million relating to the Company's decision to discontinue production of low volume, non automotive products, while the remainder, \$3.8 million, resulted from reductions in production releases from automotive customers. Manufactured

Products net sales declined by \$9.0 million, consisting of a \$2.8 million decrease in organic sales and a \$6.2 million sales decrease due to the divestiture.

Gross profit declined by \$12.2 million, or 33%, from \$37.3 million for the second quarter of 2000 to \$25.1 million for the second quarter of 2001. Of this decline, \$10.7 million was attributable to organic sales decreases and the remainder to the divestiture. The Company's consolidated gross margin decreased to 15.3% for the current quarter from 18.2% for the quarter ended June 30, 2000. This decline in consolidated gross margin was due to decreased margins in all three segments. The decline in ILS gross margin related to reduced volumes resulting in the allocation of fixed operational overheads over a smaller sales base. For Aluminum Products, the decrease in gross margins related to the allocation of fixed manufacturing overhead over a smaller production base. The decrease in margins in the Manufactured Products segment resulted primarily from the divestiture of Kay Home Products with its high second quarter gross margin, and secondarily from decreased production levels which allocated fixed overhead costs over a smaller productive base.

Selling, general and administrative ("SG&A") expenses decreased by 10%, or \$2.1 million, to \$19.3 million for second quarter 2001 from \$21.4 million for second quarter 2000. SG&A expenses were reduced by \$1.0 million in response to declining sales from continuing operations and \$1.1 million by the divestiture of Kay Home Products. SG&A expenses as a percentage of net sales were 11.7% in second quarter 2001 as compared to 10.5% in the same period of 2000.

Interest expense increased by \$.1 million from \$7.7 million in second quarter 2000 to \$7.8 million in 2001 primarily due to higher average debt outstanding during the current period. During the second quarter of 2001, the Company averaged outstanding borrowings of \$359.4 million as compared to \$344.7 million for the corresponding period of the prior year. The \$14.7 million increase related primarily to increases in working capital. The average interest rate of 8.73% for second quarter 2001 was 23 basis points lower than the average rate of 8.96% for the corresponding period of 2000, primarily due to decreased rates on the Company's revolving credit facility.

The effective income tax rate for second quarter 2001 was 46%, while, before considering the tax effect of the divestiture of Kay Home Products, the effective income tax rate for second quarter 2000 was 41%. This increase resulted from the tax rate impact of permanent tax items such as goodwill amortization given the significant reduction in pretax income during the first half of 2001 as compared to the first half of 2000.

LIQUIDITY AND SOURCES OF CAPITAL

The Company's liquidity needs are primarily for working capital and capital expenditures. The Company's primary sources of liquidity have been funds provided by operations and funds available from existing bank credit arrangements and the sale of Senior Subordinated Notes. On December 21, 2000 Park-Ohio entered into a credit agreement with a group of banks under which it may borrow up to \$180 million secured by receivables, inventory and property, plant and equipment. The proceeds from the credit agreement (as amended June 30, 2001), which expires on December 31, 2003, will be used for general corporate purposes. Amounts borrowed under the new credit agreement may be borrowed at Park-Ohio's election at either (i) the bank's prime lending rate plus up to 150 basis points or (ii) LIBOR plus 137.5-325 basis points depending on a financial ratio specified in the credit agreement, reflecting higher interest rates than the previous credit agreement. As of August 13, 2001, \$143.0 million was outstanding under the facility, a decrease of \$11.0 million from the balance outstanding at June 30, 2001.

Current financial resources (working capital and available bank borrowing arrangements) and anticipated funds from operations are expected to be adequate to meet current cash requirements. The availability of bank borrowings is based on the company's ability to meet various financial covenants, which could be materially impacted if recent negative economic trends continue.

The ratio of current assets to current liabilities was 3.42 at June 30, 2001 versus 2.96 at December 31, 2000. Working capital increased by \$10.0 million, to \$223.4 million at June 30, 2001 from \$213.4 million at December 31, 2000.

-16

During the first six months of 2001, the Company generated \$0.0 million from operations before changes in operating assets and liabilities. After giving effect to the use of \$10.0 million in the operating accounts, the Company used \$9.2 million from operating activities as compared to generating \$4.0 million for the first half of 2000. During the first six months of 2001, the Company invested \$7.0 million in capital expenditures, including \$2.0 million for replacement of fire destroyed equipment and tooling. The remaining cash used, along with a decrease in cash of \$1.1 million was offset by an increase in borrowings of \$15.9 million.

SEASONALITY; VARIABILITY OF OPERATING RESULTS

The Company's results of operations are typically stronger in the first six months rather than the last six months of each calendar year due to scheduled plant maintenance in the third quarter to coincide with customer plant shutdowns and to holidays in the fourth quarter.

The timing of orders placed by our customers has varied with, among other factors, orders for customers' finished goods, customer production schedules, competitive conditions and general economic conditions. The variability of the level and timing of orders has, from time to time, resulted in significant periodic and quarterly fluctuations in the operations of our business units. This variability is particularly evident at the capital equipment businesses, included in the Manufactured Products segment, which typically ship a few large systems per year.

FORWARD-LOOKING STATEMENTS

This Form 10-Q contains certain statements that are "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Certain statements in this Management's Discussion and Analysis of Financial Condition and Results of Operations contain forwardlooking statements, including without limitation, discussion regarding the Company's anticipated levels of capital expenditures and credit availability. Forward looking statements are necessarily subject to risks, uncertainties and other factors, many of which are outside our control, which could cause actual results to differ materially from such statements. These uncertainties and other factors include such things as: general business conditions, competitive factors, including pricing pressures and product innovation; raw material availability and pricing; changes in the Company's relationships with customers and suppliers; the ability of the Company to successfully integrate recent and future acquisitions into its existing operations; changes in general domestic economic conditions such as inflation rates, interest rates and tax rates; the ability of the Company to meet various covenants, including financial covenants, contained in its credit agreement and the indenture governing the Senior Subordinated Notes; increasingly stringent domestic and foreign governmental regulations including those affecting the environment; inherent uncertainties involved in assessing our potential liability for environmental remediation related activities; the outcome of pending and future litigation and other claims; dependence on the automotive and heavy truck industries; dependence on key management; and dependence on information systems. Any forward-looking statement speaks only as of the date on which such statement is made, and we undertake no obligation to update any forward looking statement, whether as a result of new information, future events or otherwise. In light of these and other uncertainties, the inclusion of a forward looking statement herein should not be regarded as a representation by us that our plans and objectives will be achieved.

REVIEW BY INDEPENDENT ACCOUNTANTS

The consolidated financial statements at June 30, 2001, and for the three month and six month periods ended June 30, 2001 and 2000, have been reviewed by Ernst & Young LLP, our independent accountants, and their report is included herein.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The Company is exposed to market risk including changes in interest rates. The Company is subject to interest rate risk on its floating rate revolving credit facility which consisted of borrowings of \$154.0 million at June 30, 2001. A 100 basis point increase in the interest rate would have resulted in an increase in interest expense of approximately \$.8 million during the six months ended June 30, 2001.

	extent hereinafter provided, in making Revolving Loans to Borrower, and
	issuing Letters of Credit at the request of Borrower, in such aggregate
	amount as Borrower shall request pursuant to the Commitment; provided,
	however, that in no event shall the aggregate principal amount of all
	Revolving Loans and Letters of Credit outstanding under this Agreement
	be in excess of the Total Commitment Amount.
	Each Bank, for itself and not one for any other, agrees to
	- participate in Loans made and Letters of Credit issued hereunder during
	the Commitment Period on such basis that (a) immediately after the
	completion of any borrowing by Borrower or issuance of a Letter of
	Credit, the aggregate principal amount then outstanding on the Note
	issued to such Bank, when combined with such Bank's pro rata share of
	the Letter of Credit Exposure shall not be in excess of the Maximum

	Commitment Percentage.
	Contait Chieffe Telectroage.
	Each borrowing from the Banks hereunder shall be made pro rata
	according to the respective Commitment Percentages of the Banks. The
	Loans may be made as Revolving Loans, and Letters of Credit may be
	issued, as follows:
	A. Revolving Loans.
	Subject to the terms and conditions of this Agreement, during
	the Commitment Period, the Banks shall make a Revolving Loan or
	Revolving Loans to Borrower in such amount or amounts as Borrower may
	from time to time request, but not exceeding in aggregate principal
	amount at any time outstanding hereunder the Total Commitment Amount,
	when such Revolving Loans are combined with the Letter of Credit
	Exposure. Each Revolving Loan shall mature on the last day of the
	Commitment Period and shall bear interest at a Base Rate Option or one
	or more LIBOR Rate Options as selected by Borrower in accordance with the terms and conditions set forth herein.
	the terms and conditions set forth herein.
	With respect to the Base Interest Segment of each Revolving
	Loan, Borrower shall pay interest on the unpaid principal amount
	thereof outstanding from time to time from the date thereof until paid,
	commencing December 31, 2000, and on the last day of each succeeding
	March, June, September and December thereafter and at the maturity
	thereof, at the Derived Base Rate from time to time in effect.
	With respect to each LIBOR Interest Segment of each Revolving
	Loan, Borrower shall pay interest on the unpaid principal amount
	thereof outstanding from time to time, from the first day of the
	Interest Period applicable thereto through the last day of the Interest
	Period applicable thereto. Interest on each such LIBOR Interest Segment
	shall be at the Derived LIBOR Rate, as calculated on the first day of
	the Interest Period applicable thereto (fixed for such Interest Period

	Date with respect to such Interest Period (provided that if an Interest
	Period exceeds three (3) months, the interest must be paid every three
	(3) months, commencing three (3) months from the beginning of such
	Interest Period). At the request of Borrower to Agent, subject to the
	notice and other provisions of Section 2.2 hereof, the Banks shall
-	change all or any part of a Base Rate Segment of any Revolving Loan to
	a LIBOR Rate Option at any time, and shall change any LIBOR Interest
	Segment of any Revolving Loan to a Base Rate Option on the Interest

The obligation of Borrower to repay the Revolving Loans made by each Bank and to pay interest thereon shall be evidenced by a Revolving Credit Note of Borrower in the form of Exhibit A hereto, payable to the order of such Bank in the principal amount of its Revolving Credit Commitment, or, if less, the aggregate unpaid principal amount of Revolving Loans made hereunder by such Bank. Subject to the provisions of this Agreement, Borrower shall be entitled under this Section 2.1A to borrow funds, repay the same in whole or in part and re-borrow hereunder at any time and from time to time during the Commitment Period.

B. Letters of Credit.

Subject to the terms and conditions of this Agreement, during the Commitment Period, Agent shall, in the name of KeyBank National Association, but only as Agent for the Banks, issue such Letters of Credit for the account of Borrower or any Guarantor of Payment, as Borrower may from time to time request. Borrower shall not request any Letter of Credit (and Agent shall not be obligated to issue any Letter of Credit) if, after giving effect thereto, (a) the aggregate undrawn face amount of all issued and outstanding Letters of Credit would exceed the Letter of Credit Commitment or (b) the Revolving Credit Exposure would exceed the aggregate amount of the Revolving Credit Commitments. The issuance of each Letter of Credit shall confer upon each Bank the benefits and liabilities of a participation consisting of an undivided pro rata interest in the Letter of Credit to the extent of such Bank's Commitment Percentage.

Each request for a Letter of Credit shall be delivered to Agent not later than 11:00 A.M. (Cleveland, Ohio time) three (3)
Business Days prior to the day upon which the Letter of Credit is to be issued. Each such request shall be in a form acceptable to Agent and specify the face amount thereof, whether such Letter of Credit is a commercial documentary or a standby Letter of Credit, the account party, the beneficiary, the intended date of issuance, the expiry date thereof, and the nature of the transaction to be supported thereby. Concurrently with each such request, Borrower, and any Guarantor of Payment for whose benefit the Letter of Credit is to be issued, shall execute and deliver to Agent an appropriate application and agreement, being in the standard form of Agent for such letters of credit, as amended to conform to the provisions of this Agreement if required by Agent. Agent shall give each Bank notice of each such request for a Letter of Credit.

,

In respect of each Letter of Credit that is a commercial documentary letter of credit and the drafts thereunder, whether issued for the account of Borrower or a Guarantor of Payment, Borrower agrees (i) to pay to Agent, for the pro rata benefit of the Banks, a nonrefundable commission based upon the face amount of the Letter of Credit, which shall be paid quarterly in arrears, on the last day of each succeeding March, June, September and December of each year and at the expiration of such Letter of Credit, at the rate of one and one-fourth percent (1 1/4%) per annum times the face amount of the Letter of Credit; (ii) to pay to Agent, for its sole account, an additional Letter of Credit fee, which shall be paid on each date that such Letter of Credit is issued or renewed at the rate of one eighth percent (1/8 of 1%) of the face amount of such Letter of Credit; and (iii) for its sole account, such other issuance, amendment, negotiation, draw, acceptance, telex, courier, postage and similar transactional fees as are generally charged by Agent under its fee schedule as in effect from time to time. In respect of each Letter of Credit that is a standby letter of credit and the drafts thereunder, if any, whether issued for the account of Borrower or a Guarantor of Payment, Borrower agrees (A) to pay to Agent, for the pro rata benefit of the Banks, a non refundable commission based upon the face amount of the Letter of Credit, which shall be paid quarterly in arrears, on the last day of each succeeding March, June, September and December of each year and at the expiration of such Letter of Credit, at the rate of one and one fourth percent (1 1/4%) per annum times the face amount of the Letter of Credit; (B) to pay to Agent, for its sole account, an additional Letter of Credit fee, which shall be paid on each date that such Letter of Credit is issued or renewed at the rate of one eighth percent (1/8 of 1%) of the face amount of such Letter of Credit; and (C) to pay to Agent for its sole account, such other issuance, amendment, negotiation, draw, acceptance, telex, courier, postage and similar transactional fees as are generally charged by Agent under its

	fee schedule as in effect from time to time.

The Credit Agreement is hereby amended to delete Section 5.24 om in its entirety and to insert in place thereof the following: SECTION 5.24. RIGHT TO TAKE ADDITIONAL COLLATERAL. (a) In addition to any other right that Agent and the Banks may have pursuant to this Agreement or otherwise and subject to subpart (b) hereof, Borrower shall, and shall cause each Guarantor of Payment to, at any time upon request of Agent (i) grant to Agent, for the benefit of the Banks, as additional security for the Secured Debt a first priority security interest in or Lien on any real or personal property of Borrower and each Guarantor of Payment in which Agent does

"Additional Collateral"), and (ii) execute and deliver to Agent, the benefit of the Banks, such security agreements, intellectual property assignment agreements, pledge agreements, mortgages (or deeds of trust, if applicable) or other documents, instruments or agreements or such thereof as Agent and the Required Banks may reasonably require in connection with security interests and Liens to be granted in the Additional Collateral pursuant to subpart (i) above (collectively, the "Additional Collateral Documents"). In connection with the foregoing, Agent shall be authorized to file or record such UCC financing statements or mortgages or other evidence of the Liens granted pursuant to the Additional Collateral Documents. Borrower agrees to provide such assistance and further assurances as may be required by Agent in connection with the Additional Collateral. (b) If, at any time after June 30, 2001, the Leverage Ratio shall have been less than or equal to 4.80 to 1.00 for two (2) consecutive fiscal quarters and so long as no Default or Event of Default shall exist or immediately thereafter shall begin to exist and the Fixed Charge Condition Period shall have ended, upon written request of Borrower to Agent, Agent, on behalf of the Banks, shall release the Additional Collateral, provided that no such release shall be effective until confirmed by Agent in writing. In connection with such release Agent shall provide to Borrower, and the Banks hereby authorize Agent to provide to Borrower, such UCC partial release statements and mortgage releases as are appropriate. (c) At any time after the Additional Collateral has been released pursuant to subpart (b) above or otherwise, and in addition to any other right that Agent and the Banks may have pursuant to this Agreement or otherwise, upon written request of Agent whenever made after the occurrence of an Event of Default, Borrower shall, and shall cause each Guarantor of Payment, to promptly grant to Agent, for the benefit of the Banks, as additional security for the Secured Debt a first priority security interest in or Lien on the Additional Collateral pursuant to such security agreements, intellectual property assignment agreements, pledge agreements, mortgages (or deeds of trust, if applicable) or other documents, instruments or agreements or such thereof as Agent and the Required Banks may reasonably require. 17. Section 6.4 of the Credit Agreement is hereby amended to add the words "and Equipment" immediately after the word "Inventory" in subsection (a) 18. Section 7.14 of the Credit Agreement is hereby deleted in its entirety and to insert in place thereof, respectively, the following: SECTION 7.14. REGULATIONS. Borrower is not engaged principally or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying any "margin stock" (within the meaning of Regulation U of the Board of Governors of the Federal Reserve System of the United States of America). Neither the granting of any Loan (or any conversion thereof) or Letter of Credit nor the use of the proceeds of any Loan or Letter of Credit will violate, or be inconsistent with, the provisions of Regulation U or X or any other Regulation of such Board of Governors. 19. Sections 9.1 and 9.2 of the Credit Agreement are hereby amended to add the words "and the obligation of Agent to issue any Letter of Credit" immediately after the word "Loan" in the respective subsections (a) thereof. 20. Article IX of the Credit Agreement is hereby amended to add the following new Section 9.6 thereto: Section 9.6. LETTERS OF CREDIT. If the maturity of the Notes shall be accelerated pursuant to Sections 9.1 or 9.2 hereof, Borrower shall immediately deposit with Agent, as security for Borrower's and any Guarantor of Payment's obligations to reimburse Agent and the Banks

for any then outstanding Letters of Credit, cash equal to the Letter of Credit Exposure. Agent and the Banks are hereby authorized, at their option, to deduct any and all such amounts from any deposit balances then owing by any Bank to or for the credit or account of any Company, as security for Borrower's and any Guarantor of Payment's obligations to reimburse Agent and the Banks for any then outstanding Letters of

(d) and that Bank's interest in any Letter of Credit;

Default or Event of Default exists under the Credit Agreement, nor will any occur immediately after the execution and delivery of this Amendment or by the performance or observance of any provision hereof, (e) Borrower is not aware of any claim or offset against, or defense or counterclaim to, any of Borrower's obligations or liabilities under the Credit Agreement or any Related Writing and (f) this Amendment constitutes a valid and binding obligation of Borrower in every respect, enforceable in accordance with its terms. 26. Borrower, by signing below, hereby waives and releases Agent and each of the Banks and their respective directors, officers, employees, attorneys, affiliates and subsidiaries from any and all claims, offsets, defenses and counterclaims of which Borrower is aware, such waiver and release being with full knowledge and understanding of the circumstances and effect thereof and after having consulted legal counsel with respect thereto. 27. Each reference that is made in the Credit Agreement or any Related Writing to the Credit Agreement shall hereafter be construed as a reference to the Credit Agreement as amended hereby. Except as herein otherwise specifically provided, all provisions of the Credit Agreement shall remain in full force and effect and be unaffected hereby. This Amendment is a Related Writing as defined in the Credit Agreement. 28. This Amendment may be executed in any number of counterparts, by different parties hereto in separate counterparts and by facsimile signature, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement. 29. The rights and obligations of all parties hereto shall be governed by the laws of the State of Ohio, without regard to principles of conflicts of laws.
