NOTE H -- ACCOUNTING PRONOUNCEMENTS

The Company adopted FASB Statement No. 130 "Reporting Comprehensive Income", at the beginning of 1998. Statement 130 establishes standards for the reporting and display of comprehensive earnings and its components in financial statements; however, the adoption of this statement had no impact on the Company's net earnings. Statement 130 requires foreign currency translation adjustments, which prior to adoption were immaterial and included in accrued expenses, to be included in other comprehensive earnings. Prior year financial statements have been reclassified to conform to the requirements of Statement 130. Comprehensive income for the three and nine month periods ended September 30, 1998 was \$2,580 and \$8,273, respectively. There were no material differences between net earnings and comprehensive earnings for the three and nine month periods ended September 30, 1997.

The FASB has issued two accounting pronouncements which the Company will adopt in the fourth quarter of 1998. FASB Statement No. 131, "Disclosures about Segments of an Enterprise and Related Information" and FASB Statement No. 132, "Employers' Disclosures about Pensions and Other Post Retirement Benefits an amendment of FASB Statements No. 87, 88 and 106" both expand or modify

disclosures and accordingly, will have no impact on the Company's financial position, results of operations or cash flows.

In March 1998, the American Institute of Certified Public Accountants ("AICPA") issued Statement of Position ("SOP") 98 1, "Accounting for the Cost of Computer Software Developed or Obtained for Internal Use". The SOP requires companies to capitalize qualifying computer software costs incurred during the application development stage. This statement will be applied prospectively and is effective for financial statements for fiscal years beginning after December 15, 1998. The impact of this new standard is not expected to have a significant effect on the Company's financial position or results of operations.

In April 1998, the AICPA issued SOP 98-5, "Accounting for the Costs of
Start up Activities". The SOP requires that costs of start up activities be
expensed as incurred. The SOP is effective for fiscal years beginning after
December 15, 1998. The Company expects to adopt the SOP in the first quarter of
1999. The impact of adoption of the SOP on the Company's financial position,
results of operations or cash flows is expected to be immaterial.
NOTE I RECLASSIFICATION
-
Certain amounts in the prior period's financial statements have been
reclassified to be consistent with the current period presentation.
-
NOTE J FINANCING ARRANGEMENTS
On November 2, 1998, Park Ohio amended and restated its credit agreement
with a group of banks under which it may borrow up to \$150 million on an
unsecured basis. Interest is payable at the prime lending rate less 1% to .3% or
at Park Ohio's election at LIBOR plus .9% to 1.7%. The interest rate is
dependent on the aggregate amount borrowed under the agreement.

Board of Directors and Shareholders
Park Ohio Holdings Corp.
-
We have reviewed the accompanying consolidated balance sheet of Park Ohio
Holdings Corp. and subsidiaries as of September 30, 1998, and the related
consolidated statements of income for the three months and nine months ended
September 30, 1998 and 1997, the consolidated statement of shareholders' equity
for the nine months ended September 30, 1998 and the consolidated statements of cash flows for the nine month periods ended September 30, 1998 and 1997. These
financial statements are the responsibility of the Company's management.
-
We conducted our review in accordance with standards established by the
American Institute of Certified Public Accountants. A review of interim
financial information consists principally of applying analytical procedures to
financial data, and making inquiries of persons responsible for financial and
accounting matters. It is substantially less in scope than an audit conducted in
accordance with generally accepted auditing standards, which will be performed
for the full year with the objective of expressing an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an
opinion.
-
Based upon our reviews, we are not aware of any material modifications that
should be made to the accompanying consolidated financial statements referred to
above for them to be in conformity with generally accepted accounting
principles.
We have previously audited, in accordance with generally accepted auditing standards, the consolidated balance sheet of Park Ohio Holdings Corp. and
subsidiaries as of December 31, 1997 and the related consolidated statements of
income, shareholders' equity, and cash flows for the year then ended, not
presented herein, and in our report dated February 16, 1998, we expressed an
unqualified opinion on those consolidated financial statements. In our opinion,
the information set forth in the accompanying consolidated balance sheet as of
December 31, 1997, is fairly stated, in all material respects, in relation to
the consolidated balance sheet from which it is derived.

The consolidated financial statements of the Company include the accounts of Park Ohio Holdings Corp. and its subsidiaries. All significant intercompany
transactions have been eliminated in consolidation. The historical financial
information for the nine and three month periods ended September 30, 1997 is not
directly comparable on a period to period basis to the financial information for
the nine and three month periods ended September 30, 1998 due to the 1997
acquisitions ("1997 Acquisitions"). During 1997, the Company acquired five
businesses for \$62.6 million. The largest of the 1997 Acquisitions was Arden

Industrial Products, Inc. ("Arden") which was acquired for \$44 million as of August 1, 1997. Arden is a national supplier of specialty and standard fasteners to the industrial market. During October, 1998, the Company acquired all of the shares of GIS Industries, Inc. ("Gateway"). Gateway is a distributor of fasteners and a manufacturer of fabricated metal products and fasteners. All acquisitions are accounted for as purchases and consequently their results are included in the consolidated financial statements from their respective date of being acquired.

OVERVIEW

_

The Company operates diversified manufacturing ("Manufactured Products") and logistics ("Integrated Logistics Solutions" or "ILS") businesses that serve a wide variety of industrial markets. Manufactured Products designs and manufactures a broad range of high quality products engineered for specific customer applications. The principal customers of Manufactured Products are original equipment manufacturers ("OEMs") and end users in the automotive, railroad, truck and aerospace industries. ILS is a leading national supplier of fasteners (e.g., nuts, bolts and screws) and other industrial products to OEMs, other manufacturers and distributors. In connection with the supply of such industrial products, ILS provides a variety of value added, cost effective procurement solutions. The principal customers of ILS are in the transportation, industrial, electrical and lawn and garden equipment industries.

The Company previously announced that it was planning to cause ILS to issue shares of common stock to the public. ILS is comprised of RB&W Corporation, Arden, Direct, and Gateway; the operating companies of the Company's Logistics division. It was anticipated that a registration statement would be filed in the third quarter of 1998 and that the offering would be completed during 1998. However, the market conditions were not conducive for initial public offerings during that time period and as a result, the Company has postponed the filing of a registration statement until the spring of 1999 and now expects that the offering will be completed during 1999.

A registration statement relating to these securities has not been filed with the Securities and Exchange Commission. These securities may not be sold absent registration or an applicable exemption from registration. The offering will be made only by means of a prospectus. This disclosure shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any State in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any State.

The statements herein regarding the filing of a registration statement, the timing of the offering and any other future aspects relating to the offering and other statements which are not historical facts are forward looking statements. Such statements involve risks and uncertainties, including, but not limited to, market conditions (including the price and market for the common stock) and other factors detailed herein under the heading "Forward Looking Statements."

Between 1994 and 1997, the Company has grown significantly, both internally and through acquisitions. Over this period, the Company's net sales increased at a 50.4% compounded annual growth rate ("CAGR"), from \$129.2 million to \$441.1 million, and income from continuing operations on a fully taxed basis increased at a 40.2% CAGR from \$4.1 million to \$11.3 million.

Recent growth has been primarily attributable to the Company's strategy of making selective acquisitions in order to complement internal growth. Historically, the Company has acquired underperforming businesses with potential for: (i) significant cost reductions through improved labor, supplier and customer relations and increased purchasing power and (ii) revenue enhancement due to better asset utilization and management practices, as well as increased access to capital. The Company's internal growth has been driven primarily by

15

1;

the addition of ILS customers under total fastening service ("TFS") contracts and by the leveraging of existing customer relationships in the Manufactured Products segment.

Between January 1, 1994 and September 30, 1998, the Company's continuing operations incurred \$65.9 million of capital expenditures, the majority of which was used to expand and upgrade existing manufacturing facilities and enhance the Company's management information systems.

RESULTS OF OPERATIONS

_

NINE MONTHS 1998 VERSUS NINE MONTHS 1997

Net sales increased by \$98.7 million, or 32%, from \$311.9 million for the

first nine months of 1997 to \$410.6 million for the nine months ended September 30, 1998. Approximately 32% of this increase was attributable to internal growth and 68% was a result of the 1997 Acquisitions. Of the internal sales growth, approximately 71% was primarily attributable to ILS and the addition of TFS customers, and the remainder was due to increased orders from Manufactured Products' customers. The growth in net sales from the 1997 Acquisitions relates to ILS and primarily pertains to Arden which was acquired as of August 1, 1997.

Gross profit increased by \$20.9 million, or 42%, from \$49.9 million for the first nine months of 1997 to \$70.8 million for the first nine months of 1998. Of the increase, 58% relates to the 1997 Acquisitions, primarily Arden, and 42% was due to internal growth, primarily ILS. The Company's consolidated gross margin increased to 17.2% for the first nine months of 1998 from 16.0% for the first nine months of 1997. This increase in consolidated gross margin was due to increased margins in both the Manufactured Products and ILS segments. The increase in Manufactured Products was due to a change in revenue mix and to increased production thereby allocating fixed manufacturing overhead over a greater production base. The increase in margins in the ILS segment is a result of spreading operating costs over a growing revenue base resulting from the recent acquisitions in ILS and favorable raw material sourcing.

Selling, general and administrative costs increased by 33% to \$42.1 million for the first nine months of 1998 from \$31.6 million for the first nine months of 1997. Approximately 62% of such increase was related to the 1997 Acquisitions while the remainder related to the increase in internally generated net sales. Consolidated selling, general and administrative expenses as a percentage of net sales was approximately 10% for both periods.

Interest expense increased by \$6.6 million from \$6.1 million for the nine month period ended September 30, 1997 to \$12.7 million for the nine month period ended September 30, 1998 due to higher average debt outstanding during the current period and to higher average interest rates in 1998 versus 1997. For the nine month period ended September 30, 1998, the Company averaged outstanding borrowings of \$196.7 million as compared to \$108.1 million outstanding for the nine months ended September 30, 1997. Of the \$88.6 million increase, approximately \$66 million related to acquisitions completed during the latter part of 1997 and 1998 with the remainder primarily related to working capital increases to support the realized and anticipated growth in business and to capital expenditures to support growth in the business. The average borrowing rate of 8.6% for the nine months ended September 30, 1998 is 1.3% higher than the average rate of 7.3% for the nine months ended September 30, 1997 primarily because of the \$150 million bond offering in the fall of 1997 which carries a coupon rate of 9.25% versus a 7.3% rate on the shorter term debt it replaced.

The effective income tax rate at September 30, 1998 was 43% as compared to 30% at September 30, 1997. The increase is directly attributable to an increase in expenses recorded for financial reporting purposes, but not deductible for income tax purposes, primarily certain goodwill amortization. At December 31, 1997, subsidiaries of the Company had net operating loss carryforwards for tax purposes of approximately \$9.4 million subject to certain limitations that expire between 2001 and 2007.

THIRD QUARTER 1998 VERSUS THIRD QUARTER 1997

Net sales increased by \$19.1 million, or 17%, from \$114.3 million for the third quarter of 1997 to \$133.4 million for the quarter ended September 30, 1998. Approximately 53% of this increase was attributable to internal growth and 47% was a result of the 1997 Acquisitions. Of the internal sales growth, 56% was

 $\frac{-16}{}$

attributable to ILS and the addition of TFS customers, and the remainder was due to increased orders from Manufactured Products' customers. The growth in net sales attributable to the 1997 Acquisitions applies to ILS and primarily pertains to Arden which was acquired as of August 1, 1997.

Gross profit increased by \$5.9 million, or 33%, from \$18.0 million for the third quarter of 1997 to \$23.9 million for the third quarter ended September 30, 1998. Of the increase, 29% relates to the 1997 Acquisitions, primarily Arden, and 71% was due to internal growth, evenly allocated between Manufactured Products and ILS. The Company's consolidated gross margin increased to 17.9% for the quarter ended September 30, 1998 from 15.7% for the quarter ended September 30, 1997 and was due to increased margins in both the Manufactured Products and ILS segments. The increase in Manufactured Products was due to a change in revenue mix and to increased production thereby allocating fixed manufacturing overhead over a greater production base. The increase in margins in the ILS segment is a result of spreading operating costs over a growing revenue base resulting from the recent acquisitions in ILS and to internal growth and favorable raw material sourcing.

Selling, general and administrative costs increased by 26% to \$14.5 million for the three months ended September 30, 1998 from \$11.5 million for the three months ended September 30, 1997. Approximately 36% of such increase was related to the 1997 Acquisitions while the remainder related to the increase in internally generated net sales. Consolidated selling, general and administrative expenses as a percentage of net sales was 10.9% for the current period and 10.1% for the corresponding period of the prior year.

Interest expense increased by \$1.7 million from \$2.5 million for the three month period ended September 30, 1997 to \$4.2 million for the three month period ended September 30, 1998 due to higher average debt outstanding during the current period and to higher average interest rates in 1998 versus 1997. For the three month period ended September 30, 1998, the Company averaged outstanding borrowings of \$203.9 million as compared to \$129.0 million outstanding for the three months ended September 30, 1997. The increase in average borrowings related to acquisitions in 1997 and 1998, to working capital increases to support the realized and anticipated growth in business and to capital expenditures to support growth in the business. The average borrowing rate of 8.3% for the three months ended September 30, 1998 is 80 basis points higher than the average rate of 7.5% for the three months ended September 30, 1997 primarily because of the \$150 million bond offering in the fall of 1997 which carries a coupon rate of 9.25% versus a 7.3% rate on the shorter term debt it replaced.

LIQUIDITY AND SOURCES OF CAPITAL

The Company's liquidity needs are primarily for working capital and capital expenditures. The Company's primary sources of liquidity have been funds provided by operations and funds available from existing bank credit arrangements. On November 2, 1998, Park Ohio amended and restated its credit agreement with a group of banks under which it may borrow up to \$150 million on an unsecured basis. The New Credit Agreement expires on April 30, 2001 and the proceeds of which will be used for general corporate purposes. Amounts borrowed under the New Credit Agreement may be borrowed at Park Ohio's election at either (i) the bank's prime lending rate less 100-30 basis points or (ii) LIBOR plus 90-170 basis points depending on the aggregate amount borrowed under the New Credit Agreement. As of October 31, 1998, \$80.5 million was outstanding under the facility.

Current financial resources (working capital and available bank borrowing arrangements) and anticipated funds from operations are expected to be adequate to meet current cash requirements. Capital expenditures for 1998 are projected to be approximately \$22.0 million which will be used to invest in the Company's current facilities for projected new business, for scheduled improvements and new equipment to expand existing products.

The ratio of current assets to current liabilities was 2.84 at September 30, 1998 versus 2.83 at December 31, 1997. Working capital increased by \$17.8 million to \$164.2 million at September 30, 1998 from \$146.4 million at December 31, 1997 largely as a result of increases necessary to support the scheduled internal growth of the Company.

During the first nine months of 1998, the Company generated \$19.5 million from operations before changes in operating assets and liabilities. After giving effect to the use of \$15.6 million in the operating accounts, the Company provided \$3.9 million from operating activities. During the period, the Company invested \$20.7 million in capital expenditures, used \$6.0 for acquisitions and used \$800 thousand to purchase common shares for the treasury. These activities were funded by a net increase in bank borrowings of \$25.4 million offset by a \$1.8 million increase in cash during the period.

YEAR 2000 CONVERSION

The Year 2000 ("Y2K") issue is the result of computer programs being written using two digits rather than four to define the applicable year. Any of the Company's computer programs or hardware that have date sensitive software or embedded chips may recognize a date using "00" as the year 1900 rather than the year 2000. This could result in a system failure or miscalculations causing disruption of operations, including, among other things, a temporary inability to process transactions, send invoices, or engage in similar normal business activities.

During 1996, the Company developed a Y2K Task Force, which was established to monitor and track the Y2K compliance at its operating units. The Task Force developed a Y2K plan in order to minimize the risk to the Company's operating units and its customers. The plan to resolve the Y2K issues involves four phases: assessment, remediation, testing and implementation.

To date, the Task Force has completed its assessment of its computer hardware and software applications, process control equipment, and other non information technology equipment. After taking into consideration investments in new equipment and systems that have already been made, this assessment has determined that with only a few exceptions, the systems are Y2K compliant. The exceptions require upgrades of software programs or changes to existing programs. The remediation and testing phases are currently underway, and upgrades and software corrections are being completed. The target for completion of all phases is by the second quarter of 1999. Based upon the assessments and remediations completed to date, the Company does not expect that the Y2K issue will have a material effect on its business operations, consolidated financial condition, cash flows, or results of operations.

In addition, the Task Force will review the Y2K compliance of its key suppliers, customers and service providers ("significant third parties") in an effort to reduce the potential adverse effect on its operations from non compliance by such parties. This significant third party review has begun and is expected to be completed by June 30, 1999. Interfaces to external suppliers and customers are part of this assessment and validation process. As these significant third parties are reviewed, the Task Force intends to develop contingency plans, if necessary, for significant third parties that exhibit possible Y2K problems. If Y2K compliance is not achieved by these significant third parties, over which the Company has no control, it could, depending on duration, have a material adverse effect on the Company's operations.

The Company will utilize both internal and external resources to remedy, test, and implement the software and operating equipment for Y2K modifications. The total cost to achieve Y2K compliance is estimated at \$9 million. Approximately 75% of this cost represents new systems, which the Company may have initiated during the period, notwithstanding the Y2K issue. To date, the Company has incurred approximately \$7.8 million for new systems and equipment, with the majority of these costs for the conversion/development of systems. The remaining \$1.2 million will be funded through operating cash flows. The Company generally does not separately identify the direct costs of internal employees working on Y2K projects.

SEASONALITY; VARIABILITY OF OPERATING RESULTS

As a result of the significant growth in the Company's net sales and operating income in recent years, seasonal fluctuations have been substantially mitigated. The Company, however, performs scheduled plant maintenance in the third quarter to coincide with customer plant shut downs.

The timing of orders placed by the Company's customers has varied with, among other factors, orders for customers' finished goods, customer production schedules, competitive conditions and general economic conditions. The variability of the level and timing of orders has, from time to time, resulted in significant periodic and quarterly fluctuations in the operations of the Company's business units. Such variability is particularly evident at the businesses in the Capital Equipment Group, included in the Manufactured Products segment, which typically ship a few large systems per year. In addition, the Company experiences seasonality in the Kay Home Products, Inc. ("Kay Home Products") operating unit of the Metal Forming Group included in the Manufactured Products segment. Kay Home Products' goods are primarily used by consumers in the spring and summer, and consequently its first two quarters of operating results are typically the strongest.

Administrative Agent shall promptly notify each Bank of the date of each such reduction and such Bank's proportionate share thereof. After each such reduction, the commitment fees payable hereunder shall be calculated upon the Commitment of the Banks as so reduced. If Borrower reduces in whole the Commitment of the Banks, on the effective date of such reduction (Borrower having prepaid in full the unpaid principal balance, if any, of the Notes, together with all interest and commitment and other fees accrued and unpaid), all of the Notes shall be delivered to Administrative Agent marked "Canceled" and Administrative Agent shall redeliver such Notes to Borrower. Any partial reduction in the Commitment of the Banks shall be effective during the remainder of the Commitment Period.
- SECTION 2.6. COMPUTATION OF INTEREST AND FEES; DEFAULT RATE. Interest on Loans and commitment and other fees and charges hereunder shall be computed on the basis of a year having three hundred sixty (360) days and calculated for the actual number of days elapsed. Anything herein to the contrary notwithstanding, if an Event of Default shall occur hereunder, the principal of each Note and the unpaid interest thereon shall bear interest, until paid, at the Default Rate. In no event shall the rate of interest hereunder exceed the maximum rate allowable by law.

principal amount of the Loans sufficient to bring the aggregate outstanding principal amount of all Loans within the Commitment of the Banks. Any prepayment of a LIBOR Loan pursuant to this Section 2.7 shall be subject to the prepayment fees set forth in Section 2.4 hereof.

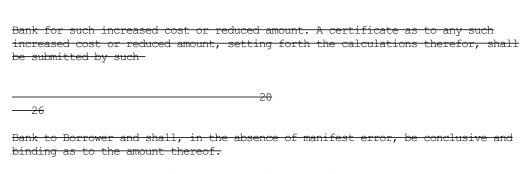

SECTION 2.8. EXTENSION OR INCREASE OF COMMITMENT. Upon the written request of Borrower received by Agents at least ninety (90) days prior to any anniversary of the Closing Date (prior to the last day of the Commitment Period), the Banks shall have the option of extending the Commitment for an additional year. Each such extension shall require the unanimous written consent of each of the Banks. In the event that the Commitment is at any time increased, Borrower shall pay to Administrative Agent, for the benefit of the Banks in accordance with their respective Commitment Percentages, an increase fee of one-fourth percent (1/4%) of the amount by which the Commitment has been increased. Such increase fee shall be in addition to all fees, costs and other amounts payable under the terms of this Agreement or as may otherwise be negotiated between Borrower and the Banks.

ARTICLE III. ADDITIONAL PROVISIONS RELATING TO LIBOR
LOANS; INCREASED CAPITAL; TAXES.

SECTION 3.1. RESERVES OR DEPOSIT REQUIREMENTS, ETC. If, at any time, any law, treaty or regulation (including, without limitation, Regulation D of the Board of Governors of the Federal Reserve System) or the interpretation thereof by any governmental authority charged with the administration thereof or any central bank or other fiscal, monetary or other authority shall impose (whether or not having the force of law), modify or deem applicable any reserve and/or special deposit requirement (other than reserves included in the Eurocurrency Reserve Percentage, the effect of which is reflected in the interest rate(s) of the LIBOR Loan(s) in question) against assets held by, or deposits in or for the amount of any LIBOR Loan by, any Bank, and the result of the foregoing is to increase the cost (whether by incurring a cost or adding to a cost) to such Bank of making or maintaining hereunder any LIBOR Loan or to reduce the amount of principal or interest received by such Bank with respect such LIBOR Loan, then, upon demand by such Bank, Borrower shall pay to such Bank from time to time on Interest Adjustment Dates with respect to such LIBOR Loan, as additional consideration hereunder, additional amounts sufficient to fully compensate and indemnify such Bank for such increased cost or reduced amount, assuming (which assumption such Bank need not corroborate) such additional cost or reduced amount was allocable to such LIBOR Loan. A certificate as to the increased cost or reduced amount as a result of any event mentioned in this Section 3.1, setting forth the calculations therefor, shall be promptly submitted by such Bank to Borrower and shall, in the absence of manifest error, be conclusive and binding as to the amount thereof. Notwithstanding any other provision of this Agreement, after any such demand for compensation by any Bank, Borrower, upon at least three (3) Business Days' prior written notice to such Bank through Administrative Agent, may prepay any affected LIBOR Loan in full or convert such LIBOR Loan to a Prime Rate Loan regardless of the Interest Period thereof. Any such prepayment or conversion shall be subject to the prepayment fees set forth in Section 2.4 hereof. Each Bank shall notify Borrower as promptly as practicable (with a copy thereof delivered to Administrative Agent) of the existence of any event that will likely require the payment by Borrower of any such additional amount under this Section.

SECTION 3.2. TAX LAW, ETC. In the event that by reason of any law, regulation or requirement or in the interpretation thereof by an official authority, or the imposition of any requirement of any central bank whether or not having the force of law, any Bank shall, with respect to this Agreement or any transaction under this Agreement, be subjected to any tax, levy, impost, charge, fee, duty, deduction or withholding of any kind whatsoever (other than any tax imposed upon the total net income of such Bank) and if any such measures or any other similar measure shall result in an increase in the cost to such Bank of making or maintaining any LIBOR Loan or in a reduction in the amount of principal, interest or commitment fee receivable by such Bank in respect thereof, then such Bank shall promptly notify Borrower stating the reasons therefor. Borrower shall thereafter pay to such Bank, upon demand from time to time on Interest Adjustment Dates with respect to such LIBOR Loan, as additional consideration hereunder, such additional amounts as shall fully compensate such

If any Bank receives such additional consideration from Borrower pursuant to this Section 3.2, such Bank shall use reasonable efforts to obtain the benefits of any refund, deduction or credit for any taxes or other amounts on account of which such additional consideration has been paid and shall reimburse Borrower to the extent, but only to the extent, that such Bank shall receive a refund of such taxes or other amounts together with any interest thereon or an effective net reduction in taxes or other governmental charges (including any taxes imposed on or measured by the total net income of such Bank) of the United States or any state or subdivision thereof by virtue of any such deduction or credit, after first giving effect to all other deductions and credits otherwise available to such Bank. If, at the time any audit of such Bank's income tax return is completed, such Bank determines, based on such audit, that it was not entitled to the full amount of any refund reimbursed to Borrower as aforesaid or that its net income taxes are not reduced by a credit or deduction for the full amount of taxes reimbursed to Borrower as aforesaid, Borrower, upon demand of such Bank, shall promptly pay to such Bank the amount so refunded to which such Bank was not so entitled, or the amount by which the

Notwithstanding any other provision of this Agreement, after any such demand for compensation by any Bank, Borrower, upon at least three (3) Business Days' prior written notice to such Bank through Administrative Agent, may prepay any affected LIBOR Loan in full or convert such LIBOR Loan to a Prime Rate Loan regardless of the Interest Period of any thereof. Any such prepayment or conversion shall be subject to the prepayment fees set forth in Section 2.4 hereof.

net income taxes of such Bank were not so reduced, as the case may be.

SECTION 3.3. EURODOLLAR DEPOSITS UNAVAILABLE OR INTEREST RATE UNASCERTAINABLE. In respect of any LIBOR Loan, in the event that Administrative Agent shall have determined that dollar deposits of the relevant amount for the relevant Interest Period for such LIBOR Loan are not available to the Banks in the applicable eurodollar market or that, by reason of circumstances affecting such market, adequate and reasonable means do not exist for ascertaining the LIBOR Rate applicable to such Interest Period, as the case may be, Administrative Agent shall promptly give notice of such determination to Borrower and (a) any notice of a new LIBOR Loan (or conversion of an existing Loan to a LIBOR Loan) previously given by Borrower and not yet borrowed (or converted, as the case may be) shall be deemed a notice to make a Prime Rate Loan, and (b) Borrower shall be obligated either to prepay, or to convert to a Prime Rate Loan, any outstanding LIBOR Loan on the last day of the then current Interest Period with respect thereto.

SECTION 3.4. INDEMNITY. Without prejudice to any other provisions of this Article III, Borrower hereby agrees to indemnify each Bank against any loss or expense which such Bank may sustain or incur as a consequence of any default by Borrower in payment when due of any amount hereunder in respect of any LIBOR Loan, including, but not limited to, any loss of profit, premium or penalty incurred by such Bank in respect of funds borrowed by it for the purpose of making or maintaining such LIBOR Loan, as determined by such Bank in the exercise of its sole but reasonable discretion. A certificate as to any such loss or expense shall be promptly submitted by such Bank to Borrower and shall, in the absence of manifest error, be conclusive and binding as to the amount thereof:

SECTION 3.5. CHANGES IN LAW RENDERING LIBOR LOANS UNLAWFUL. If at any time any new law, treaty or regulation, or any change in any existing law, treaty or regulation, or any interpretation thereof by any governmental or other regulatory authority charged with the administration thereof, shall make it unlawful for any Bank to fund any LIBOR Loan which it is committed to make hereunder with moneys obtained in the eurodollar market, the commitment of such Bank to fund such LIBOR Loan shall, upon the happening of such event forthwith be suspended for the duration of such illegality, and such Bank shall by written notice to Borrower and Agents declare that its commitment with respect to such LIBOR Loan has been so suspended and, if and when such illegality ceases to

exist, such suspension shall cease and such Bank shall similarly notify Borrower and Agents. If any such change shall make it unlawful for any Bank to continue in effect the funding in the applicable eurodollar market of any LIBOR Loan previously made by it hereunder, such Bank shall, upon the happening of such event, notify Borrower, Agents and the other Banks thereof in writing stating the reasons therefor, and Borrower shall, on the earlier of (a) the last day of the then current Interest Period or (b) if required by such law, regulation or interpretation, on such date as shall be specified in such notice, either convert such LIBOR Loan to a Prime Rate Loan or prepay such LIBOR Loan to the Banks in full. Any such prepayment or conversion shall be subject to the prepayment fees described in Section 2.4 hereof.

SECTION 3.6. FUNDING. Each Bank may, but shall not be required to, make LIBOR Loans hereunder with funds obtained outside the United States.

SECTION 3.7. CAPITAL ADEQUACY. To the extent not covered by Article III hereof, if any Bank shall have determined, after the date hereof, that the adoption of any applicable law, rule, regulation or guideline regarding capital adequacy, or any change therein, or any change in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Bank (or its lending office) with any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on such Bank's capital (or the capital of its holding company) as a consequence of its obligations hereunder to a level below that which such Bank (or its holding company) could have achieved but for such adoption, change or compliance (taking into consideration such Bank's policies or the policies of its holding company with respect to capital adequacy) by an amount deemed by such Bank to be material, then from time to time, within fifteen (15) days after demand by such Bank (with a copy to Administrative Agent), Borrower shall pay to such Bank such additional amount or amounts as shall compensate such Bank (or its holding company) for such reduction, provided that Borrower's obligation under this Section 3.7 are limited to the parts of such reduction directly related to the Loans. No Bank shall enforce this provision solely against Borrower or against a few of such Bank's customers without in each case generally enforcing these (or similar) provisions in other contracts (provided that, anything herein to the contrary notwithstanding, (a) no Bank shall be required to disclose to any Company the identity of or the nature of the Bank's relationship with, any other of such Bank's customers and (b) a general written statement of Bank regarding the satisfaction of this requirement shall be satisfactory to Borrower). Each Bank shall designate a different lending office if such designation will avoid the

need for, or reduce the amount of, such compensation and will not, in the judgment of such Bank, be otherwise disadvantageous to such Bank. A certificate of any Bank claiming compensation under this Section and setting forth the additional amount or amounts to be paid to it hereunder shall be conclusive in the absence of manifest error. In determining such amount, such Bank may use any reasonable averaging and attribution methods. Failure on the part of any Bank to demand compensation for any reduction in return on capital with respect to any period shall not constitute a waiver of such Bank's rights to demand compensation for any reduction in return on capital in such period or in any other period. The protection of this Section shall be available to each Bank regardless of any possible contention of the invalidity or inapplicability of the law, regulation or other condition which shall have been imposed.

ARTICLE IV. CONDITIONS PRECEDENT

The obligation of the Banks to make the first Loan hereunder is subject to Borrower satisfying each of the following conditions:

As used in this Section "material" means the measure of a matter of significance which shall be determined as being an

amount equal to five percent (5%) of the Consolidated Net Worth of Borrower and its Subsidiaries. As soon as practicable, and in any event within twenty (20) days, after any Company becomes aware that an ERISA Event has occurred, such Company shall provide Bank with notice of such ERISA Event with a certificate by a Financial Officer of such Company setting forth the details of the event and the action such Company or another Controlled Group member proposes to take with respect thereto. Borrower shall, at the request of Agents, deliver or cause to be delivered to Agents true and correct copies of any documents relating to the ERISA Plan of any Company.

No release, threatened release or disposal of hazardous waste, solid waste or other wastes is occurring, and no material release, threatened release or disposal of hazardous waste, solid waste or other wastes has occurred (other than those that are currently being cleaned up in accordance with Environmental Laws), on, under or to any real property in which any Company holds any interest or performs any of its operations, in violation of any Environmental Law. As used in this Section, "litigation or proceeding" means any demand, claim, notice, suit, suit in equity, action, administrative action, investigation or inquiry whether brought by any governmental authority, private Person or otherwise.

SECTION 6.9. EMPLOYEE BENEFITS PLANS. No ERISA Event has occurred or is expected to occur with respect to an ERISA Plan. Full payment has been made of

a Controlled Group member is required, under applicable law or under the governing documents, to have been paid as a contribution to or a benefit under each ERISA Plan. The liability of each Controlled Group member with respect to each ERISA Plan has been fully funded based upon reasonable and proper actuarial assumptions, has been fully insured, or has been fully reserved for on its financial statements. No changes have occurred or are expected to occur that would cause a material increase in the cost of providing benefits under the ERISA Plan. With respect to each ERISA Plan that is intended to be qualified under Code Section 401(a): (a) the ERISA Plan and any associated trust operationally comply with the applicable requirements of Code Section 401(a), (b) the ERISA Plan and any associated trust have been amended to comply with all such requirements as currently in effect, other than those requirements for which a retroactive amendment can be made within the "remedial amendment period" available under Code Section 401(b) (as extended under Treasury Regulations and other Treasury pronouncements upon which taxpayers may rely), (c) the ERISA Plan and any associated trust have received a favorable determination letter from the Internal Revenue Service stating that the ERISA Plan qualifies under Code Section 401(a), that the associated trust qualifies under Code Section 501(a) and, if applicable, that any cash or deferred arrangement under the ERISA Plan qualifies under Code Section 401(k), unless the ERISA Plan was first adopted at a time for which the above described "remedial amendment period" has not yet expired, (d) the ERISA Plan currently satisfies the requirements of Code Section 410(b), without regard to any retroactive amendment that may be made within the above described "remedial amendment period", and (e) no contribution made to the ERISA Plan is subject to an excise tax under Code Section 4972. With respect to any Pension Plan, the "accumulated benefit obligation" of Controlled Group members with respect to the Pension Plan (as determined in accordance with Statement of Accounting Standards No. 87, "Employers' Accounting for Pensions") does not exceed the fair market value of Pension Plan assets. The aggregate potential amount of liability that would result if all Controlled Group members withdrew from all Multiemployer Plans in a "complete withdrawal" (within the meaning of ERISA Section 4203) is not material.

SECTION 6.10. CONSENTS OR APPROVALS. Except as to the Banks, no consent, approval or authorization of, or filing, registration or qualification with, any governmental authority or any other Person is required to be obtained or completed by Borrower in connection with the execution, delivery or performance of any of the Loan Documents, which has not already been obtained or completed.

SECTION 6.11. SOLVENCY. Borrower has received consideration which is the reasonable equivalent value of the obligations and liabilities that Borrower has incurred to the Banks. Borrower is not insolvent as defined in any applicable state or federal statute, nor will Borrower be rendered insolvent by the execution and delivery of the Loan Documents to Agents and the Banks. Borrower is not engaged or about to engage in any business or transaction for which the assets retained by it are or will be an unreasonably small amount of capital, taking into consideration the obligations to Agents and the Banks incurred hereunder. Borrower does not intend to, nor does it believe that it will, incur debts beyond its ability to pay such debts as they mature.

SECTION 6.12. FINANCIAL STATEMENTS. The audited Consolidated financial statements of the Companies for the fiscal year ended December 31, 1997 and the unaudited

Since the dates of such statements, there has been no material adverse change in any Company's financial condition, properties or business nor any change in any Company's accounting procedures.

SECTION 6.13. REGULATIONS. Borrower is not engaged principally or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying any "margin stock" (within the meaning of Regulation U of the Board of Governors of the Federal Reserve System of the United States of America). Neither the granting of any Loans (or any conversion thereof) nor the use of the proceeds of the Loans will violate, or be inconsistent with, the provisions of Regulation U or X of said Board of Governors.

SECTION 6.14. MATERIAL AGREEMENTS. Except as disclosed on SCHEDULE 6.14 hereto, neither Borrower nor any of its Subsidiaries is a party to any (a) debt instrument; (b) lease (capital, operating or otherwise), whether as lessee or lessor thereunder; (c) contract, commitment, agreement, or other arrangement involving the purchase or sale of any inventory by it, or the license of any right to or by it; (d) contract, commitment, agreement, or other arrangement with any of its Affiliates; (e) management or employment contract or contract for personal services with any of its Affiliates which is not otherwise terminable at will or on less than ninety (90) days' notice without liability; (f) collective bargaining agreement; or (g) other contract, agreement, understanding, or arrangement, which, as to subsections (a) through (g), above, has been violated, breached, or terminated and which violation, breach or termination has had or would be reasonably expected to have a material adverse effect on the business, operation or condition (financial or otherwise) of Borrower and its Subsidiaries on a Consolidated basis.

SECTION 6.15. INTELLECTUAL PROPERTY. SECTION 6.16. INSURANCE. Each Company maintains with financially sound and reputable insurers insurance with coverage and limits as required by law and as is customary with persons engaged in the same businesses as the Companies.

SECTION 6.17. ACCURATE AND COMPLETE STATEMENTS. Neither the Loan Documents nor any written statement made by any Company in connection with any of the Loan Documents contains any untrue statement of a material fact or omits a material fact necessary to make the statements contained therein or in the Loan Documents not misleading.

SECTION 6.18. INDENTURE. (a) No Event of Default (as defined in the Indenture) or Default (as defined in the Indenture) exists, nor will any such Event of Default or Default exist

immediately after the granting of any Loan, under the Indenture, the Senior Subordinated Notes or any agreement executed by Borrower in connection therewith; (b) no Company has incurred (as defined in the Indenture) any Designated Senior Indebtedness (as defined in the Indenture) other than the Debt; (c) the Debt constitutes Permitted Indebtedness (as defined in the Indenture); and (d) no Company has "incurred" (as defined in the Indenture) either prior to or after the granting of any Loan, any Indebtedness (as defined in the Indenture) in violation of Section 4.06 (Limitation on Additional Indebtedness) of the Indenture.

SECTION 6.19. NEW CREDIT FACILITY. SECTION 10.6. INDEMNIFICATION. Borrower agrees to defend, indemnify and hold harmless Agents and the Banks from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses (including attorney fees) or disbursements of any kind or nature whatsoever which may be imposed on, incurred by or asserted against Administrative Agent, Co Agent or any Bank in connection with any investigative, administrative or judicial proceeding (whether or not such Bank, Administrative Agent or Co Agent shall be designated a party thereto) or any other claim by any Person relating to or arising out of this Agreement or any actual or proposed use of proceeds of the Loans or any of the Debt, or any activities of any Company or any Obligor or any of their affiliates; provided that no Bank, Administrative Agent nor Co-Agent shall have the right to be indemnified under this Section for its own gross negligence or willful misconduct as determined by a court of competent jurisdiction. All obligations provided for in this Section 10.6 shall survive any termination of this Agreement.

SECTION 10.7. OBLIGATIONS SEVERAL; NO FIDUCIARY OBLIGATIONS. The obligations of the Banks hereunder are several and not joint. Nothing contained in this Agreement and no action taken by Agents or the Banks pursuant hereto shall be deemed to constitute the Banks a partnership, association, joint venture or other entity. No default by any Bank hereunder shall excuse the other Banks from any obligation under this Agreement; but no Bank shall have or acquire any additional obligation of any kind by reason of such default. The relationship among Borrower and the Banks with respect to the Loan Documents and the Related Writings is and shall be solely that of debtor and creditors, respectively, and Agents or any Bank shall not have any fiduciary obligation toward Borrower with respect to any such documents or the transactions contemplated thereby.

SECTION 10.8. EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement.

SECTION 10.9. BINDING EFFECT; BORROWER'S ASSIGNMENT. This Agreement shall become effective when it shall have been executed by Borrower, Agents and by each Bank and thereafter shall be binding upon and inure to the benefit of Borrower, Agents and each of the Banks and their respective successors and assigns, except that Borrower shall not have the right to assign its rights hereunder or any interest herein without the prior written consent of Agents and all of the Banks.

4.

SECTION 10.10. ASSIGNMENTS/PARTICIPATIONS.

A. Assignments of Commitment. Each Bank shall have the right at any time or times to assign to another financial institution, without recourse, all or a percentage of all of the following (a) that Bank's Commitment, (b) all Loans made by that Bank, (c) that Bank's Notes, and (d) that Bank's interest in any participation purchased pursuant to Section 8.4; provided, however, in each such case, that the assignor and the assignee shall have complied with the

(i) Prior Consent. No assignment may be consummated pursuant to this Section 10.10 without the prior written consent of Borrower and Agents (other than an assignment by any Bank to any affiliate of such Bank which affiliate is either wholly owned by such Bank or is wholly owned by a Person that wholly owns, either directly or indirectly, such Bank), which consent of Borrower and Agents shall not be unreasonably withheld; provided, however, that, Borrower's consent shall not be required if, at the time of the proposed assignment any Unmatured Event of Default or Event of Default shall have occurred. Anything herein to the contrary notwithstanding, any Bank may at any time make a collateral assignment of all or any portion of its rights under the Loan Documents to a Federal Reserve Bank, and no such assignment shall release such assigning Bank from its obligations hereunder;

(ii) Minimum Amount. Each such assignment shall be in a minimum amount of the lesser of Ten Million Dollars (\$10,000,000) of the assignor's Commitment and interest herein or the entire amount of the assignor's Commitment and interest herein;

(iii) Assignment Fee; Assignment Agreement. Unless the assignment shall be to an affiliate of the assignor or the assignment shall be due to merger of the assignor or for regulatory purposes, either the assignor or the assignee shall remit to Administrative Agent, for its own account, an administrative fee of Three Thousand Dollars (\$3,000). Unless the assignment shall be due to merger of the assignor or a collateral assignment for regulatory purposes, the assignor shall (A) cause the assignee to execute and deliver to Borrower and Administrative Agent an Assignment Agreement, and (B) execute and deliver, or cause the assignee to execute and deliver, as the case may be, to Administrative Agent such additional amendments, assurances and other writings as Administrative Agent may reasonably require;

(iv) Non U.S. Assignee. If the assignment is to be made to an assignee that is organized under the laws of any jurisdiction other than the United States or any state thereof, the assignor Bank shall cause such assignment, (A) to represent to the assignor Bank (for the benefit of the assignor Bank, Administrative Agent and Borrower) that under applicable law and treaties no taxes will be required to be withheld by Administrative Agent, Borrower or the assignor with respect to any payments to be made to such assignee in respect of the Loans hereunder, (B) to furnish to the assignor (and, in the case of any assignee registered in the Register (as defined below), Administrative Agent and Borrower) either (1) U.S. Internal Revenue Service Form 4224 or U.S. Internal Revenue Service Form 1001 or (2) United States Internal Revenue Service Form W-0 or W-9, as applicable (wherein such assignee claims entitlement to complete exemption from U.S. federal withholding tax on all

interest payments hereunder), and (C) to agree (for the benefit of the assignor, Administrative Agent and Borrower) to provide the assignor Bank (and, in the case of any assignee registered in the Register, Administrative Agent and Borrower) a new Form 4224 or Form 1001 or Form W 8 or W 9, as applicable, upon the expiration or obsolescence of any previously delivered form and comparable statements in accordance with applicable U.S. laws and regulations and amendments duly executed and completed by such assignee, and to comply from time to time with all applicable U.S. laws and regulations with regard to such withholding tax exemption.

Upon satisfaction of the requirements specified in clauses (i) through (iv) above, Borrower shall execute and deliver (A) to Administrative Agent, the assignor and the assignee, any consent or release (of all or a portion of the obligations of the assignor) required to be delivered by Borrower in connection with the Assignment Agreement, and (B) to the assignee, an appropriate Note or Notes. After delivery of the new Note or Notes, the assignor's Note or Notes being replaced shall be returned to Borrower marked "replaced".

Upon satisfaction of the requirements set forth in (i) through (iv), and any other condition contained in this Section 10.10A, (A) the assignee shall become and thereafter be deemed to be a "Bank" for the purposes of this Agreement, (B) in the event that the assignor's entire interest has been assigned, the assignor shall cease to be and thereafter shall no longer be deemed to be a "Bank" and (C) the signature pages hereto and SCHEDULE 1 hereof shall be automatically amended, without further action, to reflect the result of any such assignment.

Administrative Agent shall maintain at its address referred to in Section 10.4 a copy of each Assignment and Acceptance delivered to it and a

register (the "Register") for the recordation of the names and addresses of the Banks and the Commitment of, and principal amount of the Loans owing to, each Bank from time to time. The entries in the Register shall be conclusive, in the absence of manifest error, and Borrower, Agents and the Banks may treat each financial institution whose name is recorded in the Register as the owner of the Loan recorded therein for all purposes of this Agreement. The Register shall be available for inspection by Borrower or any Bank at any reasonable time and from time to time upon reasonable prior notice. B. Sale of Participations. Each Bank shall have the right at any time or times, without the consent of Agents or Borrower, to sell one or more participations or sub participations to a financial institution, as the case may be, in all or any part of (a) that Bank's Commitment, (b) that Bank's Commitment Percentage, (c) any Loan made by that Bank, (d) any Note delivered to that Bank pursuant to this Agreement, and (e) that Bank's participations, if any, purchased pursuant to Section 8.4 or this Section 10.10B. The provisions of Article III and Section 10.6 shall inure to the benefit of each purchaser of a participation or sub participation and Administrative Agent shall continue to distribute payments pursuant to this Agreement as if no participation has been sold. If any Bank shall sell any participation or sub-participation, that Bank shall, as between itself and the purchaser, retain all of its rights (including, without limitation, rights to enforce against Borrower the Loan Documents and the Related Writings) and duties pursuant to the Loan Documents and the Related Writings, including, without limitation, that Bank's right to approve any waiver, consent or amendment pursuant to Section 10.3, except if and to the extent that any such waiver, consent or amendment would: reduce any fee or commission allocated to the participation or sub participation, as the case may be, (ii) reduce the amount of any principal payment on any Loan allocated to the participation or sub-participation, as the case may be, or reduce the principal amount of any Loan so allocated or the rate of interest payable thereon, or (iii) extend the time for payment of any amount allocated to the participation or sub-participation, as the case may be. No participation or sub participation shall operate as a delegation of any duty of the seller thereof. Under no circumstance shall any participation or sub participation be deemed a novation in respect of all or any part of the seller's obligations pursuant to this Agreement. SECTION 10.11. SEVERABILITY OF PROVISIONS; CAPTIONS; ATTACHMENTS. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provision in any other jurisdiction. The several captions to Sections and subsections herein are inserted for convenience only and shall be ignored in interpreting the provisions of this Agreement. Each schedule or exhibit attached to this Agreement shall be deemed to be a part hereof. SECTION 10.12. INVESTMENT PURPOSE. Each of the Banks represents and warrants to Borrower that it is entering into this Agreement with the present intention of acquiring any Note issued pursuant hereto for investment purposes only and not for the purpose of distribution or resale, it being understood, however, that each Bank shall at all times retain full control over the disposition of its assets.

Loan Document or other agreement, document or instrument attached hereto or referred to herein or executed on or as of the Closing Date integrate all the terms and conditions mentioned herein or incidental hereto and supersede all oral representations and negotiations and prior writings with respect to the subject matter hereof. This Agreement is intended to, and Borrower, Agents and the Banks agree that this Agreement shall, (a) constitute "New Credit Facility" (as defined in the Indenture), and (b) be a replacement of the Credit Agreement
