

## New Functions

### Mortise Lock

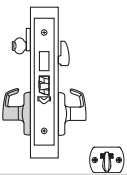

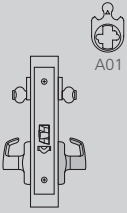

Corbin Russwin is pleased to announce new functions have been added to the ML2000 Series mortise lock offering.

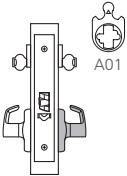

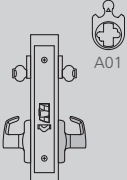

**Security Deadbolt:** Storeroom function applications that require additional deadbolt security. Typically used in security rooms, server rooms, cash rooms, records rooms, drug rooms. Also seen used on single occupancy restrooms in conjunction with an indicator.

**Security Vestibule:** Typically used in K-12 schools to regulate the traffic between the school office and the classrooms.

#### Mechanical:
