March 1st Dinner Meeting

featuring

Ken Fisher
Applications Manager
ITW / Miller
Subarc Solutions Group

presenting on

Achieving higher deposition rates
with the subarc (SAW) process

Ken is the Applications and Process Manager for ITW’s Subarc Technology Group. He has over 40 years of experience in the welding industry, including 21 years at Miller Electric. He holds 3 welding related patents, and has also had articles and publications in the Welding Journal, Applied Welding, Welding Design & Fabrication, Fusion (Southern African Institute of Welding), Welding Technology (Japan), and the United Arab Emirates Welding Society.

Dinner is $20 for students, $40 for regular members
(If you do not plan to have dinner you are still welcome to attend the program)

TECHNICAL QUESTIONS

Bring your technical questions to the meeting (any subject) or write them there and leave at the registration table or hand them to Steve Pollard.

They will be discussed and hopefully answered during the dinner hour.

Sample Technical Question:

Why are there so many different types of flux for subarc welding?
