#### The Presentation:

Join us for this “**Lunch-n-Learn**” presentation from Robert Bischof of voestalpine Böhler Welding, presenting to us across several time zones from Austria.

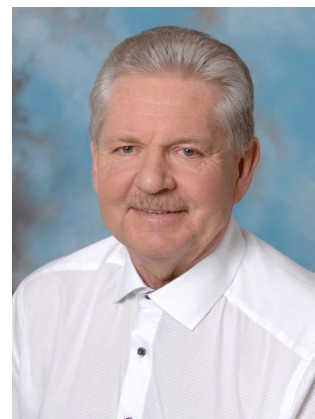

Robert will present on Böhler’s specially developed welding consumables for pipeline welding applications.

#### The Speaker:

Robert Bischof has worked his entire career with Böhler Welding in the company’s flagship manufacturing facility in Kapfenberg, Austria.

Robert started as a trainee welder with the company in 1976 and has worked in a variety of capacities since then, from stick electrode product development to the present as the global application engineer for pipeline welding. Robert has travelled extensively around the world providing technical and application support to pipeline contractors and owners for over 30 years.

Robert is voestalpine Böhler Welding’s leading expert in pipeline welding and heads the pipeline training at Böhler Welding’s Training Academy.
